An hour is most commonly defined as a period of time equal to 60 minutes, where a minute is equal to 60 seconds, and a second has a rigorous scientific definition. There are also 24 hours in a day. Most people read time using either a 12-hour clock or a 24-hour clock.

#### 12-hour clock:

A 12-hour clock uses the numbers 1-12. Depending on the clock being used, most analog clocks or watches may not include an indication of whether the time is in the morning or evening. On digital clocks and watches, "AM" stands for ante meridiem, meaning "before midday," while "PM" stands for post meridiem, or "after noon." By convention, 12 AM denotes midnight, while 12 PM denotes noon. Using the terms "12 midnight" and "12 noon" can remove ambiguity in cases where a person may not be accustomed to conventions.

#### 24-hour clock:

A 24-hour clock typically uses the numbers 0-23, with

3 :law-ful means: LAWFUL. Legal; warranted or authorized by the law; having the qualifications prescribed by law; not contrary to nor forbidden by the law. Ohio Automatic Sprinkler Co. v. Fender, 108 Ohio St. 149, 141 N.E. 269, 275; McDonnell v. Murnan Shipbuilding Corporation, 210 Ala. 611, 98 So. 887, 889; Hafner Mfg. Co. v. City of St. Louis, 262 Mo. 621, 172 S.W. 28, 33.

The principal distinction between the terms "lawful" and "legal" is that the former contemplates the substance of law, the latter the form of law. To say of an act that it is "lawful" implies that it is authorized, sanctioned, or at any rate not forbidden, by law. To say that it is "legal" implies that it is done or performed in accordance with the forms and usages of law, or in a technical manner. In this sense "illegal" approaches the meaning of "invalid." For example, a contract or will, executed without the required formalities, might be said to be invalid or illegal, but could not be described as unlawful. Further, the word "lawful" more clearly implies an ethical content than does "legal." The latter goes no further than to denote compliance, with positive, technical, or formal rules; while the former usually imports a moral substance or ethical permissibility. A further distinction is that the word "legal" is used as the synonym of "constructive," which "lawful" is not. Thus "legal fraud" is fraud implied or inferred by law, or made out by construction. "Lawful fraud" would be a contradiction of terms. Again, "legal" is used as the antithesis of "equitable." Thus, we speak of "legal assets," "legal estate," etc., but not of "lawful assets," or "lawful estate." But there are some connections in which the two words are used as exact equivalents. Thus, a "lawful" writ, warrant, or process is the same as a "legal" writ, warrant, or process[] in the nature of the Black's -Law -Dictionary, 4<sup>th</sup> Ed., -p - 1032.

When in the Course of human Events, it becomes necessary for one People to dissolve the Political-bands which have connected them with another, and to assume, among the Powers of the Earth, the separate and equal Station to which the Laws of Nature and of the Nature's God entitle them, a decent Respect to the Opinions of Mankind requires that they should declare the causes [ :knowledge] which impel them to the Separation.

We hold these Truths to be self-evident, that all Man are created equal- endowed by their Creator with certain unalienable Rights among the Life, Liberty, and the Pursuit of Happiness. Governments are instituted among Man deriving their just Powers from the Consent of the Governed- Right of the People to alter or to abolish it, laying it Foundation, to the effect of their Safety and Happiness, Prudence. Invariably with the same-Object evinces the Despotism. The Right and Duty is with the provide-of the new-Guards.

The History of the present GSP- 'US-CORP-1933- -2003-AD, :2003- AD.' to now-time is with the history of the repeated injuries and totalitarianism with the all-having in the direct-Object :the- Establishment of an absolute Tyranny over the Ohioan-county-man- sovereign-civilian-beneficiary- Darrell-James: Hill, -Executor of the state.

See: KJV- Holy-Bible: Genesis :Chap 1 and 2 --KJV- Holy-Bible: Genesis :Chap 1 and 2 means: 1 In the beginning God created the heaven and the earth. 2 And the earth was without form, and void; and darkness was upon the face of the deep. And the Spirit of God moved upon the face of the waters. 3 And God said, Let there be light: and there was light. 4 And God saw the light, that it was good: and God divided the light from the darkness. 5 And God called the light Day, and the darkness he called Night. And the evening and the morning were the first day. 6 ¶ And God said, Let there be a firmament in the midst of the waters, and let it divide the waters from the waters. 7 And God made the firmament, and divided the waters which were under the firmament from the waters which were above the firmament: and it was so. 8 And God called the firmament Heaven. And the evening and the morning were the second day. 9 ¶ And God said, Let the waters under the heaven be gathered together unto one place, and let the dry land appear: and it was so. 10

And God called the dry land Earth; and the gathering together of the waters called he Seas: and God saw that it was good. 11 And God said, Let the earth bring forth grass, the herb yielding seed, and the fruit tree yielding fruit after his kind, whose seed is in itself, upon the earth: and it was so. 12 And the earth brought forth grass, and herb yielding seed after his kind, and the tree yielding fruit, whose seed was in itself, after his kind: and God saw that it was good. 13 And the evening and the morning were the third day. 14 ¶ And God said, Let there be lights in the firmament of the heaven to divide the day from the night; and let them be for signs, and for seasons, and for days, and years: 15 And let them be for lights in the firmament of the heaven to give light upon the earth: and it was so. 16 And God made two great lights; the greater light to rule the day, and the lesser light to rule the night: he made the stars also. 17 And God set them in the firmament of the heaven to give light upon the earth, 18 And to rule over the day and over the night, and to divide the light from the darkness: and God saw that it was good. 19 And the evening and the morning were the fourth day. 20 And God said, Let the waters bring forth abundantly the moving creature that hath life, and fowl that may fly above the earth in the open firmament of heaven. 21 And God created great whales, and every living creature that moveth, which the waters brought forth abundantly, after their kind, and every winged fowl after his kind: and God saw that it was good. 22 And God blessed them, saying, Be fruitful, and multiply, and fill the waters in the seas, and let fowl multiply in the earth. 23 And the evening and the morning were the fifth day. 24 ¶ And God said, Let the earth bring forth the living creature after his kind, cattle, and creeping thing, and beast of the earth after his kind: and it was so. 25 And God made the beast of the earth after his kind, and cattle after their kind, and every thing that creepeth upon the earth after his kind: and God saw that it was good. 26 ¶ And God said, Let us make man in our image, after our likeness: and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth. 27 So God created man in his own image, in the image of God created he him; male and female created he them. 28 And God blessed them, and God said unto them, Be fruitful, and multiply, and replenish the earth, and subdue it: and have dominion over the fish of the sea, and over the fowl of the air, and over every living thing that moveth upon the earth. 29 ¶ And God said, Behold, I have given you every herb bearing seed, which is upon the face of all the earth, and every tree, in the which is the fruit of a tree yielding seed; to you it shall be for meat. 30 And to every beast of the earth, and to every fowl of the air, and to every thing that creepeth upon the earth, wherein there is life, I have given every green herb for meat: and it was so. 31 And God saw every thing that he had made, and, behold, it was very good. And the evening and the morning were the sixth day. **CHAPTER 2** 1 Thus the heavens and the earth were finished, and all the host of them. 2 And on the seventh day God ended his work which he had made; and he rested on the seventh day from all his work which he had made. 3 And God blessed the seventh day, and sanctified it: because that in it he had rested from all his work which God created and made. 4 ¶ These are the generations of the heavens and of the earth when they were created, in the day that the LORD God made the earth and the heavens, 5 And every plant of the field before it was in the earth, and every herb of the field before it grew: for the LORD God had not caused it to rain upon the earth, and there was not a man to till the ground. 6 But there went up a mist from the earth, and watered the whole face of the ground. 7 And the LORD God formed man of the dust of the ground, and breathed into his nostrils the breath of life; and man became a living soul. 8 ¶ And the LORD God planted a garden eastward in Eden; and there he put the man whom he had formed. 9 And out of the ground made the LORD God to grow every tree that is pleasant to the sight, and good for food; the tree of life also in the midst of the garden, and the tree of knowledge of good and evil. 10 And a river went out of Eden to water the garden; and from thence it was parted, and became into four heads. 11 The name of the first is Pison: that is it which compasseth the whole land of Havilah, where there is gold; 12 And the gold of that land is good: there is bdellium and the onyx stone. 13 And the name of the second river is Gihon: the same is it that compasseth the whole land of Ethiopia. 14 And the name of the third river is Hiddekel: that is it which goeth toward the east of Assyria. And the fourth river is Euphrates. 15 And the LORD God took the man, and put him into the garden of Eden to dress it and to keep it. 16 And the LORD God commanded the man, saying, Of every tree of the garden thou mayest freely eat: 17 But of the tree of the knowledge of good and evil, thou shalt not eat of it: for in the day that thou eatest thereof thou shalt surely die. 18 ¶ And the LORD God said, It is not good that the man should be alone; I will make him an help meet for him. 19 And out of the ground the LORD God formed every beast of the field, and every fowl of the air; and brought them unto Adam to see what he would call them: and whatsoever Adam called every living creature, that was the name thereof. 20 And Adam gave names to all cattle, and to the fowl

of the air, and to every beast of the field; but for Adam there was not found an help meet for him. 21 And the LORD God caused a deep sleep to fall upon Adam, and he slept; and he took one of his ribs, and closed up the flesh instead thereof; 22 And the rib, which the LORD God had taken from man, made he a woman, and brought her unto the man. 23 And Adam said, This is now bone of my bones, and flesh of my flesh: she shall be called Woman, because she was taken out of Man. 24 Therefore shall a man leave his father and his mother, and shall cleave unto his wife: and they shall be one flesh. 25 And they were both naked, the man and his wife, and were not ashamed.

- 32 :KJV- Book: Ecclesiastes: CHAPTER 6 means: 1 There is an evil which I have seen under the sun, and it is common among men: 2 A man to whom God hath given riches, wealth, and honour, so that he wanteth nothing for his soul of all that he desireth, yet God giveth him not power to eat thereof, but a stranger eateth it: this is vanity, and it is an evil disease. 3 ¶ If a man beget an hundred children, and live many years, so that the days of his years be many, and his soul be not filled with good, and also that he have no burial; I say, that an untimely birth is better than he. 4 For he cometh in with vanity, and departeth in darkness, and his name shall be covered with darkness. 5 Moreover he hath not seen the sun, nor known any thing: this hath more rest than the other. 6 ¶ Yea, though he live a thousand years twice told, yet hath he seen no good: do not all go to one place? 7 All the labour of man is for his mouth, and yet the appetite is not filled. 8 For what hath the wise more than the fool? what hath the poor, that knoweth to walk before the living? 9 ¶ Better is the sight of the eyes than the wandering of the desire: this is also vanity and vexation of spirit. 10 That which hath been is named al-ready, and it is known that it is man: neither may he contend with him that is mightier than he. 11 ¶ Seeing there be many things that increase vanity, what is man the better? 12 For who knoweth what is good for man in this life, all the days of his vain life which he spendeth as a shadow? For who can tell a man what shall be after him under the sun?
- 33 :KJV- Book: Psalms: CHAPTER 1 means: 1 Blessed is the man that walketh not in the counsel of the ungodly, nor standeth in the way of sinners, nor sitteth in the seat of the scornful. 2 But his delight is in the law of the LORD; and in his law doth he meditate day and night. 3 And he shall be like a tree planted by the rivers of water, that bringeth forth his fruit in his season; his leaf also shall not wither; and whatsoever he doeth shall prosper. 4 The ungodly are not so: but are like the chaff which the wind driveth away. 5 Therefore the ungodly shall not stand in the judgment, nor sinners in the congregation of the righteous. 6 For the LORD knoweth the way of the righteous: but the way of the ungodly shall perish.

1. Sublimus Dei MEANS: On the Enslavement and Evangelization of the man-kinds ~Pope Paul III -[Dated: May 29, 1537-AD]

Pope Paul III (Topic: the enslavement and evangelization of Indians)

To all faithful Christians to whom this writing may come, health in Christ our Lord and the apostolic benediction.

The sublime God so loved the human race that He created man in such wise that he might participate, not only in the good that other creatures enjoy, but endowed him with capacity to attain to the inaccessible and invisible Supreme Good and behold it face to face; and since man, according to the testimony of the sacred scriptures, has been created to enjoy eternal life and happiness, which none may obtain save through faith in our Lord Jesus Christ, it is necessary that he should possess the nature and faculties enabling him to receive that faith; and that whoever is thus endowed should be capable of receiving that same faith. Nor is it credible that any one should possess so little understanding as to desire the faith and yet be destitute of the most necessary faculty to enable him to receive it. Hence Christ, who is the Truth itself, that has never failed and can never fail, said to the preachers of the faith whom He chose for that office 'Go ye and teach all nations.' He said all, without exception, for all are capable of receiving the doctrines of the faith.

The enemy of the human race, who opposes all good deeds in order to bring men to destruction, beholding and envying this, invented a means never before heard of, by which he might hinder the preaching of God's word of Salvation to the people: he inspired his satellites who, to please him, have not hesitated to publish abroad that the Indians of the West and the South, and other people of whom We have recent knowledge should be treated as dumb brutes created for our service, pretending that they are incapable of receiving the Catholic Faith.

We, who, though unworthy, exercise on earth the power of our Lord and seek with all our might to bring those sheep of His flock who are outside into the fold committed to our charge, consider, however, that the Indians are truly men and that they are not only capable of understanding the Catholic Faith but, according to our information, they desire exceedingly to receive it. Desiring to provide ample remedy for these evils, We define and declare by these Our letters, or by any translation thereof signed by any notary public and sealed with the seal of any ecclesiastical

dignitary, to which the same credit shall be given as to the originals, that, notwithstanding whatever may have been or may be said to the contrary, the said Indians and all other people who may later be discovered by Christians, are by no means to be deprived of their liberty or the possession of their property, even though they be outside the faith of Jesus Christ; and that they may and should, freely and legitimately, enjoy their liberty and the possession of their property; nor should they be in any way enslaved; should the contrary happen, it shall be null and have no effect.

By virtue of Our apostolic authority We define and declare by these present letters, or by any translation thereof signed by any notary public and sealed with the seal of any ecclesiastical dignitary, which shall thus command the same obedience as the originals, that the said Indians and other peoples should be converted to the faith of Jesus Christ by preaching the word of God and by the example of good and holy living.

- "1810. Exceptions to the immunity from attachment or execution.

28 USC 1602.

"§ 1602. Findings and declaration of purpose

"The Congress finds that the determination by United States courts of the claims of foreign states to immunity from the jurisdiction of such courts would serve the interests of justice and would protect the rights of both foreign states and litigants in United States courts. Under international law, states are not immune from the jurisdiction of foreign courts insofar as their commercial activities are concerned, and their commercial property may be levied upon for the satisfaction of judgments rendered against them in connection with their commercial activities. Claims of foreign states to immunity should henceforth be decided by courts of the United States and of the States in conformity with the principles set forth in this chapter.

28 USC 1603.

"§ 1603. Definitions

"(e) A 'commercial activity carried on in the United States by a foreign state' means commercial activity carried on by such state and having substantial contact with the United States.

28 USC 1604.

"§ 1604. Immunity of a foreign state from jurisdiction

"Subject to existing international agreements to which the United States is a party at the time of enactment of this Act a foreign state shall be immune from the jurisdiction of the courts of the United States and of the States except as provided in sections 1605 to 1607 of this chapter.

##### STATEMENT REGARDING SILVER

The problems confronting some nations as a result of the wide fluctuation in the value of silver were the subject of serious discussion in Commission III. Due to the shortage of time, the magnitude of the other problems on the agenda, and other limiting considerations, it was impossible to give sufficient attention to this problem at this time in order to make definite recommendations. However, it was the sense of Commission III that the subject should merit further study by the interested nations.

LIQUIDATION OF THE BANK FOR INTERNATIONAL SETTLEMENTS  
The United Nations Monetary and Financial Conference

RECOMMENDS:

The liquidation of the Bank for International Settlements at the earliest possible moment.

VII

INTERNATIONAL ECONOMIC PROBLEMS

Whereas, in Article I of the Articles of Agreement of the International Monetary Fund it is stated that one of the principal purposes of the Fund is to facilitate the expansion and balanced growth of international trade, and to contribute thereby to the promotion and maintenance of high levels of employment and real income and to the development of the productive resources of all members as primary objectives of economic policy;

Whereas, it is recognized that the complete attainment of this and other purposes and objectives stated in the Agreement cannot be achieved through the instrumentality of the Fund alone; therefore

The United Nations Monetary and Financial Conference

RECOMMENDS:

To the participating Governments that, in addition to implementing the specific monetary and financial measures which were the subject of this Conference, they seek, with a view to creating in the field of international economic relations conditions necessary for the attainment of the purposes of the Fund and of the broader primary objectives of economic policy, to reach agreement as soon as possible on ways and means whereby they may best:

(1) reduce obstacles to international trade and in other ways promote mutually advantageous international commercial relations;

(2) bring about the orderly marketing of staple commodities at prices fair to the producer and consumer alike;

(3) deal with the special problems of international concern which will arise from the cessation of production for war purposes; and

(4) facilitate by co-operative effort the harmonization of national policies of Member States designed to promote and maintain high levels of employment and progressively rising standards of living.

ANNEX A

ARTICLES OF AGREEMENT OF THE INTERNATIONAL MONETARY FUND

The Governments on whose behalf the present Agreement is signed agree as follows:

INTRODUCTORY ARTICLE

The International Monetary Fund is established and shall operate in accordance with the following provisions:

Article I

PURPOSES

The purposes of the International Monetary Fund are:

- (i) To promote international monetary co-operation through a permanent institution which provides the machinery for consultation and collaboration on international monetary problems
- (ii) To facilitate the expansion and balanced growth of international trade, and to contribute thereby to the promotion and maintenance of high levels of employment and real income and to the development of the productive resources of all members as primary objectives of economic policy
- (iii) To promote exchange stability, to maintain orderly exchange arrangements among members, and to avoid competitive exchange depreciation
- (iv) To assist in the establishment of a multilateral system of payments in respect of current transactions between members and in the elimination of foreign exchange restrictions which hamper the growth of world trade
- (v) To give confidence to members by making the Fund's resources available to them under adequate safeguards, thus providing them with opportunity to correct maladjustments in their balance of payments without resorting to measures destructive of national or international prosperity
- (vi) In accordance with the above, to shorten the duration and lessen the degree of disequilibrium in the international balances of payments of members

The Fund shall be guided in all its decisions by the purposes set forth in this Article.

BRETTON WOODS

Article II

MEMBERSHIP

Section 1. Original members

The original members of the Fund shall be those of the countries represented at the United Nations Monetary and Financial Conference whose governments accept membership before the date specified in Article XX, Section 2(e).

Section 2. Other members

Membership shall be open to the governments of other countries at such times and in accordance with such terms as may be prescribed by the Fund.

Article III

QUOTAS AND SUBSCRIPTIONS

Section 1. Quotas

Each member shall be assigned a quota. The quotas of the members represented at the United Nations Monetary and Financial Conference which accept membership before the date specified in Article XX, Section 2(e), shall be those set forth in Schedule A. The quotas of other members shall be determined by the Fund.

Section 2. Adjustment of quotas

The Fund shall at intervals of five years review, and if it deems it appropriate propose an adjustment of, the quotas of the members. It may also, if it thinks fit, consider at any other time the adjustment of any particular quota at the request of the member concerned. A four-fifths majority of the total voting power shall be required for any change in quotas and no quota shall be changed without the consent of the member concerned.

Section 3. Subscriptions: Time, place and form of payment

(a) The subscription of each member shall be equal to its quota and shall be paid in full to the Fund at the appropriate depository on or before the date when the member becomes eligible under Article XX, Section 4(c) or (d), to buy currencies from the Fund.

(b) Each member shall pay in gold, as a minimum, the smaller of

(i) twenty-five per cent of its quota; or

(ii) ten per cent of its net official holdings of gold and United States dollars as at the date when the Fund notifies members under Article XX, Section 4(a) that it will shortly be in a position to begin exchange transactions.

#### BRETTON WOODS

Each member shall furnish to the Fund the data necessary to determine its net official holdings of gold and United States dollars.

(c) Each member shall pay the balance of its quota in its own currency.

(d) If the net official holdings of gold and United States dollars of any member as at the date referred in (b) (ii) above are not ascertainable because its territories have been occupied by the enemy, the Fund shall fix an appropriate alternative date for determining such holdings. If such date is later than that on which the country becomes eligible under Article XX, Section 4 (c) or (d), to buy currencies from the Fund, the Fund and the member shall agree on a provisional gold payment to be made under (b) above, and the balance of the member's subscription shall be paid in the member's currency, subject to appropriate adjustment between the member and the Fund when the net official holdings have been ascertained.

#### Section 4. Payments when quotas are changed

(a) Each member which consents to an increase in its quota shall, within thirty days after the date of its consent, pay to the Fund twenty-five per cent of the increase in gold and the balance in its own currency. If, however, on the date when the member consents to an increase, its monetary reserves are less than its new quota, the Fund may reduce the proportion of the increase to be paid in gold.

(b) If a member consents to a reduction in its quota, the Fund shall, within thirty days after the date of the consent, pay to the member an amount equal to the reduction. The payment shall be made in the member's currency and in such amount of gold as may be necessary to prevent reducing the Fund's holdings of the currency below seventy-five per cent of the new quota.

#### Section 5. Substitution of securities for currency

The Fund shall accept from any member in place of any part of the member's currency which in the judgement of the Fund is not needed for its operations, notes or similar obligations issued by the member or the depository designated by the member under Article XIII, Section 2, which shall be non-negotiable, non-interest bearing and payable at their par value on demand by crediting the account of the Fund in the designated depository. This Section shall apply not only to currency subscribed by members but also to any currency otherwise due to, or acquired by, the Fund.

BRETTON WOODS

Article IV

PAR VALUES OF CURRENCIES

Section 1. Expression of par values

(a) The par value of the currency of each member shall be expressed in terms of gold as a common denominator or in terms of the United States dollar of the weight and fineness in effect on July 1, 1944.

(b) All computations relating to currencies of members for the purpose of applying the provisions of this Agreement shall be on the basis of their par values.

Section 2. Gold purchases based on par values

The Fund shall prescribe a margin above and below par value for transactions in gold by members, and no member shall buy gold at a price above par value plus the prescribed margin, or sell gold at a price below par value minus the prescribed margin.

Section 3. Foreign exchange dealings based on parity

The maximum and the minimum rates for exchange transactions between the currencies of members taking place within their territories shall not differ from parity

(i) in the case of spot exchange transactions, by more than one per cent; and

(ii) in the case of other exchange transactions, by a margin which exceeds the margin for spot exchange transactions by more than the Fund considers reasonable.

Section 4. Obligations regarding exchange stability

(a) Each member undertakes to collaborate with the Fund to promote exchange stability, to maintain orderly exchange arrangements with other members, and to avoid competitive exchange alterations.

(b) Each member undertakes, through appropriate measures consistent with this Agreement, to permit within its territories exchange transactions between its currency and the currencies of other members only within the limits prescribed under Section 3 of this Article. A member whose monetary authorities, for the settlement of international transactions, in fact freely buy and sell gold within the limits prescribed by the Fund under Section 2 of this Article shall be deemed to be fulfilling this undertaking.

Section 5. Changes in par values

(a) A member shall not propose a change in the par value of its currency except to correct a fundamental disequilibrium.

#### BRETTON WOODS

(b) A change in the par value of a member's currency may be made only on the proposal of the member and only after consultation with the Fund.

(c) When a change is proposed, the Fund shall first take into account the changes, if any, which have already taken place in the initial par value of the member's currency as determined under Article XX, Section 4. If the proposed change, together with all previous changes, whether increases or decreases,

(i) does not exceed ten per cent of the initial par value, the Fund shall raise no objection,

(ii) does not exceed a further ten per cent of the initial par value, the Fund may either concur or object, but shall declare its attitude within seventy-two hours if the member so requests,

(iii) is not within (i) or (ii) above, the Fund may either concur or object, but shall be entitled to a longer period in which to declare its attitude.

(d) Uniform changes in par values made under Section 7 of this Article shall not be taken into account in determining whether a proposed change falls within (i), (ii), or (iii) of (c) above.

(e) A member may change the par value of its currency without the concurrence of the Fund if the change does not affect the international transactions of members of the Fund.

(f) The Fund shall concur in a proposed change which is within the terms of (c) (i) or (c) (ii) above if it is satisfied that the change is necessary to correct a fundamental disequilibrium. In particular, provided it is so satisfied, it shall not object to a proposed change because of the domestic social or political policies of the member proposing the change.

#### Section 6. Effect of unauthorized changes

If a member changes the par value of its currency despite the objection of the Fund, in cases where the Fund is entitled to object, the member shall be ineligible to use the resources of the Fund unless the Fund otherwise determines; and if, after the expiration of a reasonable period, the difference between the member and the Fund continues, the matter shall be subject to the provisions of Article XV, Section 2 (b).

#### Section 7. Uniform changes in par values

Notwithstanding the provisions of Section 5 (b) of this Article, the Fund by a majority of the total voting power may make uniform proportionate changes in the par values of the currencies of all members, provided each such change is approved by every member which

## BRETTON WOODS

has 10 per cent or more of the total of the quotas. The par value of a member's currency shall, however, not be changed under this provision if, within seventy-two hours of the Fund's action, the member informs the Fund that it does not wish the par value of its currency to be changed by such action.

## Section 8. Maintenance of gold value of the Fund's assets

(a) The gold value of the Fund's assets shall be maintained notwithstanding changes in the par or foreign exchange value of the currency of any member.

(b) Whenever (i) the par value of a member's currency is reduced, or (ii) the foreign exchange value of a member's currency has, in the opinion of the Fund, depreciated to a significant extent within that member's territories, the member shall pay to the Fund within a reasonable time an amount of its own currency equal to the reduction in the gold value of its currency held by the Fund.

(c) Whenever the par value of a member's currency is increased, the Fund shall return to such member within a reasonable time an amount in its currency equal to the increase in the gold value of its currency held by the Fund.

(d) The provisions of this Section shall apply to a uniform proportionate change in the par values of the currencies of all members, unless at the time when such a change is proposed the Fund decides otherwise.

## Section 9. Separate currencies within a member's territories

A member proposing a change in the par value of its currency shall be deemed, unless it declares otherwise, to be proposing a corresponding change in the par value of the separate currencies of all territories in respect of which it has accepted this agreement under Article XX, Section 2 (g). It shall, however, be open to a member to declare that its proposal relates either to the metropolitan currency alone, or only to one or more specified separate currencies, or to the metropolitan currency and one or more specified separate currencies.

## Article V

## TRANSACTIONS WITH THE FUND

## Section 1. Agencies dealing with the Fund

Each member shall deal with the Fund only through its Treasury, central bank, stabilization fund or other similar fiscal agency, and the Fund shall deal only with or through the same agencies.

## Section 2. Limitation on the Fund's operations

Except as otherwise provided in this Agreement, operations on the

#### BRETTON WOODS

account of the Fund shall be limited to transactions for the purpose of supplying a member, on the initiative of such member, with the currency of another member in exchange for gold or for the currency of the member desiring to make the purchase.

#### Section 3: Conditions governing use of the Fund's resources

(a) A member shall be entitled to buy the currency of another member from the Fund in exchange for its own currency subject to the following conditions:

- (i) The member desiring to purchase the currency represents that it is presently needed for making in that currency payments which are consistent with the provisions of this Agreement.
- (ii) The Fund has not given notice under Article VII, Section 3, that its holdings of the currency desired have become scarce.
- (iii) The proposed purchase would not cause the Fund's holdings of the purchasing member's currency to increase by more than twenty-five per cent of its quota during the period of twelve months ending on the date of the purchase nor to exceed two hundred per cent of its quota; but the twenty-five per cent limitation shall apply only to the extent that the Fund's holdings of the member's currency have been brought above seventy-five per cent of its quota if they had been below that amount.
- (iv) The Fund has not previously declared under Section 5 of this Article, Article IV, Section 6, Article VI, Section 1, or Article XV, Section 2 (a), that the member desiring to purchase is ineligible to use the resources of the Fund.

(b) A member shall not be entitled without the permission of the Fund to use the Fund's resources to acquire currency to hold against forward exchange transactions.

#### Section 4: Waiver of conditions

The Fund may in its discretion, and on terms which safeguard its interests, waive any of the conditions prescribed in Section 3 (a) of this Article, especially in the case of members with a record of avoiding large or continuous use of the Fund's resources. In making a waiver it shall take into consideration periodic or exceptional requirements of the member requesting the waiver. The Fund shall also take into consideration a member's willingness to pledge as collateral security gold, silver, securities or other acceptable assets having a value sufficient in the opinion of the Fund to protect its interests and may require as a condition of waiver the pledge of such collateral security.

**BRETTON WOODS**

**Section 5. Ineligibility to use the Fund's resources**

Whenever the Fund is of the opinion that any member is using the resources of the Fund in a manner contrary to the purposes of the Fund, it shall present to the member a report setting forth the views of the Fund and prescribing a suitable time for reply. After presenting such a report to a member, the Fund may limit the use of its resources by the member. If no reply to the report is received from the member within the prescribed time, or if the reply received is unsatisfactory, the Fund may continue to limit the member's use of the Fund's resources or may, after giving reasonable notice to the member, declare it ineligible to use the resources of the Fund.

**Section 6. Purchases of currencies from the Fund for gold**

(a) Any member desiring to obtain, directly or indirectly, the currency of another member for gold shall, provided that it can do so with equal advantage, acquire it by the sale of gold to the Fund.

(b) Nothing in this Section shall be deemed to preclude any member from selling in any market gold newly produced from mines located within its territories.

**Section 7. Repurchase by a member of its currency held by the Fund**

(a) A member may repurchase from the Fund and the Fund shall sell for gold any part of the Fund's holdings of its currency in excess of its quota.

(b) At the end of each financial year of the Fund, a member shall repurchase from the Fund with gold or convertible currencies, as determined in accordance with Schedule B, part of the Fund's holdings of its currency under the following conditions:

(i) Each member shall use in repurchases of its own currency from the Fund an amount of its monetary reserves equal in value to one-half of any increase that has occurred during the year in the Fund's holdings of its currency plus one-half of any increase, or minus one-half of any decrease, that has occurred during the year in the member's monetary reserves. This rule shall not apply when a member's monetary reserves have decreased during the year by more than the Fund's holdings of its currency have increased.

(ii) If after the repurchase described in (i) above (if required) has been made, a member's holdings of another member's currency (or of gold acquired from that member) are found to have increased by reason of transactions in terms of that currency with other members or persons in their territories, the member whose holdings of such currency (or gold) have thus increased shall use the increase to repurchase its own currency from the Fund.

## BRETTON WOODS

(c) None of the adjustments described in (b) above shall be carried to a point at which

- (i) the member's monetary reserves are below its quota, or
- (ii) the Fund's holdings of its currency are below seventy-five per cent of its quota, or
- (iii) the Fund's holdings of any currency required to be used are above seventy-five per cent of the quota of the member concerned.

## Section 8. Charges

(a) Any member buying the currency of another member from the Fund in exchange for its own currency shall pay a service charge uniform for all members of three-fourths per cent in addition to the parity price. The Fund in its discretion may increase this service charge to not more than one per cent or reduce it to not less than one-half per cent.

(b) The Fund may levy a reasonable handling charge on any member buying gold from the Fund or selling gold to the Fund.

(c) The Fund shall levy charges uniform for all members which shall be payable by any member on the average daily balances of its currency held by the Fund in excess of its quota. These charges shall be at the following rates:

- (i) *On amounts not more than twenty-five per cent in excess of the quota:* no charge for the first three months; one-half per cent per annum for the next nine months; and thereafter an increase in the charge of one-half per cent for each subsequent year.
- (ii) *On amounts more than twenty-five per cent and not more than fifty per cent in excess of the quota:* an additional one-half per cent for the first year; and an additional one-half per cent for each subsequent year.
- (iii) *On each additional bracket of twenty-five per cent in excess of the quota:* an additional one-half per cent for the first year; and an additional one-half per cent for each subsequent year.

(d) Whenever the Fund's holdings of a member's currency are such that the charge applicable to any bracket for any period has reached the rate of four per cent per annum, the Fund and the member shall consider means by which the Fund's holdings of the currency can be reduced. Thereafter, the charges shall rise in accordance with the provisions of (c) above until they reach five per cent and failing agreement, the Fund may then impose such charges as it deems appropriate.

(e) The rates referred to in (c) and (d) above may be changed by a three-fourths majority of the total voting power.

**BRETTON WOODS**

(f) All charges shall be paid in gold. If, however, the member's monetary reserves are less than one-half of its quota, it shall pay in gold only that proportion of the charges due which such reserves bear to one-half of its quota, and shall pay the balance in its own currency.

**Article VI**

**CAPITAL TRANSFERS**

**Section 1. Use of the Fund's resources for capital transfers**

(a) A member may not make net use of the Fund's resources to meet a large or sustained outflow of capital, and the Fund may request a member to exercise controls to prevent such use of the resources of the Fund. If, after receiving such a request, a member fails to exercise appropriate controls, the Fund may declare the member ineligible to use the resources of the Fund.

(b) Nothing in this Section shall be deemed

(i) to prevent the use of the resources of the Fund for capital transactions of reasonable amount required for the expansion of exports or in the ordinary course of trade, banking or other business, or

(ii) to affect capital movements which are met out of a member's own resources of gold and foreign exchange; but members undertake that such capital movements will be in accordance with the purposes of the Fund.

**Section 2. Special provisions for capital transfers**

If the Fund's holdings of the currency of a member have remained below seventy-five per cent of its quota for an immediately preceding period of not less than six months, such member, if it has not been declared ineligible to use the resources of the Fund under Section 1 of this Article, Article IV, Section 6, Article V, Section 5, or Article XV, Section 2 (a), shall be entitled, notwithstanding the provisions of Section 1 (a) of this Article, to buy the currency of another member from the Fund with its own currency for any purpose, including capital transfers. Purchases for capital transfers under this Section shall not, however, be permitted if they have the effect of raising the Fund's holdings of the currency of the member desiring to purchase above seventy-five per cent of its quota, or of reducing the Fund's holdings of the currency desired below seventy-five per cent of the quota of the member whose currency is desired.

**Section 3. Controls of capital transfers**

Members may exercise such controls as are necessary to regulate international capital movements, but no member may exercise these

## BRETTON WOODS

controls in a manner which will restrict payments for current transactions or which will unduly delay transfers of funds in settlement of commitments, except as provided in Article VII, Section 3 (b), and in Article XIV, Section 2.

## Article VII

### SCARCE CURRENCIES

#### Section 1. General scarcity of currency

If the Fund finds that a general scarcity of a particular currency is developing, the Fund may so inform members and may issue a report setting forth the causes of the scarcity and containing recommendations designed to bring it to an end. A representative of the member whose currency is involved shall participate in the preparation of the report.

#### Section 2. Measures to replenish the Fund's holdings of scarce currencies

The Fund may, if it deems such action appropriate to replenish its holdings of any member's currency, take either or both of the following steps:

- (i) Propose to the member that, on terms and conditions agreed between the Fund and the member, the latter lend its currency to the Fund or that, with the approval of the member, the Fund borrow such currency from some other source either within or outside the territories of the member; but no member shall be under any obligation to make such loans to the Fund or to approve the borrowing of its currency by the Fund from any other source;
- (ii) Require the member to sell its currency to the Fund for gold.

#### Section 3. Scarcity of the Fund's holdings

(a) If it becomes evident to the Fund that the demand for a member's currency seriously threatens the Fund's ability to supply that currency, the Fund, whether or not it has issued a report under Section 1 of this Article, shall formally declare such currency scarce and shall thenceforth apportion its existing and accruing supply of the scarce currency with due regard to the relative needs of members, the general international economic situation and any other pertinent considerations. The Fund shall also issue a report concerning its action.

(b) A formal declaration under (a) above shall operate as an authorization to any member, after consultation with the Fund, temporarily to impose limitations on the freedom of exchange

## BRETTON WOODS

operations in the scarce currency. Subject to the provisions of Article IV, Sections 3 and 4, the member shall have complete jurisdiction in determining the nature of such limitations, but they shall be no more restrictive than is necessary to limit the demand for the scarce currency to the supply held by, or accruing to, the member in question; and they shall be relaxed and removed as rapidly as conditions permit.

(c) The authorization under (b) above shall expire whenever the Fund formally declares the currency in question to be no longer scarce.

### Section 4. Administration of restrictions

Any member imposing restrictions in respect of the currency of any other member pursuant to the provisions of Section 3 (b) of this Article shall give sympathetic consideration to any representations by the other member regarding the administration of such restrictions.

### Section 5. Effect of other international agreements on restrictions

Members agree not to invoke the obligations of any engagements entered into with other members prior to this Agreement in such a manner as will prevent the operation of the provisions of this Article.

## Article VIII

### GENERAL OBLIGATIONS OF MEMBERS

#### Section 1. Introduction

In addition to the obligations assumed under other articles of this Agreement, each member undertakes the obligations set out in this Article.

#### Section 2. Avoidance of restrictions on current payments

(a) Subject to the provisions of Article VII, Section 3 (b), and Article XIV, Section 2, no member shall, without the approval of the Fund, impose restrictions on the making of payments and transfers for current international transactions.

(b) Exchange contracts which involve the currency of any member and which are contrary to the exchange control regulations of that member maintained or imposed consistently with this Agreement shall be unenforceable in the territories of any member. In addition, members may, by mutual accord, co-operate in measures for the purpose of making the exchange control regulations of either member more effective, provided that such measures and regulations are consistent with this Agreement.

## BRETTON WOODS

### Section 3. Avoidance of discriminatory currency practices

No member shall engage in, or permit any of its fiscal agencies referred to in Article V, Section 1, to engage in, any discriminatory currency arrangements or multiple currency practices except as authorized under this Agreement or approved by the Fund. If such arrangements and practices are engaged in at the date when this Agreement enters into force the member concerned shall consult with the Fund as to their progressive removal unless they are maintained or imposed under Article XIV, Section 2, in which case the provisions of Section 4 of that Article shall apply.

### Section 4. Convertibility of foreign held balances

(a) Each member shall buy balances of its currency held by another member if the latter, in requesting the purchase, represents:

- (i) that the balances to be bought have been recently acquired as a result of current transactions; or
- (ii) that their conversion is needed for making payments for current transactions.

The buying member shall have the option to pay either in the currency of the member making the request or in gold.

(b) The obligation in (a) above shall not apply

- (i) when the convertibility of the balances has been restricted consistently with Section 2 of this Article, or Article VI, Section 3; or
- (ii) when the balances have accumulated as a result of transactions effected before the removal by a member of restrictions maintained or imposed under Article XIV, Section 2;
- (iii) When the balances have been acquired contrary to the exchange regulations of the member which is asked to buy them; or
- (iv) When the currency of the member requesting the purchase has been declared scarce under Article VII, Section 3, (4); or
- (v) When the member requested to make the purchase is for any reason not entitled to buy currencies of other members from the Fund for its own currency.

### Section 5. Furnishing of information

(a) The Fund may require members to furnish it with such information as it deems necessary for its operations, including, as the minimum necessary for the effective discharge of the Fund's duties, national data on the following matters:

BRETTON WOODS

- (i) Official holdings at home and abroad, of (1) gold, (2) foreign exchange.
- (ii) Holdings at home and abroad by banking and financial agencies, other than official agencies, of (1) gold, (2) foreign exchange.
- (iii) Production of gold.
- (iv) Gold exports and imports according to countries of destination and origin.
- (v) Total exports and imports of merchandise, in terms of local currency values, according to countries of destination and origin.
- (vi) International balance of payments, including (1) trade in goods and services, (2) gold transactions, (3) known capital transactions, and (4) other items.
- (vii) International investment position, i.e., investments within the territories of the member owned abroad and investments abroad owned by persons in its territories so far as it is possible to furnish this information.
- (viii) National income.
- (ix) Price indices, i.e., indices of commodity prices in wholesale and retail markets and of export and import prices.
- (x) Buying and selling rates for foreign currencies.
- (xi) Exchange controls, i.e., a comprehensive statement of exchange controls in effect at the time of assuming membership in the Fund and details of subsequent changes as they occur.
- (xii) Where official clearing arrangements exist, details of amounts awaiting clearance in respect of commercial and financial transactions, and of the length of time during which such arrears have been outstanding.

(b) In requesting information the Fund shall take into consideration the varying ability of members to furnish the data requested. Members shall be under no obligation to furnish information in such detail that the affairs of individuals or corporations are disclosed. Members undertake, however, to furnish the desired information in as detailed and accurate a manner as is practicable, and, so far as possible, to avoid mere estimates.

(c) The Fund may arrange to obtain further information by agreement with members. It shall act as a centre for the collection and exchange of information on monetary and financial problems, thus facilitating the preparation of studies designed to assist members in developing policies which further the purposes of the Fund.

117

## BRETTON WOODS

### Section 6: Consultation between members regarding existing international agreements

Where under this Agreement a member is authorized in the special or temporary circumstances specified in the Agreement to maintain or establish restrictions on exchange transactions, and there are other engagements between members entered into prior to this Agreement which conflict with the application of such restrictions, the parties to such engagements will consult with one another with a view to making such mutually acceptable adjustments as may be necessary. The provisions of this Article shall be without prejudice to the operation of Article VII, Section 5.

## Article LX

**BRETTON WOODS**

The official communications of the Fund shall be accorded by members the same treatment as the official communications of other members.

**Section 8. Immunities and privileges of officers and employees**

All governors, executive directors, alternates, officers and employees of the Fund

- (i) shall be immune from legal process with respect to acts performed by them in their official capacity except when the Fund waives this immunity.

- (iii) shall be granted the same treatment in respect of travelling facilities as is accorded by members to representatives, officials and employees of comparable rank of other members.

**Section 9. Immunities from taxation**

(a) The Fund, its assets, property, income and its operations and transactions authorized by this Agreement, shall be immune from all taxation and from all customs duties. The Fund shall also be immune from liability for the collection or payment of any tax or duty.

(b) No tax shall be levied on or in respect of salaries and emoluments paid by the Fund to executive directors, alternates, officers or employees of the Fund who are not local citizens, local subjects, or other local nationals.

(c) No taxation of any kind shall be levied on any obligation or security issued by the Fund, including any dividend or interest thereon, by whomsoever held

- (i) which discriminates against such obligation or security solely because of its origin, or
- (ii) if the sole jurisdictional basis for such taxation is the place or currency in which it is issued, made payable or paid, or the location of any office or place of business maintained by the Fund.

**Section 10. Application of Article**

Each member shall take such action as is necessary in its own territories for the purpose of making effective in terms of its own law the principles set forth in this Article and shall inform the Fund of the detailed action which it has taken.

**BRETTON WOODS**

*Article X*

**RELATIONS WITH OTHER INTERNATIONAL ORGANIZATIONS**

The Fund shall co-operate within the terms of this Agreement with any general international organization and with public international organizations having specialized responsibilities in related fields. Any arrangements for such co-operation which would involve a modification of any provision of this Agreement may be effected only after amendment to this Agreement under Article XVII.

*Article XI*

**RELATIONS WITH NON-MEMBER COUNTRIES**

Section 1. Undertakings regarding relations with non-member countries.

Each member undertakes:

- (i) Not to engage in, nor to permit any of its fiscal agencies referred to in Article V, Section 1, to engage in, any transactions with a non-member or with persons in a non-member's territories which would be contrary to the provisions of this Agreement or the purposes of the Fund;
- (ii) Not to co-operate with a non-member or with persons in a non-member's territories in practices which would be contrary to the provisions of this Agreement or the purposes of the Fund; and
- (iii) To co-operate with the Fund with a view to the application in its territories of appropriate measures to prevent transactions with non-members or with persons in their territories which would be contrary to the provisions of this Agreement or the purposes of the Fund.

Section 2. Restrictions on transactions with non-member countries.

Nothing in this Agreement shall affect the right of any member to impose restrictions on exchange transactions with non-members or with persons in their territories unless the Fund finds that such restrictions prejudice the interests of members and are contrary to the purposes of the Fund.

*Article XII*

**ORGANIZATION AND MANAGEMENT**

Section 1. Structure of the Fund.

The Fund shall have a Board of Governors, Executive Directors, a Managing Director and a staff.

BRETTON WOODS

Section 2: Board of Governors.

(a) All powers of the Fund shall be vested in the Board of Governors, consisting of one governor and one alternate appointed by each member in such manner as it may determine. Each governor and each alternate shall serve for five years, subject to the pleasure of the member appointing him, and may be reappointed. No alternate may vote except in the absence of his principal. The Board shall select one of the governors as chairman.

(b) The Board of Governors may delegate to the Executive Directors authority to exercise any powers of the Board, except the power to:

- (i) Admit new members and determine the conditions of their admission.
- (ii) Approve a revision of quotas.
- (iii) Approve a uniform change in the par value of the currencies of all members.
- (iv) Make arrangements to co-operate with other international organizations (other than informal arrangements of a temporary or administrative character).
- (v) Determine the distribution of the net income of the Fund.
- (vi) Require a member to withdraw.
- (vii) Decide to liquidate the Fund.
- (viii) Decide appeals from interpretations of this Agreement given by the Executive Directors.

(c) The Board of Governors shall hold an annual meeting and such other meetings as may be provided for by the Board or called by the Executive Directors. Meetings of the Board shall be called by the Directors whenever requested by five members or by members having one quarter of the total voting power.

(d) A quorum for any meeting of the Board of Governors shall be a majority of the governors exercising not less than two-thirds of the total voting power.

(e) Each governor shall be entitled to cast the number of votes allotted under Section 5 of this Article to the member appointing him.

(f) The Board of Governors may by regulation establish a procedure whereby the Executive Directors, when they deem such action to be in the best interests of the Fund, may obtain a vote of the governors on a specific question without calling a meeting of the Board.

(g) The Board of Governors, and the Executive Directors to the extent authorized, may adopt such rules and regulations as may be necessary or appropriate to conduct the business of the Fund.

#### BRETTON WOODS

(h) Governors and alternates shall serve as such without compensation from the Fund, but the Fund shall pay them reasonable expenses incurred in attending meetings.

(i) The Board of Governors shall determine the remuneration to be paid to the Executive Directors and the salary and terms of the contract of service of the Managing Director.

#### Section 3. Executive Directors

(a) The Executive Directors shall be responsible for the conduct of the general operations of the Fund, and for this purpose shall exercise all the powers delegated to them by the Board of Governors.

(b) There shall be not less than twelve directors who need not be governors, and of whom

- (i) Five shall be appointed by the five members having the largest quotas;
- (ii) Not more than two shall be appointed when the provisions of (c) below apply;
- (iii) Five shall be elected by the members not entitled to appoint directors, other than the American Republics; and
- (iv) Two shall be elected by the American Republics not entitled to appoint directors.

For the purposes of this paragraph, members means governments of countries whose names are set forth in Schedule A, whether they become members in accordance with Article XX or in accordance with Article II, Section 2. When governments of other countries become members, the Board of Governors may, by a four-fifth majority of the total voting power, increase the number of directors to be elected.

(c) If, at the second regular election of directors, and thereafter, the members entitled to appoint directors under (b) (i) above do not include the two members, the holdings of whose currencies by the Fund have been, on the average over the preceding two years, reduced below their quotas by the largest absolute amounts in terms of gold as a common denominator, either one or both of such members, as the case may be, shall be entitled to appoint a director.

(d) Subject to Article XX, Section 3 (b), elections of elective directors shall be conducted at intervals of two years in accordance with the provisions of Schedule C, supplemented by such regulations as the Fund deems appropriate. Whenever the Board of Governors increases the number of directors to be elected under (b) above, it shall issue regulations making appropriate changes in the proportion of votes required to elect directors, under the provisions of Schedule C.

**BRETTON WOODS**

(e) Each director shall appoint an alternate with full power to act for him when he is not present. When the directors appointing them are present, alternates may participate in meetings but may not vote.

(f) Directors shall continue in office until their successors are appointed or elected. If the office of an elected director becomes vacant more than ninety days before the end of his term, another director shall be elected for the remainder of the term by the members who elected the former director. A majority of the votes cast shall be required for election. While the office remains vacant, the alternate of the former director shall exercise his powers, except that of appointing an alternate.

(g) The Executive Directors shall function in continuous session at the principal office of the Fund and shall meet as often as the business of the Fund may require.

(h) A quorum for any meeting of the Executive Directors shall be a majority of the directors representing not less than one-half of the voting power.

(i) Each appointed director shall be entitled to cast the number of votes allotted under Section 5 of this Article to the member appointing him. Each elected director shall be entitled to cast the number of votes which counted towards his election. When the provisions of Section 5 (b) of this Article are applicable, the votes which a director would otherwise be entitled to cast shall be increased or decreased correspondingly. All the votes which a director is entitled to cast shall be cast as a unit.

(j) The Board of Governors shall adopt regulations under which a member not entitled to appoint a director under (b) above may send a representative to attend any meeting of the Executive Directors when a request made by, or a matter particularly affecting, that member is under consideration.

(k) The Executive Directors may appoint such committees as they deem advisable. Membership of committees need not be limited to governors or directors or their alternates.

**Section 4. Managing Director and staff**

(a) The Executive Directors shall select a Managing Director who shall not be a governor or an executive director. The Managing Director shall be chairman of the Executive Directors, but shall have no vote except a deciding vote in case of an equal division. He may participate in meetings of the Board of Governors, but shall not vote at such meetings. The Managing Director shall cease to hold office when the Executive Directors so decide.

(b) The Managing Director shall be chief of the operating staff of the Fund and shall conduct, under the direction of the Executive

#### BRETTON WOODS

Directors, the ordinary business of the Fund. Subject to the general control of the Executive Directors, he shall be responsible for the organization, appointment and dismissal of the staff of the Fund.

(c) The Managing Director and the staff of the Fund, in the discharge of their functions, shall owe their duty entirely to the Fund and to no other authority. Each member of the Fund shall respect the international character of this duty and shall refrain from all attempts to influence any of the staff in the discharge of his functions.

(d) In appointing the staff the Managing Director shall, subject to the paramount importance of securing the highest standards of efficiency and of technical competence, pay due regard to the importance of recruiting personnel on as wide a geographical basis as possible.

#### Section 5. Voting

(a) Each member shall have two hundred and fifty votes plus one additional vote for each part of its quota equivalent to one hundred thousand United States dollars.

(b) Whenever voting is required under Article V, Section 4 or 5, each member shall have the number of votes to which it is entitled under (a) above, adjusted:

(i) by the addition of one vote for the equivalent of each 400,000 United States dollars of net sales of its currency up to the date when the vote is taken, or

(ii) by the subtraction of one vote for the equivalent of each 400,000 United States dollars of its net purchases of the currencies of other members up to the date when the vote is taken.

provided, that neither net purchases nor net sales shall be deemed at any time to exceed an amount equal to the quota of the member involved.

(c) For the purpose of all computations under this Section, United States dollars shall be deemed to be of the weight and fineness in effect on July 1, 1944, adjusted for any uniform change under Article IV, Section 7, if a waiver is made under Section 8 (d) of that Article.

(d) Except as otherwise specifically provided, all decisions of the Fund shall be made by a majority of the votes cast.

#### Section 6. Distribution of net income

(a) The Board of Governors shall determine annually what part of the Fund's net income shall be placed to reserve and what part, if any, shall be distributed.

(b) If any distribution is made, there shall first be distributed a two per cent non-cumulative payment to each member on the

## BRETTON WOODS

amount by which seventy-five per cent of its quota exceeded the Fund's average holdings of its currency during that year. The balance shall be paid to all members in proportion to their quotas. Payments to each member shall be made in its own currency.

### Section 7. Publication of reports

(a) The Fund shall publish an annual report containing an audited statement of its accounts, and shall issue, at intervals of three months or less, a summary statement of its transactions and its holdings of gold and currencies of members.

(b) The Fund may publish such other reports as it deems desirable for carrying out its purposes.

### Section 8. Communication of views to members

The Fund shall at all times have the right to communicate its views informally to any member on any matter arising under this Agreement. The Fund may, by a two-thirds majority of the total voting power, decide to publish a report made to a member regarding its monetary or economic conditions and developments which directly tend to produce a serious disequilibrium in the international balance of payments of members. If the member is not entitled to appoint an executive director, it shall be entitled to representation in accordance with Section 3 (j) of this Article. The Fund shall not publish a report involving changes in the fundamental structure of the economic organization of members.

## Article XIII

### OFFICES AND DEPOSITORIES

#### Section 1. Location of offices

The principal office of the Fund shall be located in the territory of the member having the largest quota, and agencies or branch offices may be established in the territories of other members.

#### Section 2. Depositories

(a) Each member country shall designate its central bank as a depository for all the Fund's holdings of its currency, or if it has no central bank it shall designate such other institution as may be acceptable to the Fund.

(b) The Fund may hold other assets, including gold, in the depositories designated by the five members having the largest quotas and in such other designated depositories as the Fund may select. Initially, at least one half of the holdings of the Fund shall be held in the depository designated by the member in whose territories the

#### BRETTON WOODS

Fund has its principal office and at least forty per cent shall be held in the depositories designated by the remaining four members referred to above. However, all transfers of gold by the Fund shall be made with due regard to the costs of transport and anticipated requirements of the Fund. In an emergency the Executive Directors may transfer all or any part of the Fund's gold holdings to any place where they can be adequately protected.

#### Section 3. Guarantee of the Fund's assets

Each member guarantees all assets of the Fund against loss resulting from failure or default on the part of the depository designated by it.

### Article XIV

#### TRANSITIONAL PERIOD

##### Section 1. Introduction

The Fund is not intended to provide facilities for relief or reconstruction or to deal with international indebtedness arising out of the war.

##### Section 2. Exchange restrictions

In the post-war transitional period members may, notwithstanding the provisions of any other articles of this Agreement, maintain and adapt to changing circumstances (and, in the case of members whose territories have been occupied by the enemy, introduce where necessary) restrictions on payments and transfers for current international transactions. Members shall, however, have continuous regard in their foreign exchange policies to the purposes of the Fund; and, as soon as conditions permit, they shall take all possible measures to develop such commercial and financial arrangements with other members as will facilitate international payments and the maintenance of exchange stability. In particular, members shall withdraw restrictions maintained or imposed under this Section as soon as they are satisfied that they will be able, in the absence of such restrictions, to settle their balance of payments in a manner which will not unduly encumber their access to the resources of the Fund.

##### Section 3. Notification to the Fund

Each member shall notify the Fund before it becomes eligible under Article XX, Section 4 (c) or (d) to buy currency from the Fund; whether it intends to avail itself of the transitional arrangements in Section 2 of this Article, or whether it is prepared to accept the obligations of Article VIII, Sections 2, 3 and 4. A member

## BRETTON WOODS

availing itself of the transitional arrangements shall notify the Fund as soon thereafter as it is prepared to accept the above-mentioned obligations.

### Section 4: Action of the Fund relating to restrictions

Not later than three years after the date on which the Fund begins operations and in each year thereafter, the Fund shall report on the restrictions still in force under Section 2 of this Article. Five years after the date on which the Fund begins operations, and in each year thereafter, any member still retaining any restrictions inconsistent with Article VIII, Sections 2, 3, or 4, shall consult the Fund as to their further retention. The Fund may, if it deems such action necessary in exceptional circumstances, make representations to any member that conditions are favourable for the withdrawal of any particular restriction, or for the general abandonment of restrictions inconsistent with the provisions of any other articles of this Agreement. The member shall be given a suitable time to reply to such representations. If the Fund finds that the member persists in maintaining restrictions which are inconsistent with the purposes of the Fund, the member shall be subject to Article XV, Section 2 (a).

### Section 5: Nature of transitional period

In its relations with members, the Fund shall recognize that the post-war transitional period will be one of change and adjustment and in making decisions on requests occasioned thereby which are presented by any member it shall give the member the benefit of any reasonable doubt.

## Article XV

### WITHDRAWAL FROM MEMBERSHIP

#### Section 1: Right of members to withdraw

Any member may withdraw from the Fund at any time by transmitting a notice in writing to the Fund at its principal office. Withdrawal shall become effective on the date such notice is received.

#### Section 2: Compulsory withdrawal

(a) If a member fails to fulfill any of its obligations under this Agreement, the Fund may declare the member ineligible to use the resources of the Fund. Nothing in this Section shall be deemed to limit the provisions of Article IV, Section 6, Article V, Section 5, or Article VI, Section 1.

(b) If after the expiration of a reasonable period the member persists in its failure to fulfill any of its obligations under this Agreement,

## BRETTON WOODS

on a difference between a member and the Fund under Article IV, Section 6, continues, that member may be required to withdraw from membership in the Fund by a decision of the Board of Governors carried by a majority of the governors representing a majority of the total voting power.

(c) Regulations shall be adopted to ensure that before action is taken against any member under (a) or (b) above, the member shall be informed in reasonable time of the complaint against it and given an adequate opportunity for stating its case, both orally and in writing.

## Section 3. Settlement of accounts with members withdrawing

When a member withdraws from the Fund, normal transactions of the Fund in its currency shall cease and settlement of all accounts between it and the Fund shall be made with reasonable despatch by agreement between it and the Fund. If agreement is not reached promptly, the provisions of Schedule D shall apply to the settlement of accounts.

## Article XVI

### EMERGENCY PROVISIONS

## Section 1. Temporary Suspension

(a) In the event of an emergency or the development of unforeseen circumstances threatening the operations of the Fund, the Executive Directors by unanimous vote may suspend for a period of not more than one hundred and twenty days the operation of any of the following provisions:

- (i) Article IV, Sections 3 and 4 (b).
- (ii) Article V, Sections 2, 3, 7, 8 (a) and (c).
- (iii) Article VI, Section 2.
- (iv) Article XI, Section 1.

(b) Simultaneously with any decision to suspend the operation of any of the foregoing provisions, the Executive Directors shall call a meeting of the Board of Governors for the earliest practicable date.

(c) The Executive Directors may not extend any suspension beyond one hundred and twenty days. Such suspension may be extended, however, for an additional period of not more than two hundred and forty days, if the Board of Governors by a four-fifths majority of the total voting power so decides, but it may not be further extended except by amendment of this Agreement pursuant to Article XVII.

(d) The Executive Directors may, by a majority of the total voting power, terminate such suspension at any time.

## BRETTON WOODS

## Section 2: Liquidation of the Fund

(a) The Fund may not be liquidated except by decision of the Board of Governors. In an emergency, if the Executive Directors decide that liquidation of the Fund may be necessary, they may temporarily suspend all transactions, pending decision by the Board.

(b) If the Board of Governors decides to liquidate the Fund, the Fund shall forthwith cease to engage in any activities except those incidental to the orderly collection and liquidation of its assets and the settlement of its liabilities, and all obligations of members under this Agreement shall cease except those set out in this Article, in Article XVIII, paragraph (c), in Schedule D, paragraph 7, and in Schedule E.

(c) Liquidation shall be administered in accordance with the provisions of Schedule E.

## Article XVII

## AMENDMENTS

(a) Any proposal to introduce modifications in this Agreement, whether emanating from a member, a governor or the Executive Directors, shall be communicated to the chairman of the Board of Governors who shall bring the proposal before the Board. If the proposed amendment is approved by the Board the Fund shall, by circular letter or telegram, ask all members whether they accept the proposed amendment. When three-fifths of the members, having four-fifths of the total voting power, have accepted the proposed amendment, the Fund shall certify the fact by a formal communication addressed to all members.

(b) Notwithstanding (a) above, acceptance by all members is required in the case of any amendment modifying

(i) the right to withdraw from the Fund (Article XV, Section 1);

(ii) the provision that no change in a member's quota shall be made without its consent (Article III, Section 2);

(iii) the provision that no change may be made in the par value of a member's currency except on the proposal of that member (Article IV, Section 5, (b)).

(c) Amendments shall enter into force for all members three months after the date of the formal communication unless a shorter period is specified in the circular letter or telegram.

## Article XVIII

## INTERPRETATION

(a) Any question of interpretation of the provisions of this Agreement arising between any member and the Fund or between any members of the Fund shall be submitted to the Executive Directors

#### BRETTON WOODS

for their decision. If the question particularly affects any member not entitled to appoint an executive director it shall be entitled to representation in accordance with Article XII, Section 3 (j).

(b) In any case where the Executive Directors have given a decision under (a) above, any member may require that the question be referred to the Board of Governors, whose decision shall be final. Pending the result of the reference to the Board the Fund may, so far as it deems necessary, act on the basis of the decision of the Executive Directors.

(c) Whenever a disagreement arises between the Fund and a member which has withdrawn, or between the Fund and any member during the liquidation of the Fund, such disagreement shall be submitted to arbitration by a tribunal of three arbitrators, one appointed by the Fund, another by the member or withdrawing member and an umpire who, unless the parties otherwise agree, shall be appointed by the President of the Permanent Court of International Justice or such other authority as may have been prescribed by regulation adopted by the Fund. The umpire shall have full power to settle all questions of procedure in any case where the parties are in disagreement with respect thereto.

#### Article XIX

##### EXPLANATION OF TERMS

In interpreting the provisions of this Agreement the Fund and its members shall be guided by the following:

(a) A member's monetary reserves means its net official holdings of gold; of convertible currencies of other members, and of the currencies of such non-members as the Fund may specify.

(b) The official holdings of a member means central holdings (that is, the holdings of its Treasury, central bank, stabilization fund, or similar fiscal agency).

(c) The holdings of other official institutions or other banks within its territories may, in any particular case, be deemed by the Fund, after consultation with the member, to be official holdings to the extent that they are substantially in excess of working balances; provided that for the purpose of determining whether, in a particular case, holdings are in excess of working balances, there shall be deducted from such holdings amounts of currency due to official institutions and banks in the territories of members or non-members specified under (d) below.

(d) A member's holdings of convertible currencies means its holdings of the currencies of other members which are not availing themselves of the transitional arrangements under Article XIV,

**BRETTON WOODS**

Section 2, together with its holdings of the currencies of such non-members as the Fund may from time to time specify. The term currency for this purpose includes without limitation coins, paper money, bank balances, bank acceptances, and government obligations issued with a maturity not exceeding twelve months.

(e) A member's monetary reserves shall be calculated by deducting from its central holdings the currency liabilities to the Treasuries, central banks, stabilization funds, or similar fiscal agencies of other members or non-members specified under (d) above, together with similar liabilities to other official institutions and other banks in the territories of members, or non-members specified under (d) above. To these net holdings shall be added the sums deemed to be official holdings of other official institutions and other banks under (c) above.

(f) The Fund's holdings of the currency of a member shall include any securities accepted by the Fund under Article III, Section 5.

(g) The Fund, after consultation with a member which is availing itself of the transitional arrangements under Article XIV, Section 2, may deem holdings of the currency of that member which carry specified rights of conversion into another currency or into gold to be holdings of convertible currency for the purpose of the calculation of monetary reserves.

(h) For the purpose of calculating gold subscriptions under Article III, Section 3, a member's net official holdings of gold and United States dollars shall consist of its official holdings of gold and United States currency after deducting central holdings of its currency by other countries and holdings of its currency by other official institutions and other banks if these holdings carry specified rights of conversion into gold or United States currency.

(i) Payments for current transactions means payments which are not for the purpose of transferring capital, and includes, without limitation:

1. All payments due in connection with foreign trade, other current business, including services, and normal short-term banking and credit facilities;

2. Payments due as interest on loans and as net income from other investments;

3. Payments of moderate amount for amortization of loans or for depreciation of direct investments;

4. Moderate remittances for family living expenses.

The Fund may, after consultation with the members concerned, determine whether certain specific transactions are to be considered current transactions or capital transactions.

Section 2. Signature

(a) Each government on whose behalf this Agreement is signed shall deposit with the Government of the United States of America an instrument setting forth that it has accepted this Agreement in accordance with its law and has taken all steps necessary to enable it to carry out all of its obligations under this Agreement.

(b) Each government shall become a member of the Fund as from the date of the deposit on its behalf of the instrument referred to in (a) above, except that no government shall become a member before this Agreement enters into force under Section 1 of this Article.

(c) The Government of the United States of America shall inform the governments of all countries whose names are set forth in Schedule A, and all governments whose membership is approved in accordance with Article III, Section 2, of all signatures of this Agreement and of the deposit of all instruments referred to in (a) above.

(d) At the time this Agreement is signed on its behalf, each government shall transmit to the Government of the United States of America one one-hundredth of one per cent of its total subscription in gold or United States dollars for the purpose of meeting administrative expenses of the Fund. The Government of the United States of America shall hold such funds in a special deposit account and shall transmit them to the Board of Governors of the Fund when the initial meeting has been called under Section 3 of this Article. If this Agreement has not come into force by December 31, 1945, the Government of the United States of America shall return such funds to the governments that transmitted them.

(e) This Agreement shall remain open for signature at Washington on behalf of the governments of the countries whose names are set forth in Schedule A until December 31, 1945.

(f) After December 31, 1945, this Agreement shall be open for signature on behalf of the government of any country whose membership has been approved in accordance with Article III, Section 2.

## BRETTON WOODS

(g) By their signature of this Agreement, all governments accept it both on their own behalf and in respect of all their colonies, overseas territories, all territories under their protection, suzerainty, or authority and all territories in respect of which they exercise a mandate.

(h) In the case of governments whose metropolitan territories have been under enemy occupation, the deposit of the instrument referred to in (a) above may be delayed until one hundred and eighty days after the date on which these territories have been liberated. If, however, it is not deposited by any such government before the expiration of this period the signature affixed on behalf of that government shall become void and the portion of its subscription paid under (d) above shall be returned to it.

(i) Paragraphs (d) and (h) shall come into force with regard to each signatory government as from the date of its signature.

### Section 3. Inauguration of the Fund

(a) As soon as this Agreement enters into force under Section 1 of this Article, each member shall appoint a governor and the member having the largest quota shall call the first meeting of the Board of Governors.

(b) At the first meeting of the Board of Governors, arrangements shall be made for the selection of provisional executive directors. The governments of the five countries for which the largest quotas are set forth in Schedule A shall appoint provisional executive directors. If one or more of such governments have not become members, the executive directorships they would be entitled to fill shall remain vacant until they become members, or until January 1, 1946, whichever is the earlier. Seven provisional executive directors shall be elected in accordance with the provisions of Schedule B and shall remain in office until the date of the first regular election of executive directors which shall be held as soon as practicable after January 1, 1946.

(c) The Board of Governors may delegate to the provisional executive directors any powers except those which may not be delegated to the Executive Directors.

### Section 4. Initial determination of par values

(a) When the Fund is of the opinion that it will shortly be in a position to begin exchange transactions, it shall so notify the members and shall request each member to communicate within thirty days the par value of its currency based on the rates of exchange prevailing on the sixtieth day before the entry into force of this Agreement. No member whose metropolitan territory has been occupied by the enemy shall be required to make such a communica-

**BRETTON WOODS**

tion while that territory is a theatre of major hostilities or for such period thereafter as the Fund may determine. When such a member communicates the par value of its currency the provisions of (d) below shall apply.

(b) The par value communicated by a member whose metropolitan territory has not been occupied by the enemy shall be the par value of that member's currency for the purposes of this Agreement unless, within ninety days after the request referred to in (a) above has been received, (i) the member notifies the Fund that it regards the par value as unsatisfactory, or (ii) the Fund notifies the member that in its opinion the par value cannot be maintained without causing recourse to the Fund on the part of that member or others on a scale prejudicial to the Fund and to members. When notification is given under (i) or (ii) above, the Fund and the member shall, within a period determined by the Fund in the light of all relevant circumstances, agree upon a suitable par value for that currency. If the Fund and the member do not agree within the period so determined, the member shall be deemed to have withdrawn from the Fund on the date when the period expires.

(c) When the par value of a member's currency has been established under (b) above, either by the expiration of ninety days without notification, or by agreement after notification, the member shall be eligible to buy from the Fund the currencies of other members to the full extent permitted in this Agreement, provided that the Fund has begun exchange transactions.

(d) In the case of a member whose metropolitan territory has been occupied by the enemy, the provisions of (b) above shall apply, subject to the following modifications:

(i) The period of ninety days shall be extended so as to end on a date to be fixed by agreement between the Fund and the member.

(ii) Within the extended period the member may, if the Fund has begun exchange transactions, buy from the Fund with its currency the currencies of other members, but only under such conditions and in such amounts as may be prescribed by the Fund.

(iii) At any time before the date fixed under (i) above, changes may be made by agreement with the Fund in the par value communicated under (a) above.

(e) If a member whose metropolitan territory has been occupied by the enemy adopts a new monetary unit before the date to be fixed under (d) (i) above, the par value fixed by that member for the new unit shall be communicated to the Fund and the provisions of (d) above shall apply.

BRETTON WOODS

(f) Changes in par values agreed with the Fund under this Section shall not be taken into account in determining whether a proposed change falls within (i), (ii) or (iii) of Article IV, Section 5 (c).

(g) A member communicating to the Fund a par value for the currency of its metropolitan territory shall simultaneously communicate a value, in terms of that currency, for each separate currency, where such exists, in the territories in respect of which it has accepted this Agreement under Section 2 (g) of this Article, but no member shall be required to make a communication for the separate currency of a territory which has been occupied by the enemy while that territory is a theatre of major hostilities or for such period thereafter as the Fund may determine. On the basis of the par value so communicated, the Fund shall compute the par value of each separate currency. A communication or notification to the Fund under (a), (b) or (d) above regarding the par value of a currency, shall also be deemed, unless the contrary is stated, to be a communication or notification regarding the par value of all the separate currencies referred to above. Any member may, however, make a communication or notification relating to the metropolitan or any of the separate currencies alone. If the member does so, the provisions of the preceding paragraphs (including (d) above, if a territory where a separate currency exists has been occupied by the enemy) shall apply to each of these currencies separately.

(h) The Fund shall begin exchange transactions at such date as it may determine after members having sixty-five per cent of the total of the quotas set forth in Schedule A have become eligible, in accordance with the preceding paragraphs of this Section, to purchase the currencies of other members, but in no event until after major hostilities in Europe have ceased.

(i) The Fund may postpone exchange transactions with any member if its circumstances are such that, in the opinion of the Fund they would lead to use of the resources of the Fund in a manner contrary to the purposes of this Agreement or prejudicial to the Fund or the members.

(j) The par values of the currencies of governments which indicate their desire to become members after December 31, 1945, shall be determined in accordance with the provisions of Article II, Section 2.

DONE at Washington, in a single copy which shall remain deposited in the archives of the Government of the United States of America which shall transmit certified copies to all governments whose names are set forth in Schedule A and to all governments whose membership is approved in accordance with Article II, Section 2.

## SCHEDULE B

PROVISIONS WITH RESPECT TO REPURCHASE BY A MEMBER OF ITS CURRENCY  
HELD BY THE FUND

1. In determining the extent to which repurchase of a member's currency from the Fund under Article V, Section 7 (b) shall be made with each type of monetary reserve, that is, with gold and with each convertible currency, the following rule, subject to 2 below, shall apply:

- (a) If the member's monetary reserves have not increased during the year, the amount payable to the Fund shall be distributed among all types of reserves in proportion to the member's holdings thereof at the end of the year.
- (b) If the member's monetary reserves have increased during the year, a part of the amount payable to the Fund equal to one-half of the increase shall be distributed among those types of reserves which have increased in proportion to the amount by which each of them has increased. The remainder of the sum payable to the Fund shall be distributed among all types of reserves in proportion to the member's remaining holdings thereof.
- (c) If after all the repurchases required under Article V, Section 7 (b), had been made, the result would exceed any of the limits specified in Article V, Section 7 (c), the Fund shall require such repurchases to be made by the members proportionately in such manner that the limits will not be exceeded.

2. The Fund shall not acquire the currency of any non-member under Article V, Section 7 (b) and (c).

3. In calculating monetary reserves and the increase in monetary reserves during any year for the purpose of Article V, Section 7 (b) and (c), no account shall be taken, unless deductions have otherwise been made by the member for such holdings, of any increase in those monetary reserves which is due to currency previously inconvertible having become convertible during the year; or to holdings which are the proceeds of a long-term or medium-term loan contracted during the year; or to holdings which have been transferred or set aside for repayment of a loan during the subsequent year.

4. In the case of members whose metropolitan territories have been occupied by the enemy, gold newly produced during the five years after the entry into force of this Agreement from mines located within their metropolitan territories shall not be included in computations of their monetary reserves or of increases in their monetary reserves.

5. Any governor part of whose votes must be counted in order to raise the total of any person above nineteen per cent shall be considered as casting all of his votes for such person even if the total votes for such person thereby exceed twenty per cent.
6. If, after the second ballot, five persons have not been elected, further ballots shall be held on the same principles until five persons have been elected, provided that after four persons are elected, the fifth may be elected by a simple majority of the remaining votes and shall be deemed to have been elected by all such votes.

#### Section 2. Authorized capital

- (a) The authorized capital stock of the Bank shall be \$10,000 millions, in terms of United States dollars of the weight and fineness in effect on July 1, 1944. The capital stock shall be divided into 100,000 shares having a par value of \$100,000 each which shall be available for subscription only by members.
- (b) The capital stock may be increased when the Bank deems it advisable by a three-fourths majority of the total voting power.

#### Section 3. Subscription of shares

- (a) Each member shall subscribe shares of the capital stock of the Bank. The minimum number of shares to be subscribed by the original members shall be those set forth in Schedule A. The minimum number of shares to be subscribed by other members shall be determined by the Bank, which shall reserve a sufficient portion of its capital stock for subscription by such members.
- (b) The Bank shall prescribe rules laying down the conditions under which members may subscribe shares of the authorized capital stock of the Bank in addition to their minimum subscriptions.
- (c) If the authorized capital stock of the Bank is increased, each member shall have a reasonable opportunity to subscribe under such conditions as the Bank shall decide, a proportion of the increase of stock equivalent to the proportion which its stock theretofore subscribed bears to the total capital stock of the Bank, but no member shall be obligated to subscribe any part of the increased capital.

**BRETTON WOODS**

**Section 4. Issue price of shares**

Shares included in the minimum subscriptions of original members shall be issued at par. Other shares shall be issued at par unless the Bank by a majority of the total voting power decides in special circumstances to issue them on other terms.

**Section 5. Division and calls of subscribed capital**

The subscription of each member shall be divided into two parts as follows:

- (i) twenty per cent shall be paid or subject to call under Section 7 (i) of this Article as needed by the Bank for its operations;
- (ii) the remaining eighty per cent shall be subject to call by the Bank only when required to meet obligations of the Bank created under Article IV, Section 1 (a) (ii) and (iii).

Calls on unpaid subscriptions shall be uniform on all shares.

**Section 6. Limitation on liability**

Liability on shares shall be limited to the unpaid portion of the issue price of the shares.

**Section 7. Method of payment of subscriptions for shares**

Payment of subscriptions for shares shall be made in gold or United States dollars and in the currencies of the members as follows:

- (i) under Section 5 (i) of this Article, two per cent of the price of each share shall be payable in gold or United States dollars, and, when calls are made, the remaining eighteen per cent shall be paid in the currency of the member;
- (ii) when a call is made under Section 5 (ii) of this Article, payment may be made at the option of the member either in gold, United States dollars or in the currency required to discharge the obligations of the Bank for the purpose for which the call is made;
- (iii) when a member makes payments in any currency under (i) and (ii) above, such payments shall be made in amounts equal in value to the member's liability under the call. This liability shall be a proportionate part of the subscribed capital stock of the Bank as authorized and defined in Section 2 of this Article.

**Section 8. Time of payment of subscriptions**

(a) The two per cent payable on each share in gold or United States dollars under Section 7 (i) of this Article, shall be paid within sixty days of the date on which the Bank begins operations, provided

**BRETTON WOODS**

that (i) any original member of the Bank whose metropolitan territory has suffered from enemy occupation or hostilities during the present war shall be granted the right to postpone payment of one-half per cent until five years after that date; (ii) an original member who cannot make such a payment because it has not recovered possession of its gold reserves which are still seized or immobilized as a result of the war may postpone all payment until such date as the Bank may decide.

(b) The remainder of the price of each share payable under Section 7 (i) of this Article shall be paid as and when called by the Bank, provided that

(i) the Bank shall, within one year of its beginning operations, call not less than eight per cent of the price of the share in addition to the payment of two per cent referred to in (a) above.

(ii) not more than five per cent of the price of the share shall be called in any period of three months.

**Section 9. Maintenance of value of certain currency holdings of the Bank**

(a) Whenever (i) the par value of a member's currency is reduced, or (ii) the foreign exchange value of a member's currency has, in the opinion of the Bank, depreciated to a significant extent within that member's territories, the member shall pay to the Bank within a reasonable time an additional amount of its own currency sufficient to maintain the value, as of the time of initial subscription, of the amount of the currency of such member, which is held by the Bank and derived from currency originally paid in to the Bank by the member under Article II, Section 7 (i), from currency referred to in Article IV, Section 2 (b), or from any additional currency furnished under the provisions of the present paragraph, and which has not been re-purchased by the member for gold or for the currency of any member which is acceptable to the Bank.

(b) Whenever the par value of a member's currency is increased, the Bank shall return to such member within a reasonable time an amount of that member's currency equal to the increase in the value of the amount of such currency described in (a) above.

(c) The provisions of the preceding paragraphs may be waived by the Bank when a uniform proportionate change in the par values of the currencies of all its members is made by the International Monetary Fund.

**Section 10. Restriction on disposal of shares**

Shares shall not be pledged or encumbered in any manner whatever and they shall be transferable only to the Bank.

Article III

GENERAL PROVISIONS RELATING TO LOANS AND GUARANTEES

Section 1. Use of resources

(a) The resources and the facilities of the Bank shall be used exclusively for the benefit of members with equitable consideration to projects for development and projects for reconstruction alike.

(b) For the purpose of facilitating the restoration and reconstruction of the economy of members whose metropolitan territories have suffered great devastation from enemy occupation or hostilities, the Bank, in determining the conditions and terms of loans made to such members, shall pay special regard to lightening the financial burden and expediting the completion of such restoration and reconstruction.

Section 2. Dealings between members and the Bank

Each member shall deal with the Bank only through its Treasury, central bank, stabilization fund or other similar fiscal agency, and the Bank shall deal with members only by or through the same agencies.

Section 3. Limitations on guarantees and borrowings of the Bank

The total amount outstanding of guarantees, participations in loans and direct loans made by the Bank shall not be increased at any time, if by such increase the total would exceed one hundred per cent of the unimpaired subscribed capital, reserves and surplus of the Bank.

Section 4. Conditions on which the Bank may guarantee or make loans

The Bank may guarantee, participate in, or make loans to any member or any political sub-division thereof and any business, industrial, and agricultural enterprise in the territories of a member, subject to the following conditions.

1. When the member in whose territories the project is located is not itself the borrower, the member or the central bank or some comparable agency of the Member which is acceptable to the Bank, fully guarantees the repayment of the principal and the payment of interest and other charges on the loan.

2. The Bank is satisfied that in the prevailing market conditions the borrower would be unable otherwise to obtain the loan under conditions which in the opinion of the Bank are reasonable for the borrower.

3. A competent committee, as provided for in Article V, Section 7, has submitted a written report recommending the project after a careful study of the merits of the proposal.

## BRETTON WOODS

4. In the opinion of the Bank the rate of interest and other charges are reasonable and such rate, charges and the schedule for repayment of principal are appropriate to the project.

5. In making or guaranteeing a loan, the Bank shall pay due regard to the prospects that the borrower, and, if the borrower is not a member, that the guarantor, will be in a position to meet its obligations under the loan; and the Bank shall act prudently in the interests both of the particular member in whose territories the project is located and of the members as a whole.

6. In guaranteeing a loan made by other investors, the Bank receives suitable compensation for its risk.

7. Loans made or guaranteed by the Bank shall, except in special circumstances, be for the purpose of specific projects of reconstruction or development.

### Section 5. Use of loans guaranteed, participated in or made by the Bank

(a) The Bank shall impose no conditions that the proceeds of a loan shall be spent in the territories of any particular member or members.

(b) The Bank shall make arrangements to ensure that the proceeds of any loan are used only for the purposes for which the loan was granted, with due attention to considerations of economy and efficiency and without regard to political or other non-economic influences or considerations.

(c) In the case of loans made by the Bank, it shall open an account in the name of the borrower and the amount of the loan shall be credited to this account in the currency or currencies in which the loan is made. The borrower shall be permitted by the Bank to draw on this account only to meet expenses in connection with the project as they are actually incurred.

### OPERATIONS

#### Section 1. Methods of making or facilitating loans

(a) The Bank may make or facilitate loans which satisfy the general conditions of Article III in any of the following ways:

(i) By making or participating in direct loans out of its own funds corresponding to its unimpaired paid-up capital, surplus and, subject to Section 6 of this Article, to its reserves.

(ii) By making or participating in direct loans out of funds raised

**BRETTON WOODS**

in the market of a member, or otherwise borrowed by the Bank.

(iii) By guaranteeing in whole or in part loans made by private investors through the usual investment channels.

(b) The Bank may borrow funds under (a) (ii) above or guarantee loans under (a) (iii) above only with the approval of the member in whose markets the funds are raised and the member in whose currency the loan is denominated; and only if those members agree that the proceeds may be exchanged for the currency of any other member without restriction.

**Section 2. Availability and transferability of currencies**

(a) Currencies paid into the Bank under Article II, Section 7 (i), shall be loaned only with the approval in each case of the member whose currency is involved; provided, however, that if necessary, after the Bank's subscribed capital has been entirely called, such currencies shall, without restriction by the members whose currencies are offered, be used or exchanged for the currencies required to meet contractual payments of interest, other charges or amortization on the Bank's own borrowings, or to meet the Bank's liabilities with respect to such contractual payments on loans guaranteed by the Bank.

(b) Currencies received by the Bank from borrowers or guarantors in payment on account of principal of direct loans made with currencies referred to in (a) above shall be exchanged for the currencies of other members or reloaned only with the approval in each case of the members whose currencies are involved; provided, however, that if necessary, after the Bank's subscribed capital has been entirely called, such currencies shall, without restriction by the members whose currencies are offered, be used or exchanged for the currencies required to meet contractual payments of interest, other charges or amortization on the Bank's own borrowings, or to meet the Bank's liabilities with respect to such contractual payments on loans guaranteed by the Bank.

(c) Currencies received by the Bank from borrowers or guarantors in payment on account of principal of direct loans made by the Bank under Section 1 (a) (ii) of this Article, shall be held and used without restriction by the members to make amortization payments, or to anticipate payment of or repurchase part or all of the Bank's own obligations.

(d) All other currencies available to the Bank including those raised in the market or otherwise borrowed under Section 1 (a) (ii) of this Article, those obtained by the sale of gold, those received as payments of interest and other charges for direct loans made under

#### BRETTON WOODS

Sections 1 (a) (i) and (ii), and those received as payments of commissions and other charges under Section 1 (a) (iii), shall be used or exchanged for other currencies or gold required in the operations of the Bank without restriction by the members whose currencies are offered.

(a) Currencies raised in the markets of members by borrowers on loans guaranteed by the Bank under Section 1 (a) (iii) of this Article, shall also be used or exchanged for other currencies without restriction by such members.

#### Section 3. Provision of currencies for direct loans

The following provisions shall apply to direct loans under Sections 1 (a) (i) and (ii) of this Article:

(a) The Bank shall furnish the borrower with such currencies of members other than the member in whose territories the project is located as are needed by the borrower for expenditures to be made in the territories of such other members to carry out the purposes of the loan.

(b) The Bank may, in exceptional circumstances when local currency required for the purposes of the loan cannot be raised by the borrower on reasonable terms, provide the borrower as part of the loan with an appropriate amount of that currency.

(c) The Bank, if the project gives rise indirectly to an increased need for foreign exchange by the member in whose territories the project is located, may in exceptional circumstances provide the borrower as part of the loan with an appropriate amount of gold or foreign exchange not in excess of the borrower's local expenditure in connection with the purposes of the loan.

(d) The Bank may, in exceptional circumstances, at the request of a member in whose territories a portion of the loan is spent, repurchase with gold or foreign exchange a part of that member's currency thus spent but in no case shall the part so repurchased exceed the amount by which the expenditure of the loan in those territories gives rise to an increased need for foreign exchange.

#### Section 4. Payment provisions for direct loans

Loan contracts under Section 1 (a) (i) or (ii) of this Article shall be made in accordance with the following payment provisions:

(a) The terms and conditions of interest and amortization payments, maturity and dates of payment of each loan shall be

**BRETTON WOODS**

determined by the Bank. The Bank shall also determine the rate and any other terms and conditions of commission to be charged in connection with such loan.

In the case of loans made under Section 1 (a) (ii) of this Article during the first ten years of the Bank's operations, this rate of commission shall be not less than one per cent per annum and not greater than one and one-half per cent per annum, and shall be charged on the outstanding portion of any such loan. At the end of this period of ten years, the rate of commission may be reduced by the Bank with respect both to the outstanding portions of loans already made and to future loans, if the reserves accumulated by the Bank under Section 6 of this Article and out of other earnings are considered by it sufficient to justify a reduction. In the case of future loans the Bank shall also have discretion to increase the rate of commission beyond the above limit, if experience indicates that an increase is advisable.

(b) All loan contracts shall stipulate the currency or currencies in which payments under the contract shall be made to the Bank. At the option of the borrower, however, such payments may be made in gold, or subject to the agreement of the Bank, in the currency of a member other than that prescribed in the contract.

(i) In the case of loans made under Section 1 (a) (i) of this Article, the loan contracts shall provide that payments to the Bank of interest, other charges and amortization shall be made in the currency loaned, unless the member whose currency is loaned agrees that such payments shall be made in some other specified currency or currencies. These payments, subject to the provisions of Article II, Section 9 (c), shall be equivalent to the value of such contractual payments at the time the loans were made, in terms of a currency specified for the purpose by the Bank by a three-fourths majority of the total voting power.

(ii) In the case of loans made under Section 1 (a) (ii) of this Article, the total amount outstanding and payable to the Bank in any one currency shall at no time exceed the total amount of the outstanding borrowings made by the Bank under Section 1 (a) (ii) and payable in the same currency.

(c) If a member suffers from an acute exchange stringency, so that the service of any loan contracted by that member or guaranteed by it or by one of its agencies cannot be provided in the stipulated manner, the member concerned may appeal to the Bank for a relaxation of the conditions of payment. If the Bank is satisfied that some relaxation is in the interests of the particular member and of

#### BRETTON WOODS

the operations of the Bank and of its members as a whole, it may take action under either, or both, of the following paragraphs with respect to the whole, or part, of the annual service:

- (i) The Bank may, in its discretion, make arrangements with the member concerned to accept service payments on the loan in the member's currency for periods not to exceed three years upon appropriate terms regarding the use of such currency and the maintenance of its foreign exchange value, and for the repurchase of such currency on appropriate terms.
- (ii) The Bank may modify the terms of amortization or extend the life of the loan, or both.

#### Section 5. Guarantees

(a) In guaranteeing a loan placed through the usual investment channels, the Bank shall charge a guarantee commission payable periodically on the amount of the loan outstanding at a rate determined by the Bank. During the first ten years of the Bank's operations, this rate shall be not less than one per cent per annum and not greater than one and one-half per cent per annum. At the end of this period of ten years, the rate of commission may be reduced by the Bank with respect both to the outstanding portions of loans already guaranteed and to future loans if the reserves accumulated by the Bank under Section 6 of this Article and out of other earnings are considered by it sufficient to justify a reduction. In the case of future loans the Bank shall also have discretion to increase the rate of commission beyond the above limit, if experience indicates that an increase is advisable.

(b) Guarantee commissions shall be paid directly to the Bank by the borrower.

(c) Guarantees by the Bank shall provide that the Bank may terminate its liability with respect to interest if, upon default by the borrower and by the guarantor, if any, the Bank offers to purchase, at par and interest accrued to a date designated in the offer, the bonds or other obligations guaranteed.

(d) The Bank shall have power to determine any other terms and conditions of the guarantee.

#### Section 6. Special reserve

The amount of commissions received by the Bank under Sections 4 and 5 of this Article shall be set aside as a special reserve, which shall be used only for meeting liabilities of the Bank in accordance with Section 7 of this Article. The special reserve shall be held in such liquid form, permitted under this Agreement, as the Executive Directors may decide.

## BRETTON WOODS

## Section 7. Methods of meeting liabilities of the Bank in case of defaults

In cases of default on loans made, participated in, or guaranteed by the Bank:

- (a) The Bank shall make such arrangements as may be feasible to adjust the obligations under the loans, including arrangements under or analogous to those provided in Section 4 (c) of this Article.
- (b) The payments in discharge of the Bank's liabilities on borrowings or guarantees under Sections 1 (a) (ii) and (iii) of this Article shall be charged:
  - (i) first, against the special reserve provided in Section 6 of this Article;
  - (ii) then, to the extent necessary and at the discretion of the Bank, against the other reserves, surplus and capital available to the Bank.
- (c) Whenever necessary to meet contractual payments of interest, other charges or amortization on the Bank's own borrowings, or to meet the Bank's liabilities with respect to similar payments on loans guaranteed by the Bank, the Bank may call an appropriate amount of the unpaid subscriptions of members in accordance with Article II, Sections 5 and 7. Moreover, if it believes that a default may be of long duration, the Bank may call an additional amount of such unpaid subscriptions not to exceed in any one year one per cent of the total subscriptions of the members for the following purposes:
  - (i) To redeem prior to maturity or otherwise discharge its liability on all or part of the outstanding principal of any loan guaranteed by it in respect of which the debtor is in default.
  - (ii) To repurchase or otherwise discharge its liability on all or part of its own outstanding borrowings.

## Section 8. Miscellaneous operations

In addition to the operations specified elsewhere in this Agreement, the Bank shall have the power:

- (1) To buy and sell securities it has issued and to buy and sell securities which it has guaranteed or in which it has invested, provided that the Bank shall obtain the approval of the member in whose territories the securities are to be bought or sold.

**BRETTON WOODS**

- (ii) To guarantee securities in which it has invested for the purpose of facilitating their sale.
- (iii) To borrow the currency of any member with the approval of that member.
- (iv) To buy and sell such other securities as the Directors by a three-fourths majority of the total voting power may deem proper for the investment of all or part of the special reserve under Section 6 of this Article.

In exercising the powers conferred by this Section, the Bank may deal with any person, partnership, association, corporation or other legal entity in the territories of any member.

**Section 9. Warning to be placed on securities**

Every security guaranteed or issued by the Bank shall bear on its face a conspicuous statement to the effect that it is not an obligation of any government unless expressly stated on the security.

**Section 10. Political activity prohibited**

The Bank and its officers shall not interfere in the political affairs of any member; nor shall they be influenced in their decisions by the political character of the member or members concerned. Only economic considerations shall be relevant to their decisions, and these considerations shall be weighed impartially in order to achieve the purposes stated in Article I.

**Article V****ORGANIZATION AND MANAGEMENT****Section 1. Structure of the Bank**

The Bank shall have a Board of Governors, Executive Directors, a President and such other officers and staff to perform such duties as the Bank may determine.

**Section 2. Board of Governors**

(a) All the powers of the Bank shall be vested in the Board of Governors consisting of one governor and one alternate appointed by each member in such manner as it may determine. Each governor and each alternate shall serve for five years, subject to the pleasure of the member appointing him, and may be reappointed. No alternate may vote except in the absence of his principal. The Board shall select one of the governors as Chairman.

(b) The Board of Governors may delegate to the Executive Directors authority to exercise any powers of the Board, except the power to:

**BRETTON WOODS**

- (i) Admit new members and determine the conditions of their admission;
  - (ii) Increase or decrease the capital stock;

Meetings of the Board shall be called by the Directors whenever requested by five members or by members having one-quarter of the total voting power.
- (d) A quorum for any meeting of the Board of Governors shall be a majority of the Governors, exercising not less than two-thirds of the total voting power.
- (e) The Board of Governors may by regulation establish a procedure whereby the Executive Directors, when they deem such action to be in the best interests of the Bank, may obtain a vote of the Governors on a specific question without calling a meeting of the Board.
- (f) The Board of Governors, and the Executive Directors to the extent authorized, may adopt such rules and regulations as may be necessary or appropriate to conduct the business of the Bank.
- (g) Governors and alternates shall serve as such without compensation from the Bank, but the Bank shall pay them reasonable expenses incurred in attending meetings.

#### BRETTON WOODS

shall exercise all the powers delegated to them by the Board of Governors.

(b) There shall be twelve Executive Directors, who need not be governors, and of whom:

- (i) five shall be appointed, one by each of the five members having the largest number of shares;
- (ii) seven shall be elected according to Schedule B by all the Governors other than those appointed by the five members referred to in (i) above.

For the purpose of this paragraph, "members" means governments of countries whose names are set forth in Schedule A, whether they are original members or become members in accordance with Article II, Section 1 (b). When governments of other countries become members, the Board of Governors may, by a four-fifths majority of the total voting power, increase the total number of Directors by increasing the number of Directors to be elected.

Executive Directors shall be appointed or elected every two years.

(c) Each Executive Director shall appoint an alternate with full power to act for him when he is not present. When the Executive Directors appointing them are present, alternates may participate in meetings but shall not vote.

(d) Directors shall continue in office until their successors are appointed or elected. If the office of an elected director becomes vacant more than ninety days before the end of his term, another director shall be elected for the remainder of the term by the Governors who elected the former director. A majority of the votes cast shall be required for election. While the office remains vacant, the alternate of the former director shall exercise his powers, except that of appointing an alternate.

(e) The Executive Directors shall function in continuous session at the principal office of the Bank and shall meet as often as the business of the Bank may require.

(f) A quorum for any meeting of the Executive Directors shall be a majority of the Directors, exercising not less than one-half of the total voting power.

(g) Each appointed Director shall be entitled to cast the number of votes allotted under Section 3 of this Article to the member appointing him. #### BRETTON WOODS

may send a representative to attend any meeting of the Executive Directors at which a request made by, or a matter particularly affecting, that member is under consideration.

(c) The Executive Directors may appoint such committees as they deem advisable. Membership of such committees need not be limited to Governors or Directors or their alternates.

#### Section 5. President and staff

(a) The Executive Directors shall select a President who shall not be a Governor or an Executive Director or an alternate for either. The President shall be Chairman of the Executive Directors, but shall have no vote except a deciding vote in case of an equal division. He may participate in meetings of the Board of Governors, but shall not vote at such meetings. The President shall cease to hold office when the Executive Directors so decide.

(b) The President shall be chief of the operating staff of the Bank and shall conduct, under the direction of the Executive Directors, the ordinary business of the Bank. Subject to the general control of the Executive Directors, he shall be responsible for the organization, appointment and dismissal of the officers and staff.

(c) The President, officers and staff of the Bank, in the discharge of their offices, owe their duty entirely to the Bank and to no other authority. ##### WITHDRAWAL AND SUSPENSION OF MEMBERSHIP: SUSPENSION OF OPERATIONS

###### Section 1. Right of members to withdraw

Any member may withdraw from the Bank at any time by transmitting a notice in writing to the Bank at its principal office. Withdrawal shall become effective on the date such notice is received.

###### Section 2. Suspension of membership

If a member fails to fulfil any of its obligations to the Bank, the Bank may suspend its membership by decision of a majority of the Governors, exercising a majority of the total voting power. The member so suspended shall automatically cease to be a member one year from the date of its suspension unless a decision is taken by the same majority to restore the member to good standing.

While under suspension, a member shall not be entitled to exercise any rights under this Agreement, except the right of withdrawal, but shall remain subject to all obligations.

###### Section 3. Cessation of membership in International Monetary Fund

Any member which ceases to be a member of the International Monetary Fund shall automatically cease after three months to be a member of the Bank unless the Bank by three-fourths of the total voting power has agreed to allow it to remain a member.

###### Section 4. Settlement of accounts with governments ceasing to be members

(a) When a government ceases to be a member, it shall remain liable for its direct obligations to the Bank and for its contingent liabilities to the Bank so long as any part of the loans or guarantees contracted before it ceased to be a member are outstanding, but it shall cease to incur liabilities with respect to loans and guarantees entered into thereafter by the Bank and to share either in the income or the expenses of the Bank.

(b) At the time a government ceases to be a member, the Bank shall arrange for the repurchase of its shares as a part of the settlement of accounts with such government in accordance with the

**BRETTON WOODS**

provisions of paragraphs (c) and (d) below. For this purpose the repurchase price of the shares shall be the value shown by the books of the Bank on the day the government ceases to be a member.

(c) The payment for shares repurchased by the Bank under this section shall be governed by the following conditions:

- (i) Any amount due to the government for its share shall be withheld so long as the government, its central bank or any of its agencies remains liable, as borrower or guarantor, to the Bank and such amount may, at the option of the Bank, be applied on any such liability as it matures. No amount shall be withheld on account of the liability of the government resulting from its subscription for shares under Article II, Section 5 (ii). In any event, no amount due to a member for its shares shall be paid until six months after the date upon which the government ceases to be a member.
- (ii) Payments for shares may be made from time to time, upon their surrender by the government, to the extent by which the amount due as the repurchase price in (b) above exceeds the aggregate of liabilities on loans and guarantees in (c) (i) above until the former member has received the full repurchase price.
- (iii) Payments shall be made in the currency of the country receiving payment or at the option of the Bank in gold.
- (iv) If losses are sustained by the Bank on any guarantees, participations in loans, or loans which were outstanding on the date when the government ceased to be a member, and the amount of such losses exceeds the amount of the reserve provided against losses on the date when the government ceased to be a member, such government shall be obligated to repay upon demand the amount by which the repurchase price of its shares would have been reduced, if the losses had been taken into account when the repurchase price was determined. In addition, the former member government shall remain liable on any call for unpaid subscriptions under Article II, Section 5 (ii) to the extent that it would have been required to respond if the impairment of capital had occurred and the call had been made at the time the repurchase price of its shares was determined.

(d) If the Bank suspends permanently its operations under Section 5 (b) of this Article, within six months of the date upon which any government ceases to be a member, all rights of such government shall be determined by the provisions of Section 5 of this Article.

**BRETTON WOODS****Section 5. Suspension of operations and settlement of obligations**

(b) The Bank may suspend permanently its operations in respect of new loans and guarantees by vote of a majority of the Governors, exercising a majority of the total voting power. After such suspension of operations the Bank shall forthwith cease all activities, except those incident to the orderly realization, conservation, and preservation of its assets and settlement of its obligations.

(c) The liability of all members for uncalled subscriptions to the capital stock of the Bank and in respect of the depreciation of their own currencies shall continue until all claims of creditors, including all contingent claims, shall have been discharged.

(d) All creditors holding direct claims shall be paid out of the assets of the Bank, and then out of payments to the Bank on calls on unpaid subscriptions. Before making any payments to creditors holding direct claims, the Executive Directors shall make such arrangements as are necessary, in their judgement, to insure a distribution to holders of contingent claims ratably with creditors holding direct claims.

(e) No distribution shall be made to members on account of their subscriptions to the capital stock of the Bank until

(i) all liabilities to creditors have been discharged or provided for, and

(ii) a majority of the Governors, exercising a majority of the total voting power, have decided to make a distribution.

(f) After a decision to make a distribution has been taken under (e) above, the Executive Directors may by a two-thirds majority vote make successive distributions of the assets of the Bank to members until all of the assets have been distributed. This distribution shall be subject to the prior settlement of all outstanding claims of the Bank against each member.

(g) Before any distribution of assets is made, the Executive Directors shall fix the proportionate share of each member according to the ratio of its shareholding to the total outstanding shares of the Bank.

(h) The Executive Directors shall value the assets to be distributed as at the date of distribution and then proceed to distribute in the following manner:

(i) There shall be paid to each member in its own obligations or those of its official agencies or legal entities within its term

## BRETTON WOODS

tories, in so far as they are available for distribution, an amount equivalent in value to its proportionate share of the total amount to be distributed.

(ii) Any balance due to a member after payment has been made under (i) above shall be paid, in its own currency, in so far as it is held by the Bank, up to an amount equivalent in value to such balance.

(iii) Any balance due to a member after payment has been made under (i) and (ii) above shall be paid, in gold or currency acceptable to the member, in so far as they are held by the Bank, up to an amount equivalent in value to such balance.

(iv) Any remaining assets held by the Bank after payments have been made to members under (i), (ii), and (iii) above shall be distributed *pro rata* among the members.

(i) Any member receiving assets distributed by the Bank in accordance with (h) above, shall enjoy the same rights with respect to such assets as the Bank enjoyed prior to their distribution.

2. In balloting for the elective Executive Directors, each Governor eligible to vote shall cast for one person all of the votes to which the member appointing him is entitled under Section 3 of Article V. The seven persons receiving the greatest number of votes shall be Executive Directors, except that no person who receives less than fourteen per cent of the total of the votes which can be cast (eligible votes) shall be considered elected.
3. When seven persons are not elected on the first ballot, a second ballot shall be held in which the person who received the lowest number of votes shall be ineligible for election and in which there shall vote only (a) those Governors who voted in the first ballot for a person not elected and (b) those Governors whose votes for a person elected are deemed under 4 below to have raised the votes cast for that person above fifteen per cent of the eligible votes.
4. In determining whether the votes cast by a Governor are to be deemed to have raised the total of any person above fifteen per cent of the eligible votes, the fifteen per cent shall be deemed to include, first, the votes of the Governor casting the largest number of votes for such person, then the votes of the Governor casting the next largest number, and so on until fifteen per cent is reached.
5. Any Governor, part of whose votes must be counted in order to raise the total of any person above fourteen per cent, shall be considered as casting all of his votes for such person even if the total votes for such person thereby exceed fifteen per cent.
6. If, after the second ballot, seven persons have not been elected, further ballots shall be held on the same principles until seven persons have been elected, provided that after six persons are elected, the seventh may be elected by a simple majority of the remaining votes and shall be deemed to have been elected by all such votes.

# Indictment and arrest of Julian Assange

In 2012, while fighting extradition to Sweden for questioning over sex assault claims,<sup>[1]</sup> Julian Assange applied for and was granted political asylum by Ecuador<sup>[1][2]</sup> and he remained in the Ecuadorian Embassy in London from 2012 until 2019. On 11 April 2019, his asylum was revoked and he was carried out of the Embassy and arrested by the London Metropolitan Police for failing to appear in court.<sup>[3]</sup> Following his arrest, a US indictment from 2018 was made public accusing Assange of conspiracy to commit computer intrusion related to his involvement with Chelsea Manning and WikiLeaks.<sup>[4]</sup> The charge carries a maximum sentence of five years with a possibility of parole.<sup>[5]</sup>

On 23 May 2019, a US grand jury added 17 espionage charges also related to his involvement with Chelsea Manning, making a total of 18 federal charges against Assange in the US. The 18 charges could result in a sentence of up to 175 years in prison.<sup>[6][7]</sup> On 25 June 2020 a new indictment was filed, alleging that Assange attempted to recruit hackers and system administrators at conferences around the world as far back as 2009, and conspired with hackers, including members of LulzSec and Anonymous. The indictment also described Assange's alleged efforts to recruit system administrators, Assange and WikiLeaks' role in helping Snowden flee the US, and their use of Snowden as a recruitment tool.<sup>[8][9][10][11][12]</sup>

While there was support from some American journalism institutions<sup>[13][14]</sup> and from bi-partisan politicians<sup>[15]</sup> for Assange's arrest and indictment, several non-government organisations for press freedom condemned it.<sup>[16]</sup> The New York Times' Editorial Board warned that "The administration has begun well by charging Mr. Assange with an indisputable crime. But there is always a risk with this administration — one that labels the free press as "the enemy of the people" — that the prosecution of Mr. Assange could become an assault on the First Amendment and whistle-blowers."<sup>[13]</sup>

In December 2021, the High Court of Justice ruled that Assange may be extradited to the US.<sup>[3]</sup>

## Background

### Publication of material from Manning

Assange and some of his friends founded WikiLeaks in 2006 and started visiting Europe, Asia, Africa and North America to look for, and publish, secret information concerning companies and governments that they felt should be made public. However, these leaks attracted little interest from law enforcement.

In 2010, Assange was contacted by Chelsea Manning, who gave him classified information containing various military operations conducted by the US government abroad. The material included the Baghdad airstrike of 2007, Granai Airstrike of 2009, the Iraq War Logs, Afghan War Diaries, and the Afghan War Logs, among others.<sup>[17]</sup> Some of these documents were published by WikiLeaks and leaked to other major media houses including The Guardian between 2010 and 2011.<sup>[18]</sup>

Critics of the release included Julia Gillard, then Australian Prime Minister, who said the act was illegal, and the vice-president of the United States, Joe Biden, who called him a terrorist.<sup>[19][20]</sup> Others, including Brazilian president Luiz da Silva and Ecuadorean president Rafael Correa, supported his actions, while Russian president Dmitry Medvedev said he deserved a Nobel prize for his actions.<sup>[21][22]</sup> The Manning leaks also led WikiLeaks and Julian Assange to receive various accolades and awards,<sup>[23]</sup> but at the same time attracted police investigations.

### Criminal investigation and indictment

Following the 2010 and 2011 Manning leaks, authorities in the US began investigating Assange and WikiLeaks, specifically, a grand jury in Alexandria, Virginia, beginning in 2011. Assange broke bail to avoid extradition to Sweden, where he was wanted for questioning in connection with an arrest warrant for one charge of unlawful coercion, two charges of sexual molestation, and one charge of rape, and became a fugitive.<sup>[24]</sup> The Australian government distanced itself from Assange.<sup>[25]</sup>

He then sought and gained political asylum from Ecuador, granted by Rafael Correa, after visiting the country's embassy in London.<sup>[2][1][26]</sup>

At the same time, an investigation by the FBI was going on regarding Assange's release of the Manning documents,<sup>[27]</sup> and according to court documents dated May 2014, he was still under active and ongoing investigation.<sup>[28]</sup> A warrant issued to Google by the district court cited several crimes, including espionage, conspiracy to commit espionage, theft or conversion of property belonging to the United States government, violation of the Computer Fraud and Abuse Act and general conspiracy. An indictment continued to remain sealed as of January 2019, although investigations seemed to have intensified as the case neared its statute of limitations.<sup>[29]</sup>

## Arrest by the Metropolitan Police

After Assange's asylum was revoked, the Ambassador of Ecuador to the UK invited the Metropolitan Police into the embassy on 11 April 2019. Assange was arrested and taken to a central London police station.<sup>[30]</sup> Assange was carrying Gore Vidal's *History of the National Security State* during his forcible removal from the embassy and shouted "the UK has no sovereignty" and "the UK must resist this attempt by the Trump administration ..." as five police officers put him into a van.<sup>[31][32]</sup> The news of the arrest went viral within minutes and several media outlets reported it as breaking news. President Moreno called Assange a "spoiled brat" in the wake of the arrest.<sup>[33]</sup>

CNN reported that "British police entered the Ecuadorian Embassy in London... forcibly removing the WikiLeaks founder Julian Assange on a US extradition warrant and bringing his seven-year stint there to a dramatic close."<sup>[34]</sup> At a hearing at Westminster Magistrates' Court a few hours after his arrest, the presiding judge found Assange was guilty of breaching the terms of his bail.<sup>[35]</sup> On 1 May 2019, Assange was sentenced to 50 weeks in prison.<sup>[36]</sup>

### Sealed indictment

In 2012 and 2013, US officials indicated that Assange was not named in a sealed indictment.<sup>[37][38]</sup> On 6 March 2018, a federal grand jury for the Eastern District of Virginia issued a sealed indictment against Assange.<sup>[39]</sup> In November 2018, US prosecutors accidentally revealed that Assange had been indicted under seal in US federal court; the revelation came as a result of an error in a different court filing, unrelated to Assange.<sup>[40][41][42][43][44]</sup>

### Charge of conspiracy to commit computer intrusion

On 11 April 2019, the day of Assange's arrest in London, the indictment against him was unsealed.<sup>[45]</sup> He was charged with conspiracy to commit computer intrusion (i.e. hacking into a government computer), a crime that carries a maximum 5-year sentence.<sup>[46][47]</sup> The charges stem from the allegation that Assange conspired and failed to crack a password hash so that Chelsea Manning could use a different username to download classified documents and avoid detection.<sup>[48]</sup> This allegation had been known since 2011 and was a factor in Manning's trial; the indictment did not reveal any new information about Assange.<sup>[48][49]</sup>

### Charges under the Espionage Act

On 23 May 2019, Assange was indicted on 17 new charges relating to the Espionage Act of 1917 in the United States District Court for the Eastern District of Virginia.<sup>[50]</sup> The Espionage Act charges carry a maximum sentence of 170 years in prison.<sup>[51]</sup> The Obama administration had debated charging Assange under the Espionage Act but decided against it out of fear that it would have a negative effect on investigative journalism and could be unconstitutional. The new charges relate to obtaining and publishing the secret documents. Most of these charges relate to obtaining the secret documents. The three charges related to publication concern documents which revealed the names of sources in dangerous places putting them "at a grave and imminent risk" of harm or detention. *The New York Times* commented that it and other news organisations obtained the same documents as WikiLeaks, also without government authorisation. It also said it is not clear how WikiLeaks' publications are legally different from other publications of classified information.<sup>[52][53]</sup>

Most cases brought under the Espionage Act have been against government employees who accessed sensitive information and leaked it to journalists and others.<sup>[54]</sup> Prosecuting people for acts related to receiving and publishing information has not previously been tested in court.<sup>[52]</sup> In 1975, the Justice

Department decided after consideration not to charge journalist Seymour Hersh for reporting on US surveillance of the Soviet Union.<sup>[54]</sup> Two lobbyists for a pro-Israel group were charged in 2005 with receiving and sharing classified information about American policy toward Iran. The charges however did not relate to the publication of the documents and the case was dropped by the Justice Department in 2009 prior to judgement.<sup>[52][54]</sup>

Assistant Attorney General John Demers said "Julian Assange is no journalist".<sup>[55]</sup> The US allegation that Assange's publication of these secrets was illegal was deemed controversial by Australia's Seven News as well as CNN.<sup>[53][56]</sup> The Cato Institute also questioned the US government's position which attempts to position Assange as not a journalist.<sup>[57]</sup> The Associated Press said Assange's indictment presented media freedom issues, as Assange's solicitation and publication of classified information is something journalists routinely do.<sup>[58]</sup>

Stephen Vladeck, a professor at the University of Texas School of Law, stated that what Assange is accused of doing is factually different from, but legally similar to what professional journalists do.<sup>[59]</sup> Vladeck also said the Espionage Act charges could provide Assange with an argument against extradition under the US-UK treaty, as there is an exemption in the treaty for political offences.<sup>[53]</sup> Forbes magazine stated that the US government created an outcry among journalists in its indictment of Assange as the US sought to debate whether Assange was a journalist or not.<sup>[60]</sup> Suzanne Nossel of PEN America said it was immaterial whether Assange was a journalist or publisher and pointed instead to First Amendment concerns.<sup>[61]</sup>

## Aftermath of his arrest

### Indictments and possible extradition to the US

Immediately following the arrest of Assange, the Eastern District of Virginia grand jury unsealed the indictment it had brought against him. According to the indictment, Assange was accused of conspiracy to commit computer intrusion in order to assist Chelsea Manning gain access to privileged information, which he intended to publish on WikiLeaks. This is a less serious charge than those levelled against Manning, and carries a maximum sentence of five years.<sup>[62]</sup>

Assange was arrested in April, after being carried out of the Ecuadorian Embassy in London, where he had been living since 2012, avoiding an international arrest warrant, was sentenced to 50 weeks in prison by a British judge on 1 May 2019.<sup>[63]</sup>

Judge Deborah Taylor said Assange's time in the embassy had cost British taxpayers the equivalent of nearly \$21 million, and that he had sought asylum in a "deliberate attempt to delay justice."

Assange offered a written apology in court, claiming that his actions were a response to terrifying circumstances. He said he had been effectively imprisoned in the embassy; two doctors also provided medical evidence of the mental and physical effects of being confined. To which the judge Deborah Taylor said (<https://www.judiciary.uk/wp-content/uploads/2019/05/sentencing-remarks-assange-010519.pdf>) "You were not living under prison conditions, and you could have left at any time to face due process with the rights and protections which the legal system in this country provides".

On 23 May 2019, Assange was indicted, in a superseding indictment, under the Espionage Act of 1917, in the United States District Court for the Eastern District of Virginia for offences relating to the publication of diplomatic cables and other sensitive information.<sup>[64]</sup> The indictment added 17 federal charges to the earlier federal indictment, thus bringing a total of 18 federal criminal charges against Assange from the US federal government with a sentence of up to 175 years in prison.<sup>[7][65][6][66][67]</sup> The charges are related to his involvement with Chelsea Manning, a former US Army intelligence analyst who gave Assange classified information concerning matters surround

On 25 March 2020, a London court denied Assange bail, after Judge Vanessa Baraitser rejected his lawyers' argument that his stay in prison would put him at high risk of contracting COVID-19 due to his previous respiratory tract infections and a heart problem.<sup>[68]</sup> Judge Baraitser said that Assange's past conduct showed how far he was willing to go to avoid extradition to the United States.<sup>[68]</sup>

In late June 2020, the United States Justice Department expanded the indictment against Assange. The new indictment alleged Assange attempted to recruit hackers at conferences around the world as far back as 2009, and conspired with hackers including members of LulzSec and Anonymous. The charging document also accused Assange of "gaining unauthorised access to a government computer system of a NATO country in 2010." The indictment also described Assange's alleged efforts to recruit system administrators, Assange and WikiLeaks' role in helping Snowden flee the US, and their use of Snowden as a recruitment tool.<sup>[8][9][10][11][12]</sup>

## Extradition hearings

On 25 February 2020, one of the barristers representing Assange, Edward Fitzgerald revealed to District Judge Vanessa Baraitser that Dana Rohrabacher, as an emissary of President Donald Trump, had offered Assange a pardon from President Trump, if Assange could offer material identifying the source of email leaks from the Democratic National Committee during 2016.<sup>[69][70]</sup>

On 20 April 2022, a British judge formally issued Assange's extradition order. The decision was sent to the UK government, where the Home Secretary Priti Patel was to finalize his transfer to the US. Assange can appeal the decision by judicial review, if it is approved by Patel.<sup>[71][72]</sup> On 18 June 2022, Patel approved the decision to extradite Assange in the United States; Assange announced that he would appeal the decision.<sup>[73]</sup>

## Revelations about use of Ecuadorian Embassy

On 15 July 2019, CNN obtained documents from a private Spanish security company, UC Global, which had been performing surveillance on Assange in the Ecuadorian Embassy. CNN said the documents showed that Assange used the embassy as the command centre for WikiLeaks.<sup>[74]</sup>

## Reactions to the indictment

While some US politicians supported the arrest and indictment of Julian Assange, several jurists, politicians, associations, academics and campaigners viewed the arrest of Assange as an attack on freedom of the press and international law.<sup>[75][76][77]</sup> Reporters Without Borders said Assange's arrest could "set a dangerous precedent for journalists, whistle-blowers, and other journalistic sources that the US may wish to pursue in the future."<sup>[78]</sup> Kenneth Roth, executive director of Human Rights Watch, wrote that Assange's prosecution for publishing leaked documents is "a major threat to global media freedom".<sup>[79]</sup> United Nations rights expert Agnes Callamard said the arrest of Assange exposed him to the risk of serious human rights violations, if extradited to the United States.<sup>[80]</sup> The yellow vests movement called for Assange's release.<sup>[81][82][83]</sup>

## Reactions in the UK and the EU

Dutch senator Tiny Kox (Socialist Party) asked the Council of Europe's commissioner for human rights, Dunja Mijatović, whether the arrest of Assange and his possible extradition to the US were in line with the criteria of the European Convention on Human Rights.<sup>[84]</sup> In January 2020, the Parliamentary Assembly of the Council of Europe voted to oppose Assange's extradition to the US.<sup>[85]</sup>

In 2019, British Labour Party leader Jeremy Corbyn said that Assange had revealed "evidence of atrocities in Iraq and Afghan

States "should be opposed by the British government".<sup>[78]</sup> In February 2020, Corbyn again praised Assange, demanding a halt to the extradition. Prime Minister Boris Johnson responded vaguely with "it's obvious that the rights of journalists and whistleblowers should be upheld and this government will continue to do that."<sup>[86][87]</sup>

Eva Joly, magistrate and MEP for Europe Ecology-The Greens, said that "the arrest of Julian Assange is an attack on freedom of expression, international law and right to asylum".<sup>[88]</sup> Sevim Dagdelen, a German Bundestag MP for The Left who specialises in international law and press law, describes Assange's arrest as "an attack on independent journalism" and says that he "is today seriously endangered".<sup>[89][90]</sup> Dick Marty, a former state prosecutor of Ticino and rapporteur on the CIA's secret prisons for the Council of Europe, considers the arrest of whistleblowers "very shocking".<sup>[91][92]</sup> Several well-known Swiss jurists have asked the Federal Council to grant asylum to the founder of WikiLeaks because he is threatened with extradition to the United States, which in the past "silenced whistleblowers".<sup>[93][94]</sup>

In a letter, the two French Unions of Journalists (Syndicat national des journalistes (CGT)) and (Syndicat national des journalistes (CFDT)) asked Emmanuel Macron to enforce Article 10 of the European Convention on Human Rights. According them, "Faced with threats to Julian Assange's health and at the risk of seeing him sentenced to life imprisonment, we are saying loud and clear, with the IFJ (Fédération internationale des journalistes) that 'journalism is not a crime'. They add:

Julian Assange denounced in his publications war crimes condemned by the Geneva Convention. Today, he is the one we would like to imprison, we would like to silence. ... We consider this case one of the most serious attacks on the freedom of the press, against public freedoms within the EU. The IFJ, the French unions and their Australian counterparts have launched a motion to seize this serious case the UN Human Rights Council and the European Parliament and the Council of Europe.<sup>[95]</sup>

WikiLeaks was recognised as a "media organisation" in 2017 by a UK tribunal, contradicting public assertions to the contrary by some US officials, and possibly supporting Assange's efforts to oppose his extradition to the United States.<sup>[96][97][98][99]</sup>

According to Amnesty International's Massimo Moratti, if extradited to the United States, Assange may face the "risk of serious human rights violations, namely detention conditions, which could violate the prohibition of torture".<sup>[100]</sup>

## Reactions in the US

While there was support from some American journalism institutions<sup>[13][14]</sup> and from bi-partisan politicians<sup>[15]</sup> for Assange's arrest and indictment, several non-government organisations for press freedom condemned it.<sup>[16]</sup> Mark Warner, vice chairman of the United States Senate Select Committee on Intelligence, said that Assange was "a dedicated accomplice in efforts to undermine American security".<sup>[101]</sup> Senate Judiciary Committee Chairman Lindsey Graham and Senator Joe Manchin also spoke in support of the arrest and indictment.<sup>[15][102]</sup>

After Assange's arrest and first indictment, the New York Times' Editorial Board wrote that "The case of Mr. Assange, who got his start as a computer hacker, illuminates the conflict of freedom and harm in the new technologies, and could help draw a sharp line between legitimate journalism and dangerous cybercrime." The Editorial Board also warned that "The administration has begun well by charging Mr. Assange with an indisputable crime. But there is always a risk with this administration — one that labels the free press as "the enemy of the people" — that the prosecution of Mr. Assange could become an assault on the First Amendment and whistle-blowers."<sup>[13]</sup> The Washington Post editorial Board wrote that Assange was "not a free-press hero" or a journalist.

personal accountability."<sup>[14]</sup>

Frida Ghitis warned that "while Assange is not a journalist, his arrest does present a potential threat to other journalists: One can easily foresee someone like President Donald Trump using the precedent against others reporting information he doesn't like. If a man who claims he is a journalist can be arrested and prosecuted for his work, others could also be charged."<sup>[103]</sup>

The Associated Press reported that the indictment raised concerns about media freedom, as Assange's solicitation and publication of classified information is a routine job journalists perform.<sup>[104]</sup> Steve Vladeck, a professor at the University of Texas School of Law, stated that what Assange is accused of doing is factually different from but legally similar to what professional journalists do.<sup>[105]</sup> Suzanne Nossel of PEN America said it was immaterial if Assange was a journalist or publisher and pointed instead to First Amendment concerns.<sup>[106]</sup> In a call with reporters, U.S. Attorney Terwilliger said that "Assange is charged for his alleged complicity in illegal acts to obtain or receive voluminous databases of classified information and for agreeing and attempting to obtain classified information through computer hacking. The United States has not charged Assange for passively obtaining or receiving classified information."<sup>[107]</sup>

The deputy director of the Committee to Protect Journalists, Robert Mahoney, said "With this prosecution of Julian Assange, the US government could set out broad legal arguments about journalists soliciting information or interacting with sources that could have chilling consequences for investigative reporting and the publication of information of public interest."<sup>[77]</sup> According to Yochai Benkler, a Harvard law professor, the charge sheet contained some "very dangerous elements that pose significant risk to national security reporting. Sections of the indictment are vastly overbroad and could have a significant chilling effect - they ought to be rejected."<sup>[77]</sup> Carrie DeCell, staff attorney with the Knight First Amendment Institute at Columbia University, said the charges "risk having a chill on journalism."<sup>[77]</sup> She added, "Many of the allegations fall absolutely within the first amendment's protections of journalistic activity. That's very troubling to us."<sup>[77]</sup>

Ben Wizner from the American Civil Liberties Union (ACLU) speculated that if authorities were to prosecute Assange "for violating US secrecy laws [it] would set an especially dangerous precedent for US journalists, who routinely violate foreign secrecy laws to deliver information vital to the public's interest."<sup>[108][109]</sup>

NSA whistleblower Edward Snowden and the Pentagon Papers whistleblower Daniel Ellsberg condemned the indictment.<sup>[110][111]</sup> Snowden tweeted that "Assange's critics may cheer, but this is a dark moment for press freedom."<sup>[112]</sup> Daniel Ellsberg said:

Forty-eight years ago, I was the first journalistic source to be indicted. There have been perhaps a dozen since then, nine under President Obama. But Julian Assange is the first journalist to be indicted. If he is extradited to the U.S. and convicted, he will not be the last. The First Amendment is a pillar of our democracy and this is an assault on it. If freedom of speech is violated to this extent, our republic is in danger. Unauthorized disclosures are the lifeblood of the republic.<sup>[113][114]</sup>

According to Ron Paul, Assange should receive the same kind of protections as the mainstream media when it comes to releasing information. He said "In a free society we're supposed to know the truth ... In a society where truth becomes treason, then we're in big trouble. And now, people who are revealing the truth are getting into trouble for it." He added "This is media, isn't it? I mean, why don't we prosecute *The New York Times* or anybody that releases this?"<sup>[115]</sup>

Ecuadorian president Lenín Moreno, the Australian Prime Minister Scott Morrison, the British Foreign Secretary, Jeremy Hunt, U.S. Senators Mark Warner, Lindsey Graham and Senator Joe Manchin, Hillary Clinton campaign advisor Neera Tanden, and British Prime Minister Theresa May

law," supported the arrest.<sup>[15][102][116][117]</sup> Alternatively, it has been asserted that such a move would be a threat to freedom of speech as protected by the First Amendment to the United States Constitution. This view is held by Edward Snowden, Rafael Correa, Chelsea Manning, Jeremy Corbyn, Kenneth Roth of Human Rights Watch, and Glenn Greenwald, who said "it's the criminalization of journalism".<sup>[116][110][118]</sup>

The president of the Center for American Progress and former Obama aide Neera Tanden also welcomed the arrest and condemned Assange's leftist supporters, tweeting that "the Assange cultists are the worst. Assange was the agent of a proto-fascist state, Russia, to undermine democracy. That is fascist behaviour. Anyone on the left should abhor what he did."<sup>[117]</sup>

According to the editorial in The Times "the prosecution of Mr Assange could become an assault on the First Amendment and whistle-blowers".<sup>[119]</sup>

The Reporters Without Borders said Assange's arrest could "set a dangerous precedent for journalists, whistle-blowers, and other journalistic sources that the US may wish to pursue in the future."<sup>[78]</sup> Kenneth Roth, executive director of Human Rights Watch, wrote that Assange's prosecution for publishing leaked documents is "a major threat to global media freedom".<sup>[79]</sup> Freedom of the Press Foundation said: "Whether or not you like Assange, the charge against him is a serious press freedom threat and should be vigorously protested by all those who care about the first amendment."<sup>[79]</sup>

The yellow vests movement called for Assange's release.<sup>[81][120][83]</sup>

### Reactions in Australia

In October 2019, former deputy prime minister Barnaby Joyce (National Party of Australia) called for the federal government to take action to stop Assange being extradited from the United Kingdom to the US. Later in October, the cross-party Bring Assange Home Parliamentary Working Group was established. Its co-chairs are independent Andrew Wilkie and Liberal National MP George Christensen. Its members include Greens Richard Di Natale, Adam Bandt and Peter Whish-Wilson, Centre Alliance MPs Rebekha Sharkie and Rex Patrick and independent Zali Steggall.<sup>[121]</sup>

In the lead up to an extradition hearing on 1 June 2020, more than 100 politicians, journalists, lawyers and human rights activists from Australia wrote to Foreign Minister Marise Payne, asking her to make urgent representations to the UK government to have Assange released on bail due to his ill-health.<sup>[122]</sup>

### Other reactions

Former Ecuadorian president Rafael Correa condemned Assange's arrest.<sup>[110]</sup> Former Bolivian President Evo Morales also condemned it.<sup>[116]</sup> Maria Zakharova, spokesperson for the Russian Ministry of Foreign Affairs, condemned the indictment.<sup>[123][116]</sup> The ex-President of Brazil Luiz Inácio Lula da Silva said that "Humanity should demand its freedom. Instead of being imprisoned he should be treated like a hero", during his visit in Genebra.<sup>[124][125]</sup>

Ecuadorian president Lenin Moreno said in a video posted on Twitter that he "requested Great Britain to guarantee that Mr Assange would not be extradited to a country where he could face torture or the death penalty. The British government has confirmed it in writing, in accordance with its own rules."<sup>[126]</sup> On 14 April 2019 Moreno stated in an interview with the British newspaper The Guardian that no other nation influenced his government's decision to revoke Assange's asylum in the embassy and that Assange did in fact use facilities in the embassy "to interfere in processes of other states."<sup>[127][128]</sup> Moreno also stated "we can not allow our house, the house that opened its doors, to become a centre for spying" and noted that Assange also had poor hygiene.<sup>[127][128]</sup> expel Assange, as some political actors w

violations of protocols and threats, political asylum became untenable."<sup>[127]</sup> On 11 April 2019, Moreno described Assange as a "bad mannered" guest who physically assaulted embassy security guards.<sup>[129][130]</sup>

Independent United Nations rights experts such as Agnes Callamard said "the arrest of WikiLeaks co-founder Julian Assange by police in the United Kingdom, after the Ecuadorian Government decided to stop granting him asylum in their London embassy, exposed him to the risk of serious human rights violations, if extradited to the United States".<sup>[131]</sup>

On Assange's birthday in July 2020, 40 organizations, including the International Federation of Journalists, the National Union of Journalists, the National Lawyers Guild, the International Association of Democratic Lawyers, the Centre for Investigative Journalism and the World Association of Community Radio Broadcasters, wrote an open letter demanding that Assange be released.<sup>[132][133][134]</sup>

Widespread criticism from the news media and other public advocates ensued following Assange's arrest on Espionage charges. Multiple organisations and journalists criticised Assange's arrest as a journalist citing first amendment claims.

- *The New York Times* stated: "Julian Assange, the WikiLeaks leader, was indicted on 17 counts of violating the Espionage Act for his role in obtaining and publishing secret military and diplomatic documents in 2010, the Justice Department announced on Thursday — a novel case that raises profound First Amendment issues."<sup>[135]</sup>
- *The Guardian* said: "By bringing new charges against the WikiLeaks founder, the Trump administration has challenged the first amendment"<sup>[136]</sup>
- *HuffPost* said: "The charges against the WikiLeaks founder bring up huge First Amendment issues."<sup>[137]</sup>
- *The Nation* said: "The Indictment of Julian Assange Is a Threat to Press Freedom."<sup>[138]</sup>
- The American Civil Liberties Union said: "For the first time in the history of our country, the government has brought criminal charges under the Espionage Act against a publisher for the publication of truthful information. This is a direct assault on the First Amendment."<sup>[139]</sup>
- Jonathan Turley described the Assange indictment under the Espionage Act of 1917 as "the most important press freedom case in the US in 300 years".<sup>[140]</sup>

Sec. 4. That all vessels and other property or interests of whatsoever kind, including vessels or property in course of construction or contracted for, acquired by the President through any agencies whatsoever in pursuance of authority conferred by the Acts or parts of Acts repealed by section 2 of this Act, or in pursuance of the joint resolution entitled "Joint resolution authorizing the President to take over for the United States the possession and title of any vessel within its jurisdiction, which at the time of coming therein was owned in whole or in part by any corporation, citizen, or subject of any nation with which the United States may be at war, or was under register of any such nation, and for other purposes," approved May 12, 1917, with the exception of vessels and property the use of which is in the opinion of the President required by any other branch of the Government service of the United States, are hereby transferred to the board: *Provided*, That all vessels in the military and naval service of the United States, including the vessels assigned to river and harbor work, inland waterways, or vessels for such needs in the course of construction or under contract by the War Department, shall be exempt from the provisions of this Act.

Sec. 5. That in order to accomplish the declared purposes of this Act, and to carry out the policy declared in section 1 hereof, the board is authorized and directed to sell, as soon as practicable, consistent with good business methods and the objects and purposes to be attained by this Act, at public or private competitive sale after appraisement and due advertisement, to persons who are citizens of the United States except as provided in section 6 of this Act, all of the vessels referred to in section 4 of this Act or otherwise acquired by the board. Such sale shall be made at such prices and on such terms and conditions as the board may prescribe, but the completion of the payment of the purchase price and interest shall not be deferred more than fifteen years after the making of the contract of sale. The board in fixing or accepting the sale price of such vessels shall take into consideration the prevailing domestic and foreign market price of, the available supply of, and the demand for vessels, existing freight rates and prospects of their maintenance, the cost of constructing vessels of similar types under prevailing conditions, as well as the cost of the construction or purchase price of the vessels to be sold, and any other facts or conditions that would influence a prudent, solvent business man in the sale of similar vessels or prop-

erty which he is not forced to sell. All sales made under the authority of this Act shall be subject to the limitations and restrictions of section 9 of the "Shipping Act, 1913," as amended.

Sec. 6. That the board is authorized and empowered to sell to aliens, at such prices and on such terms and conditions as it may determine, not inconsistent with the provisions of section 5 (except that completion of the payment of the purchase price and interest shall not be deferred more than ten years after the making of the contract of sale), such vessels as it shall, after careful investigation, deem unnecessary to the promotion and maintenance of an efficient American merchant marine; but no such sale shall be made unless the board, after diligent effort, has been unable to sell, in accordance with the terms and conditions of section 5, such vessels to persons citizens of the United States, and has, upon an affirmative vote of not less than five of its members, spread upon the minutes of the board, determined to make such sale; and it shall make as a part of its records a full statement of its reasons for making such sale. Deferred payments of purchase price of vessels under this section shall bear interest at the rate of not less than 5 per centum per annum, payable semiannually.

Sec. 7. That the board is authorized and directed to investigate and determine as promptly as possible after the enactment of this Act and from time to time thereafter what steamship lines should be established and put in operation from ports in the United States or any Territory, District, or possession thereof to such world and domestic markets as in its judgment are desirable for the promotion, development, expansion, and maintenance of the foreign and coastwise trade of the United States and an adequate postal service, and to determine the type, size, speed, and other requirements of the vessels to be employed upon such lines and the frequency and regularity of their sailings, with a view to furnishing adequate, regular, certain, and permanent service. The board is authorized to sell, and if a satisfactory sale can not be made, to charter such of the vessels referred to in section 4 of this Act or otherwise acquired by the board, as will meet these requirements to responsible persons who are citizens of the United States who agree to establish and maintain such lines upon such terms of payment and other conditions as the board may deem just and necessary to secure and maintain the service desired; and if any such steamship line is deemed desirable and necessary, and if no such citizen can be secured to supply such service by the purchase or charter of vessels on terms satisfactory to the board, the board shall operate vessels on such line until the business is developed so that such vessels may be sold on satisfactory terms and the service maintained, or unless it shall appear within a reasonable time that such line can not be made self-sustaining. The Postmaster General is authorized, notwithstanding the Act entitled "An Act to provide for ocean mail service between the United States and foreign ports, and to promote commerce," approved March 3, 1891, to contract for the carrying of the mails over such lines at such price as may be agreed upon by the board and the Postmaster General: *Provided*, That preference in the sale or assignment of vessels for operation on such steamship lines shall be given to persons who are citizens of the United States who have the support, financial and otherwise, of the domestic communities primarily interested in such lines if the board is satisfied of the ability of such persons to maintain the service desired and proposed to be maintained, or to persons who are citizens of the United States who may then be maintaining a service from the port of the United States to or in the general direction of the world market port to which the board has determined that such service should be established: *Provided further*,

"Sec. 14. That no common carrier by water shall, directly or indirectly, in respect to the transportation by water of passengers or property between a port of a State, Territory, District, or possession of the United States and any other such port or a port of a foreign country,—

"First. Pay, or allow, or enter into any combination, agreement, or understanding, express or implied, to pay or allow, a deferred rebate to any shipper. The term 'deferred rebates' in this Act means a return of any portion of the freight money by a carrier to any shipper as a consideration for the giving of all or any portion of his shipments to the same or any other carrier, or for any other purpose, the payment of which is deferred beyond the completion of the service for which it is paid, and is made only if, during both the period for which computed and the period of deferment, the shipper has complied with the terms of the rebate agreement or arrangement.

"Second. Use a fighting ship either separately or in conjunction with any other carrier, through agreement or otherwise. The term 'fighting ship' in this Act means a vessel used in a particular trade by a carrier or group of carriers for the purpose of excluding, preventing or reducing competition by driving another carrier out of said trade.

"Fourth. "Any carrier who violates any provision of this section shall be guilty of a misdemeanor punishable by a fine of not more than \$25,000 for each offense."

(2) The Shipping Act, 1916, as amended, is amended by inserting after section 14 a new section to read as follows:

"Sec. 14a. The board upon its own initiative may, or upon complaint shall, after due notice to all parties in interest and hearing, determine whether any person, not a citizen of the United States and engaged in transportation by water of passengers or property—

"(1) Has violated any provision of section 14, or

"(2) Is a party to any combination, agreement, or understanding, express or implied, that involves in respect to transportation of passengers or property between foreign ports, deferred rebates or any other unfair practice designated in section 14, and that excludes from admission upon equal terms with all other parties thereto, a common carrier by water which is a citizen of the United States and which has applied for such admission.

"If the board determines that any such person has violated any such provision or is a party to any such combination, agreement, or understanding, the board shall thereupon certify such fact to the Secretary of Commerce. The Secretary shall thereafter refuse such person the right of entry for any ship owned or operated by him or by any carrier directly or indirectly controlled by him, into any port of the United States, or any Territory, District, or possession thereof, until the board certifies that the violation has ceased or such combination, agreement, or understanding has been terminated."

of the date of the compliance with all the provisions of this subdivision, the preferred status given by the provisions of subsection M, if—

(1) The mortgage is indorsed upon the vessel's documents in accordance with the provisions of this section;

(2) The mortgage is recorded as provided in subsection C, together with the time and date when the mortgage is so indorsed;

(3) An affidavit is filed with the record of such mortgage to the effect that the mortgage is made in good faith and without any design to hinder, delay, or defraud any existing or future creditor of the mortgagor or any lienor of the mortgaged vessel;

(4) The mortgage does not stipulate that the mortgagee waives the preferred status thereof; and

(5) The mortgagee is a citizen of the United States.

(b) Any mortgage which complies in respect to any vessel with the conditions enumerated in this subsection is hereafter in this section called a "preferred mortgage" as to such vessel.

(c) There shall be indorsed upon the documents of a vessel covered by a preferred mortgage—

(1) The names of the mortgagor and mortgagee;

(2) The time and date the indorsement is made;

(3) The amount and date of maturity of the mortgage; and

(4) Any amount required to be indorsed by the provisions of subdivision (e) or (f) of this subsection.

The collector of customs of the port of documentation shall give such direction by wire or letter at the request of the mortgagee and upon the tender of the cost of communication of such direction. Whenever any new document is issued for the vessel, such indorsement shall be transferred to and indorsed upon the new document by the collector of customs.

(e) A mortgage which includes property other than a vessel shall not be held a preferred mortgage unless the mortgage provides for the separate discharge of such property by the payment of a specified portion of the mortgage indebtedness. If a preferred mortgage so provides for the separate discharge, the amount of the portion of such payment shall be indorsed upon the documents of the vessel.

(f) If a preferred mortgage includes more than one vessel and provides for the separate discharge of each vessel by the payment of a portion of the mortgage indebtedness, the amount of such portion of such payment shall be indorsed upon the documents of the vessel. In case such mortgage does not provide for the separate discharge of a vessel and the vessel is to be sold upon the order of a district court of the United States in a suit in rem in admiralty, the court shall determine the portion of the mortgage indebtedness increased by 20 per centum (1) which, in the opinion of the court, the approximate value of the vessel bears to the approximate value of all the vessels covered by the mortgage, and (2) upon the payment of which the vessel shall be discharged from the mortgage.

Subsection E. The collector of customs upon the recording of a preferred mortgage shall deliver two certified copies thereof to the mortgagor who shall place, and use due diligence to retain, one copy on board the mortgaged vessel and cause such copy and the documents of the vessel to be exhibited by the master to any person having business with the vessel, which may give rise to a maritime lien upon the vessel or to the sale, conveyance, or mortgage thereof.

The collector of customs at the new port of documentation is authorized and directed to record such certified copy.

setting forth the names of the owners of any vessel, the interest held by each owner, and the material facts as to any bill of sale or conveyance of, any mortgage covering, or any lien or other incumbrance upon, a specified vessel, (2) a certified copy of any bill of sale, conveyance, mortgage, notice of claim of lien, or certificate of discharge in respect to such vessel, or (3) a certified copy as required by subdivision (c) of subsection H. The collector of customs shall collect a fee for any bill of sale, conveyance, or mortgage recorded, or any certificate or certified copy furnished, by him, in the amount of 20 cents a folio with a minimum charge of \$1.00. All such fees shall be covered into the Treasury of the United States as miscellaneous receipts.

## PENALTIES.

Subsection J. (a) If the master of the vessel willfully fails to exhibit the documents of the vessel or the copy of any preferred mortgage thereof, as required by subsection E, the board of local inspectors of vessels having jurisdiction of the license of the master, may suspend or cancel such license, subject to the provisions of "An Act to provide for appeals from decision of boards of local inspectors of vessels and for other purposes," approved June 10, 1918.

(b) A mortgagor who, with intent to defraud, violates any provision of subsection F, and if the mortgagor is a corporation or association, the president or other principal executive officer of the corporation or association, shall upon conviction thereof be held guilty of a misdemeanor and shall be fined not more than \$1,000 or imprisoned not more than 2 years, or both. The mortgaged indebtedness shall thereupon become immediately due and payable at the election of the mortgagee.

(c) If any person enters into any contract secured by, or upon the credit of, a vessel of the United States covered by a preferred mortgage, and suffers pecuniary loss by reason of the failure of the collector of customs, or any officer, employee, or agent thereof, properly to perform any duty required of the collector under the provisions of this section, the collector of customs shall be liable to such person for damages in the amount of such loss. If any such person is caused any such loss by reason of the failure of the mortgagor, or master of the mortgaged vessel, or any officer, employee, or agent thereof, to comply with any provision of subsection E or F or to file an affidavit as required by subdivision (a) of subsection D, correct in each particular thereof, the mortgagor shall be liable to such person for damages in the amount of such loss. The district courts of the United States are given jurisdiction (but not to the exclusion of the courts of the several States, Territories, Districts, or possessions) of suits for the recovery of such damages, irrespective of the amount involved in the suit or the citizenship of the parties thereto. Such suit shall be begun by personal service upon the defendant within the limits of the district. Upon judgment for the plaintiff in any such suit, the court shall include in the judgment an additional amount for costs of the action and a reasonable counsel's fee, to be fixed by the court.

## FORECLOSURE OF PREFERRED MORTGAGES.

Subsection K. A preferred mortgage shall constitute a lien upon the mortgaged vessel in the amount of the outstanding mortgage indebtedness secured by such vessel. Upon the default of any term or condition of the mortgage, such lien may be enforced by the mortgagee by suit in rem in admiralty. Original jurisdiction of all such suits is granted to the district courts of the United States exclusively. In

Failure to give notice to any such person, as required by this subsection, shall not constitute a jurisdictional defect; but the libellant shall be liable to such person for damages in the amount of his interest in the vessel terminated by the suit. Subsection M. (a) When used hereinafter in this section, the term "preferred maritime lien" means (1) a lien arising prior in time to the recording and indorsement of a preferred mortgage in accordance with the provisions of this section; or (2) a lien for damages arising out of tort, for wages of a stevedore when employed directly by the owner, operator, master, ship's husband, or agent of the vessel, for wages of the crew of the vessel, for general average, and for salvage, including contract salvage.

(b) Upon the sale of any mortgaged vessel by order of a district court of the United States in any suit in rem in admiralty for the enforcement of a preferred mortgage lien thereon, all preëxisting claims in the vessel, including any possessory common-law lien of which a lienor is deprived under the provisions of subsection L shall be held terminated and shall thereafter attach, in like amount and in accordance with their respective priorities, to the proceeds of the sale; except that the preferred mortgage lien shall have priority over all claims against the vessel, except (1) preferred maritime liens, and (2) expenses and fees allowed and costs taxed by the court.

Subsection N. (a) Upon the default of any term or condition of a preferred mortgage upon a vessel, the mortgagee may, in addition to all other remedies granted by this section, bring suit in personam in admiralty in a district court of the United States, against the mortgagor for the amount of the outstanding mortgage indebtedness secured by such vessel or any deficiency in the full payment thereof.

(b) This section shall not be construed, in the case of a mortgage covering, in addition to vessels, realty or personalty other than vessels, or both, to authorize the enforcement by suit in rem in admiralty of the rights of the mortgagee in respect to such realty or personalty other than vessels.

## TRANSFERS OF MORTGAGED VESSELS AND ASSIGNMENT OF VESSEL MORTGAGES.

Subsection O. (a) The documents of a vessel of the United States covered by a preferred mortgage may not be surrendered (except in the case of the forfeiture of the vessel or its sale by the order of any court of the United States or any foreign country) without the approval of the board. (b) The interest of the mortgagee in a vessel of the United States covered by a mortgage, shall not be terminated by the forfeiture of the vessel for a violation of any law of the United States, unless the mortgagee authorized, consented, or conspired to effect the illegal act, failure, or omission which constituted such violation.

Interest of mortgagee if vessel forfeited for violation of law.

(c) Upon the sale of any vessel of the United States covered by a preferred mortgage, by order of a district court of the United States in any suit in rem in admiralty for the enforcement of a maritime lien other than a preferred maritime lien, the vessel shall be sold free from all preexisting claims thereon; but the court shall, upon the request of the mortgagee, the libellant, or any intervenor, require the purchaser at such sale to give and the mortgagor to accept a new mortgage of the vessel for the balance of the term of the original mortgage. The conditions of such new mortgage shall be the same, so far as practicable, as those of the original mortgage and shall be subject to the approval of the court. If such new mortgage is given, the mortgagee shall not be paid from the proceeds of the sale and the amount payable as the purchase price shall be held diminished in the amount of the new mortgage indebtedness.

976

## SIXTY-SIXTH CONGRESS. Sess. II. Ch. 250. 1920.

1007

Sec. 10. (a) That it shall be, and is hereby, made unlawful in any case to pay any seaman wages in advance of the time when he has actually earned the same, or to pay such advance wages, or to make any order, or note, or other evidence of indebtedness therefor to any other person, or to pay any person, for the shipment of seamen when payment is deducted or to be deducted from a seaman's wages. Any person violating any of the foregoing provisions of this section shall be deemed guilty of a misdemeanor, and upon conviction shall be punished by a fine of not less than \$25 nor more than \$100, and may also be imprisoned for a period of not exceeding six months, at the discretion of the court. The payment of such advance wages or allotment, whether made within or without the United States or territory subject to the jurisdiction thereof, shall in no case except as herein provided absolve the vessel or the master or the owner thereof from the full payment of wages after the same shall have been actually earned, and shall be no defense to a libel suit or action for the recovery of such wages. If any person shall demand or receive, either directly or indirectly, from any seaman or other person seeking employment, as seaman, or from any person on his behalf, any remuneration whatever for providing him with employment, he shall for every such offense be deemed guilty of a misdemeanor and shall be imprisoned not more than six months or fined not more than \$500."

Sec. 33. That section 20 of such Act of March 4, 1915, be, and is, amended to read as follows:

"Sec. 20. That any seaman who shall suffer personal injury in the course of his employment may, at his election, maintain an action for damages at law, with the right of trial by jury, and in such action all statutes of the United States modifying or extending the common-law right or remedy in cases of personal injury to railway employees shall apply, and in case of the death of any seaman as a result of any such personal injury the personal representative of such seaman may maintain an action for damages at law with the right of trial by jury, and in such action all statutes of the United States conferring or regulating the right of action for death in the case of railway employees shall be applicable. Jurisdiction in such actions shall be under the court of the district in which the defendant employer resides or in which his principal office is located."

Sec. 34. That in the judgment of Congress, articles or provisions in treaties or conventions to which the United States is a party, which restrict the right of the United States to impose discriminating customs duties on imports entering the United States in foreign vessels and in vessels of the United States, and which also restrict the right of the United States to impose discriminatory tonnage dues on foreign vessels and on vessels of the United States entering the United States should be terminated, and the President is hereby authorized and directed within ninety days after this Act becomes law to give notice to the several Governments, respectively, parties to such treaties or conventions, that so much thereof as imposes any such restriction on the United States will terminate on the expiration of such periods as may be required for the giving of such notice by the provisions of such treaties or conventions.

Sec. 35. That the power and authority vested in the board by this Act, except as herein otherwise specifically provided, may be exercised directly by the board, or by it through the United States Shipping Board Emergency Fleet Corporation.

Sec. 36. That if any provision of this Act is declared unconstitutional or the application of any provision to certain circumstances be held invalid, the remainder of the Act and the application of such provisions to circumstances other than those as to which it is held invalid shall not be affected thereby.

Payment in advance, etc., unlawful.

## Psychologists' college silent on Jordan Peterson's Evelyn Blackwell

Jordan Peterson says<sup>2</sup> the Ontario College of Psychologists has proposed disciplinary action after more than a dozen complaints were made about him  
Jordan Peterson in 2018. Photo by Peter J Thompson /National Post

**Article content:** The Ontario College of Psychologists says it's unable to discuss why it is allegedly taking disciplinary action and trying to force social media training on Canadian commentator and psychologist Jordan Peterson.

**Article content** In an opinion piece in the National Post, Peterson said he faces more than a dozen complaints from the public. They have all come since his "rise to public prominence," he said, adding he faced none in the prior 20 years as a practising psychologist in Ontario.

**Article content** In documents that Peterson posted to Twitter, the college says that Peterson "may have lacked professionalism" in social media posts, and in a podcast appearance from January 2022 — potentially an episode with Joe Rogan, the former Fear Factor host and comedian, in which he claimed there's no such thing as climate. The specific concerning comments are not identified.

The document, which sets out a coaching plan for Peterson, says Peterson must "review, reflect on, and ameliorate my professionalism in public statements," and that it will cost up to \$225 per hour.

**Article content** Peterson, who is also a professor emeritus at the University of Toronto, said on Twitter he has formally indicated that he will not comply; the college's website indicates that Peterson has sought judicial review of the college's disciplinary proceedings.

The Post sought comment from the Ontario College of Psychologists, and put a number of questions to Rick Morris, the college's executive director, but he said that due to Ontario privacy legislation, the college is "not authorized to discuss this matter."

The stakes are heightened by the controversial professor's fame and reach, including to 3.6 million Twitter followers.

His tweets on the college's action prompted several alarmed responses from Twitter CEO Elon Musk, one of the world's richest men, who called it all "extremely concerning."

**Article content** Peterson catapulted to fame in 2016, following his public objections to specific provisions of legislation that would add protections for transgender people to Canada's human rights codes. Peterson has since become a widely read and popular cultural critic; his two books, *12 Rules for Life: An Antidote to Chaos* and *Beyond Order: 12 More Rules for Life*, are best-sellers. At present, he hosts a podcast for Ben Shapiro's right-wing media company The Daily Wire and is completing a worldwide speaking tour.

The complaints against him, he says, are due primarily to his views on politics.

He identifies four specific complaints, including making a joke about New Zealand Prime Minister Jacinda Ardern, retweeting Pierre Poilievre, the Conservative party leader, criticizing Trudeau and his former principal secretary Gerald Butts, whom Peterson last February called a "stunningly corrupt and incendiary fool," prompting threats of legal retaliation from Butts.

**Article content** Peterson has yet to make public the details of any remaining complaints, beyond noting that in the complaints, he is accused of being "sexist, transphobic, incapable of the requisite body positivity in relationship to morbid obesity and, unforgivably of all, a climate change denialist."

Peterson has pledged to make public all the complaints and his responses to them.

Peterson's private practice has been suspended since 2017, which, he says, was "when my rising notoriety or fame made continuing as a private therapist practically and ethically impossible." Yet, in 2018, Peterson agreed to a plan to improve his clinical practice; while there are few details of what constituted professional misconduct, the complaint against him had to do with the quality of his service, psychologist/patient boundaries and the way he communicates with his patients.

**Article content** Peterson says that none of the people who have levied complaints against him are — or have ever been — his clients, and says that "half" of them falsely claimed to be patients. (The college declined to address this specific allegation.)

Indeed, Peterson threatens to make "every single word of this legal battle fully public."

"I'm going to say what I have to say, and let the chips fall where they will. I have done nothing to compromise those in my care; quite the contrary — I have served all my clients and the millions of people I am communicating with to the best of my ability and in good faith, and that's that," he writes.

- :Sec ~16 ... That suits in equity shall not be sustained in either of the courts of the United States, In any case where plain, adequate and complete remedy may be had at law. (b)
- (b) The equity jurisdiction of the courts of the United States is independent of the local law of any State, and in the same in nature and extent as the equity jurisdiction of England from which it is derived. Therefore it is no objection to this jurisdiction, that there is a remedy under the local law. Gordan v. Hobart, 2 Sumner's C.C. R. 401.

1. Each instrument shall have a caption briefly stating the nature of the instrument, such as warranty deed, release of mortgage and like captions. The county recorder shall have no obligation to index any instrument under any subject index category maintained by the county recorder unless that category is included in the caption to the instrument.

2. Each instrument shall be an original and shall be sufficiently legible for the recorder to make certified copies from the photographic or micrographic record.

An hour is most commonly defined as a period of time equal to 60 minutes, where a minute is equal to 60 seconds, and a second has a rigorous scientific definition. There are also 24 hours in a day. Most people read time using either a 12-hour clock or a 24-hour clock.

### 12-hour clock:

A 12-hour clock uses the numbers 1-12. Depending on the clock being used, most analog clocks or watches may not include an indication of whether the time is in the morning or evening. On digital clocks and watches, "AM" stands for ante meridiem, meaning "before midday," while "PM" stands for post meridiem, or "after noon." By convention, 12 AM denotes midnight, while 12 PM denotes noon. Using the terms "12 midnight" and "12 noon" can remove ambiguity in cases where a person may not be accustomed to conventions.

### 24-hour clock:

A 24-hour clock typically uses the numbers 0-23, where 00:00 indicates midnight, and a day runs

PINAL COUNTY, ARIZONA

2018-2019 COMPREHENSIVE ANNUAL FINANCIAL REPORT

LETTER OF TRANSMITTAL

April 15, 2020

The Honorable Board of Supervisors  
and the Citizens of Pinal County, Arizona:

Arizona Revised Statute (A.R.S.) § 41-1279.21 requires the Office of the Auditor General or a firm of licensed certified public accountants contracted by the Auditor General to conduct financial audits of the accounts and records of County governments. Pursuant to the statute, the Office of the Auditor General contracted with CliftonLarsonAllen LLP to audit the Pinal County (the County) Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2019. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified (clean) opinion that the County's basic financial statements for the fiscal year ended June 30, 2019 are fairly presented in conformity with generally accepted accounting principles (GAAP). The independent auditor's report is located at the front of the financial section of this report.

This report consists of management's representations concerning the finances of the County. Consequently, management assumes full responsibility for the completeness and reliability of the information presented in this report. To provide a reasonable basis for making these representations, the management of the County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the County's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the County's comprehensive framework of internal controls have been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The independent audit of the financial statements of the County was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the County's separately issued Single Audit Report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors.

#### Pinal County Profile

---

The County was founded in 1875 and is located in the south-central part of the State of Arizona, bordered on the north by Maricopa County and on the south by Pima County. Florence, established in 1866 was designated and has remained the county seat. This location, approximately halfway between Phoenix to the north and Tucson to the south, the two largest cities in Arizona, presents some unique challenges to the County. Generally rural in nature, the County has a smaller tax base than either Maricopa or Pima counties, yet proximity to these major metropolitan areas keeps labor and supply costs high.

The County encompasses approximately 5,400 square miles. The principal geographic features consist of mountains with elevations to 6,000 feet in the eastern portion and low desert valleys in the western portion of the County. All of Pinal County is considered part of the Phoenix-Mesa-Glendale, AZ MSA.

The June 30, 2019 population of the County was estimated to be 453,414. The communities of Mammoth, Oracle, San Manuel, and Kearny have traditionally been active in copper mining, smelting, milling and refining, and tourism. Arizona City, Eloy, Maricopa, Picacho, Red Rock, and Stanfield have agriculture based economies. Apache Junction, Maricopa, Coolidge, Eloy, and particularly Casa Grande have diversified their economic base to include manufacturing, trade and services.

This expansion and diversification has been facilitated by their location in the major growth corridor between Phoenix and Tucson near the junction of I-10 and I-8, except for Apache Junction, which is to the east of Mesa. Most of the southern  $\frac{3}{4}$  of Pinal County and a small area in Apache Junction are designated as Enterprise Zones.

The governing body of Pinal County is the Board of Supervisors, which sets policy for the administration of the County. The Board of Supervisors is comprised of five board members that are elected for a four-year term by the voters of the district in which each member resides. The Board of Supervisors appoints a County Manager to act as the administrative head of the County. The County Manager serves at the pleasure of the Board of Supervisors, carries out the policies established by the Board of Supervisors, directs business and administrative procedures, and recommends officers and personnel to be appointed by the Board of Supervisors. The County has several elected officials including the Assessor, Clerk of the Superior Court, Constables, County Attorney, Recorder, Sheriff, Superintendent of Schools, and the Treasurer.

The County provides a full range of services, including law enforcement and public safety, health care, sanitation, welfare programs, construction and maintenance of highways, streets and related infrastructure, recreational services and cultural activities, and education.

The financial reporting entity includes all activities of the primary government (Pinal County) and its component units. Component units are legally separate entities for which the County is financially accountable. Blended component units, although legally separate entities, are, in substance, part of the primary government's operations and are included as part of the primary government. Additional information can be found in the notes to the financial statements. (See Note 1.A).

The annual budget serves as the foundation for Pinal County's financial planning and control. The County maintains budgetary controls, the objective of which is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Board of Supervisors. Activities of the General Fund, certain Special Revenue Funds, Debt Service Funds, and Capital Projects Funds are included in the annual appropriated budget. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is the department level. Management further controls budgets by not allowing personnel savings to be reprogrammed to supplies and services within a department. Budgets for the Enterprise Funds are set for management purposes only. Pinal County's annual budget is available on the internet at the following address: <http://pinalcountyaz.gov/BUDGETOFFICE/Pages/home.aspx>

#### Information Useful In Assessing Pinal County's Economic Condition

---

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the County operates. All amounts, unless otherwise indicated, are expressed in thousands of dollars.

Local economy - The major economic activities within Pinal County include mining, farming, food manufacturing, tourism, transportation and logistics, aerospace and defense, and health services. Copper mining is the chief economic activity in the eastern portion of Pinal County. BHP Copper Inc., headquartered in Tucson, has mines located in Miami and Pinto Valley (Gila County). BHP is scheduled to open a mine within the next several years in Copper Creek (in Pinal County). ASARCO Inc., headquartered in Hayden (Gila County), has a mine in Ray (Pinal County), as well as one in Hayden at the headquarters.

## INDEPENDENT AUDITORS' REPORT

The Auditor General of the State of Arizona

The Board of Supervisors of  
Pinal County, Arizona

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Pinal County, Arizona (County) as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Housing Grants Fund, which represents 0.13%, 0.24%, and 1.63%, respectively, of the assets, net position, and revenues of the governmental activities and 0.36%, 0.34%, and 0.71%, respectively, of the assets, fund balance, and revenues and additions of the aggregate remaining fund information. Those financial statements were audited by other auditors whose report has been furnished to us, and our opinions, insofar as they relate to the amounts included for the Housing Grants Fund, are based solely on the other auditors' report. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

1064

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, based on our audit and the report of the other auditor, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Pinal County, Arizona as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Other Matters**

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison information, the Schedule of the County's Proportionate Share of the Net Pension Liability - Cost Sharing Pension Plans, the Schedule of Changes in the County's Net Pension Liability and Related Ratios - Agent Pension Plans, and the Schedule of County Pension Contributions as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and the other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

*Supplementary and Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual fund financial statements and schedules and the introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and the other auditors. In our opinion, based on our audit, the procedures performed as described above, and the report of the other auditors, the combining and individual fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

*Compliance over the use of highway user revenue fund and other dedicated state transportation revenue monies*

In connection with our audit, nothing came to our attention that caused us to believe that the County failed to comply with the authorized transportation purposes, insofar as they relate to accounting matters, for highway user revenue fund monies it received pursuant to Arizona Revised Statutes Title 28, Chapter 18, Article 2, and any other dedicated state transportation revenues it received. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the County's noncompliance with the authorized transportation purposes referred to above, insofar as they relate to accounting matters.

The communication related to compliance over the use of highway user revenue fund and other dedicated state transportation revenue monies in the preceding paragraph is intended solely for the information and use of the members of the Arizona State Legislature, the Auditor General of the State of Arizona, the Board of Supervisors, management, and other responsible parties within the County and is not intended to be and should not be used by anyone other than these specified parties.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated April 15, 2020, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

### Management's Discussion and Analysis

As management of Pinal County (County), we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended June 30, 2019. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages ix – xii of this report. All amounts, unless otherwise indicated, are expressed in thousands of dollars.

#### FINANCIAL HIGHLIGHTS

- The total assets and deferred outflows of resources of the County exceeded liabilities and deferred inflows of resources at the close of fiscal year 2019 by \$362,524 (net position), which represented an increase of \$36,994 from the prior year. Of this amount, \$416,791 is invested in capital assets, \$99,721 is subject to external restrictions, and (\$153,988) is unrestricted. The negative balance in the unrestricted portion of net position is due to the County recognizing net pension and OPEB liabilities for all plans to which it contributes.
- The County's primary sources of revenue are from property taxes, operating grants and contributions, share of state sales taxes, charges for services, and other taxes.

#### Revenues Sources Fiscal Year 2019

PINAL COUNTY  
Management's Discussion and Analysis

- The County's total long-term liabilities as of June 30, 2019, were \$414,091. Revenue bonds, including unamortized premiums, and net pension liabilities, represent 96% of the total. The final payments for the 2010 revenue bonds are due in fiscal years 2021 and 2036; the final payments for the 2014 revenue bonds are due in fiscal years 2026 and 2035; the final payments for the 2015 revenue bonds are due in fiscal years 2020 and 2030; and the final payments for the 2018 revenue bonds are due in fiscal years 2038 and 2048.
- As of June 30, 2019, the County's governmental funds reported combined fund balances of \$133,976, a decrease of \$13,913 in comparison with the prior year. Approximately 23% of the combined fund balances, or \$31,151 is available for spending at the County's discretion (assigned & unassigned fund balance).
- At the end of the current fiscal year unassigned fund balance for the General Fund was \$31,503, or 15.73% of total General Fund expenditures.

#### OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements consist of three components: 1) government-wide financial statements; 2) fund financial statements and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide Financial Statements** are designed to provide readers with a broad overview of County finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the County's assets and deferred outflows of resources, and liabilities and deferred inflows of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *statement of activities* presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include general government, public safety, highways and streets, sanitation, health, welfare, culture and recreation, and education. The business-type activities of the County include Sheriff Inmate Services and Airport Economic Development.

The government-wide financial statements can be found on pages 25-26 of this report.

**Fund Financial Statements** are groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: *governmental funds*, *proprietary funds*, and *fiduciary funds*.

**Governmental funds** are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

## PINAL COUNTY Management's Discussion and Analysis

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances include a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The County uses 174 individual governmental funds to satisfy legal and operating requirements. Some of these funds are combined according to their functional basis for financial reporting purposes. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General, Road Tax Districts, Public Works Highway, Development Impact Fee, Bond Funded Capital Projects, and Debt Service Funds. Data from the other governmental funds are combined into a single, aggregated presentation. Fund data for each of these non-major governmental funds is provided in the form of *combining statements* elsewhere in this report.

The County adopts an annual appropriated budget for its General Fund and other governmental funds. A budgetary comparison schedule has been provided for the General Fund and major Special Revenue Funds to demonstrate compliance with this budget. These statements can be found on pages 81-85.

**The basic governmental fund financial statements can be found on pages 27-30 of this report.**

*Proprietary funds* are maintained in two ways. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The County uses enterprise funds to account for Sheriff-Inmate Services and Airport Economic Development. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses an internal service fund to account for the County's participation in the Arizona Metropolitan Trust for employee benefits and Fleet Maintenance. Because the services of internal service funds predominantly benefit governmental rather than business-type activities, they have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. Fund data for non-major enterprise funds are combined into a single, aggregated presentation provided in the form of *combining statements* elsewhere in this report. The County's internal service fund is presented separately in the proprietary fund financial statements.

**The proprietary fund financial statements can be found on pages 31-34 of this report.**

*Fiduciary funds* are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

**The fiduciary fund financial statements can be found on pages 35-36 of this report.**

**Notes to the Financial Statements** provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 37-78 of this report.

**Required Supplementary Information** is presented in addition to the basic financial statements and accompanying notes concerning the County's progress in funding its obligation to provide pension benefits to its employees. Budgetary comparison schedules previously discussed are also included in this section. Required supplementary information can be found on pages 81-96 of this report.

**Combining Statements and Other Schedules** referred to earlier in connection with non-major governmental funds and enterprise funds are presented immediately following the required supplementary information. Combining and individual fund statements and schedules including statistical information can be found on pages 99-169 of this report.

**PINAL COUNTY**  
**Management's Discussion and Analysis**

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. County assets and deferred outflows of resources exceeded liabilities and deferred inflows by \$362,524 at the close of the most recent fiscal year.

**Governmental Activities – Statement of Net Position**

The largest portion of the net position, \$410,828, reflects net investment in capital assets (e.g., land, buildings, infrastructure, and equipment) less accumulated depreciation and any related debt used to acquire these assets that is still outstanding. Net position invested in capital assets increased by \$20,348 mainly due to an increase in construction in progress relating to multiple on-going projects. The County uses these assets to provide services to citizens; consequently, these assets are not available for future spending. As part of the County's net investment in capital assets, the resources needed to repay debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the net position, \$99,721 represents resources that are subject to external restrictions on how they may be used. A majority of restrictions are imposed by grantor agencies and creditors. The remaining balance of unrestricted net position of (\$177,734) in fiscal year 2017-18 increased in the current year by \$22,699, to a deficit of (\$155,035). The majority of this increase is due to the addition of capital assets being depreciated offset by the increase in pension liabilities.

Overall, the net position increased by \$36,519 from net position reported at June 30, 2018.

Capital assets increased by \$58,956 due to the purchase of land for economic development, the completion of the San Tan Valley and Superior justice court buildings, the completion of the Kelvin Bridge and Judd/Tourmaline road projects, and other and other infrastructure projects.

Current and other assets decreased by \$20,572. Notable changes included a decrease in cash and investments held by trustees in the Bond Funded Capital Projects Fund as funds were drawn down as capital projects were completed and a decrease in other investments in the General Fund that were used as part of the land purchase.

The increases in deferred outflows of resources from \$35,930 to \$51,697 and deferred inflows of resources from \$20,013 to \$31,286 consist mainly of the contributions to the pension plans after the measurement date and the changes in estimates and assumptions used to calculate the net pension liabilities. Additional information on the County's pension plan activity can be found in Note 10 of the notes to the financial statements on pages 57-73 of this report.

Long-term liabilities increased in the current year by \$11,684. Notable changes included the addition of bonds payable due to new financing with the Pledged Revenue Bonds, Series 2018 Tax-Exempt and Taxable bonds which were offset by the decrease in net pension liabilities and the reduction of loans payable.

**Business-type Activities – Statement of Net Position**

A majority portion of the net position, \$5,963 reflects investment in capital assets (e.g., buildings, infrastructure, and machinery and equipment).

None of the net position represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position of \$1,047 is 14.94% of total net position.

The net position increased by \$475 from net position reported at June 30, 2018. The increase in net position is due to operating and nonoperating revenues exceeding expenditures in the Sheriff Inmate Services and Airport Economic Development funds.

# **FINAL COUNTY** **Management's Discussion and Analysis**

Capital assets decreased by \$298. This decrease is due to depreciation expense recognized in the period and the disposal of machinery and equipment.

Other liabilities decreased by \$718. Notable changes included the decrease in accounts payable and a decrease in unearned revenue due to a prepayment for services received from a vendor being recognized during the period.

## **Governmental Activities – Statement of Activities**

### **Revenues**

Total revenues of \$304,781 increased by \$7,920 from the prior year primarily due to the following:

- An increase (in total) of \$928 in program revenues attributed to an increase in capital contributions of donated roads and land which was offset by a decrease state operating grants.
- An increase of \$4,005 in the County's property taxes due to positive economic factors throughout the County including increased construction and increased property valuations.
- An increase of \$1,494 and \$1,487 in the County's sales taxes and share of state sales taxes, respectively, due to positive economic factors throughout the State that resulted in additional sales tax revenues.
- A decrease of \$1,991 in other general revenues due to a decrease in contributions in the Public Works Highway Fund for the completion of payments regarding the mitigation with the US Environmental Protection Agency. The decrease was offset by an increase in investment earnings due to recognizing fair market value adjustments with the county's investments.

**PINAL COUNTY**  
**Management's Discussion and Analysis**

Expenses

Total expenses of \$268,176 decreased by \$14,229 from the prior year primarily due to the following:

- Decreases of \$12,170 in public safety and \$3,020 in general government due to the significant reduction in the net pension long-term liabilities. The reduction in these liabilities was due to increased contributions to the retirement plans and favorable changes in actuarial assumptions used to estimate future liabilities. For more information on the net pension long-term liabilities, see Note 10 on page 57.
- A decrease of \$1,817 in health due to the decrease in the Arizona Long Term Care System (ALTCS) payments to the State of Arizona.
- An increase of \$1,282 in cost of issuance due to the tax-exempt and taxable pledged revenue obligations issued during the fiscal year.

Business-type activities – Statement of Activities

Revenues

Total revenues of \$1,770 increased by \$681 from the prior year primarily due to the following:

- A increase of \$280 in operating grants and contributions in the Airport Economic Development Fund due to grant proceeds for development associated with the San Manuel Airport; and an increase of \$212 in charges for services due to an increase in rental fees from the airports.

Expenses

Total expenses of \$1,381 increased by \$313 from the prior year primarily due to the following:

- An increase of \$101 in expenses in the Sheriff Inmate Services fund due to additional purchases of supplies such as uniforms, cleaning supplies, and mattresses and blankets used by inmates.
- An increase of \$72 in expenses in the Airport Economic Development fund due to professional services for environmental studies at the airports.

# PINAL COUNTY Management's Discussion and Analysis

## Revenues Sources - Governmental Activities Fiscal Year 2019

## Expenses by Function - Governmental Activities Fiscal Year 2019

Irrigated farming is prevalent in the low desert valleys of the western portion of Pinal County. Principal crops grown in the area include cotton, alfalfa and grain while plantings of specialty crops, including pecans, almonds, pistachio nuts, and vineyards, have been increasing. Cattle comprise the major livestock population, with sheep being the second largest part of that population. In addition, horses and horse-related events are popular activities in the western-oriented life style of the County.

Tourism also impacts the local economy as a mild climate and several points of interest attract tourists and winter visitors. Attractions include the Casa Grande Valley Historical Museum, the Biosphere II (largest living laboratory in the world), the Lost Dutchman State Park, the Casa Grande Ruins National Monument near Coolidge, and the Boyce Thompson Arboretum, located just outside Superior. Additional tourist spots include the Superstition Mountains Wilderness Area, which offers hiking and exploring for visitors in search of the Lost Dutchman's gold mine; Picacho Peak State Park, offering hiking, camping and picnic areas; and the Pinal Pioneer Parkway and the Apache Trail, two scenic drives with a variety of desert vegetation. For those tourists with a desire for more action, Eloy is an international location for skydiving.

A major factor in employment in the County is the prisons, both governmental and private. The State of Arizona operates prisons in Pinal County, including the State's maximum-security prison in Florence. Core Civic operates several private prisons, in Florence, Eloy, and La Palma, which is the largest CoreCivic facility in the country. Also, there is a Federal Immigration Services facility in Florence.

Arizona's economy has been following suit with the national and most other state economies. Similar to the National and State economies, Pinal County follows the pattern of moderate growth. Stabilization in the residential home market and modest growth in retail sales across the state resulted in greater sales tax revenue, both County and State shared.

**Long - Term Financial Planning** - The County's responsiveness to emerging economic challenges and its careful long-range planning have been key factors in Pinal County's fiscal health. Fiscal conservatism, a streamlined budget, and operating efficiencies have resulted in a solid financial position for the County at the close of FY 2018-2019.

**Relevant Financial Policies** - Pinal County financial policies include the following:

- **Fiscal Conservatism:** Ensure the County is in a solid financial condition at all times, current revenues will be sufficient to support current operating expenditures. The County performs monthly reviews of operating budgets for all funds regardless of funding source.
- **Flexibility:** Ensure the County is in a position to respond to changes in the economy or new service challenges without undue amounts of financial stress.
- **Adherence to the Highest Accounting and Management Practices:** Comply with the Government Finance Officers Association (GFOA) standards for reporting, the Governmental Accounting Standards Board (GASB) and State reporting requirements.
- **Maintain Reserve:** Fund Balance coverage for the General Fund will be maintained at a minimum of 10% of adopted General Fund expenditures.

**Major Initiatives.** During FY 2018-2019 Pinal County continued to invest in basic government service programs and amenities. The planning parameters were Regional Leadership, Growth, Public Safety, Healthcare, Transportation, Jobs and Economic Development, and Accountability.

Initiatives to shape and maintain Pinal County as a sustainable community include:

- Focus on maintaining a strong credit rating in order to obtain desirable rates and terms for any necessary financing. Standard & Poor's rated several of Pinal County's Excise Tax Revenue Bonds as follows: Series 2010 at AA, Series 2014 at AA-, and Series 2015 at AA-, all with a stable outlook.
- Cost containment and improving efficiencies continue to be a top priority to help ensure the financial well-being of the County, while maintaining an adequate level of reserves.

- Seeking support at state and federal level for necessary approvals for the following:
  - o efforts to plan and engineer ways to reduce flooding in the Lower Santa Cruz River Watershed, Tangerine Basin and along Hunt Highway/Gantzel Road.
  - o funding to widen Hunt Highway and Gantzel Road to reduce congestion, improve commute times and attract more businesses to the area while also reducing dust and vehicle emission in the San Tan Valley area. The County completed construction for the first through fourth phases of the improvement project. Phase five design and property acquisition is underway with scheduled construction beginning in FY 19-20.
  - o funding to pave dirt roads to reduce the amount of particulate matter (dust & dirt) in the air.
  - o design and construction for improvements to the San Manuel Airport and Pinal Air Park infrastructure.
- A Corridor Study, in conjunction with the cities of Casa Grande and Maricopa, to define and obtain environmental approvals for an east-west parkway that will connect State Route 347 (in Maricopa) to Interstate 10 (in Casa Grande).

PINAL COUNTY  
Management's Discussion and Analysis

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds

The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At June 30, 2019, the County's governmental funds reported combined fund balance of \$133,976; a decrease of \$13,913 in comparison with the prior year. Less than 1%, \$112 of the combined fund balance constitutes *nonspendable fund balance*, made up of prepaid items and inventories that do not represent available spendable resources. Approximately 75% of the combined fund balance, \$100,397 constitutes *restricted fund balance* which represents resources that are subject to external restrictions on how they may be used. The remaining 23% of the combined fund balance is comprised of unassigned fund balance of \$30,322 which is available for spending at the County's discretion; while amounts of \$2,316 and \$829 of committed and assigned fund balances, respectively, have to be spent under the conditions specified by the Board of Supervisors and County Management.

The General Fund is the chief operating fund of the County. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$31,503. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance of \$31,503 represents 16% of total General Fund expenditures.

The total fund balance of the County's General Fund increased during the fiscal year by \$8. Key factors in the increase to fund balance includes an increase in taxes and miscellaneous revenues in comparison to prior fiscal year.

The Road Tax Districts Fund total fund balance decreased during the fiscal year by \$13,736. The decrease is mainly attributable to an increase in construction and maintenance costs.

The Public Works Highway Fund total fund balance decreased during the year by \$319. This decrease is due to transfers to other governmental funds.

The Development Impact Fee Fund total fund balance increased during the fiscal year by \$5,983. The increase is due to not transferring cash to other governmental funds.

The Bond Funded Capital Projects Fund total fund balance decreased during the fiscal year by \$4,695. The fund decreased primarily due to capital outlay expenditures related to various county construction projects related to highways and roads, and public safety projects.

The following provides an explanation of revenues by source that changed significantly over the prior year.

- Taxes – the increase of \$6,240 was primarily due to an increase in property taxes caused by an increase in the primary assessed valuation. The amount the County received from its share of state sales taxes and vehicle license taxes received from the state increased for the fiscal year. Also, the general county sales tax increased from the prior year due to positive economic factors in the county.
- Intergovernmental – the increase of \$4,483 was due to increased revenues from state operating grants and HURF funds.
- Investment earnings – the increase of \$3,522 was due to recognizing the change in the fair market value of investments held by the county at fiscal year-end.
- Contributions – the decrease of \$3,594 was due to a decrease in funds received from private organizations regarding mitigation with the US Environmental Protection Agency.
- Charges for services – the decrease of \$2,118 was primarily due to decreased revenues received from impact fees in the Development Impact Fee fund.

## **GENERAL FUND BUDGETARY HIGHLIGHTS**

General Fund revenues exceeded the final budget by \$4,288 or 2% due to an increase in 1) property taxes due to an increase in the primary assessed valuation and increases in the amounts the County received from the state from its share of state sales taxes and vehicle license taxes; 2) intergovernmental revenues due to additional funds received for state operating grants; and 3) investment earnings recognized for the increase in fair market value of the county's investments at fiscal year-end.

General Fund expenditures were less than the final budget by \$23,350 or 10% due to the following reasons:

- The Assistant County Manager-Admin spent \$24,314 less than budgeted in the general government function, primarily due to unspent funds and contingency funds not being used. The unspent funds and contingency funds offset an additional \$155 of excess expenditures in the welfare function.

**Economic Factors and Next Year's Budgets**

- Subsequent to year-end, the World Health Organization declared the spread of Coronavirus Disease (Covid-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. The extent to which COVID-19 impacts the County's operations and workforce will depend on future developments, which are highly uncertain and cannot be predicted with confidence, including the duration and severity of the outbreak, and the actions that may be required to contain or treat the virus.
- The current 2020, preliminary, seasonally adjusted, unemployment rate for the State of Arizona as of January was 4.8%.<sup>1</sup> The national rate as of January was 3.6%.<sup>2</sup> The unemployment rate for Pinal County as of January was 5.2%.<sup>1</sup> The State of Arizona seasonally adjusted unemployment decreased 0.3% from one year ago and the average unemployment rate for Pinal County decreased by 0.7%. The County recognizes that these are preliminary estimates and that the effects of COVID-19 may impact future unemployment rates.

**Management's Discussion and Analysis**

- The housing industry, which has stabilized, continues to be one of the largest factors affecting the State of Arizona. Property tax receivables of \$2,983 increased by 41% over the prior year. In addition, the county also expects revenues from permits to slightly increase as new home construction remains steady.
- The County has projected that revenues from the property tax will increase in fiscal year 2020. The increase is due to the property assessments and tax calculations being completed in early 2020. Property tax revenues beyond fiscal year 2020 may be impacted by COVID-19.
- In fiscal year 2020, the Board of Supervisors lowered the property tax rate to 3.7900 cents per one-hundred dollars of net assessed valuation. However, an increase in net assessed valuations has resulted in \$5,342 more in primary property levied as compared to that levied in during fiscal year 2019.

The County continues to monitor the local, state and national economy in order to identify opportunities and threats to budgeted revenues. Improvement in the residential home market and retail sales across the State of Arizona resulted in more sales tax revenue, both County and State-Shared. The County continues to place great emphasis on control over expenditures.

**PINAL COUNTY**  
**Reconciliation of the Statement of Revenues, Expenditures, and**  
**Changes in Fund Balances of Governmental Funds**  
**to the Government-wide Statement of Activities**  
**Year Ended June 30, 2019**  
(Amounts expressed in thousands)

Net change in fund balances - total governmental funds (page 29)

\$ (13,935)

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is depreciated over their estimated useful lives and reported as depreciation expense.

Expenditures for capital assets  
Less current year depreciation

\$ 65,055  
(22,116) 42,939

In the Statement of Activities, only the gain/loss on the sale of capital assets is reported, whereas in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the book value of the capital assets sold.

Net book value of capital asset disposals

(100)

Some revenues reported in the Statement of Activities do not represent the collection of current financial resources and therefore are not reported as revenues in the governmental funds.

Donations of capital assets  
State appropriation to EORP  
Intergovernmental  
Property tax revenues

County pension/OPEB contributions are reported as expenditures in the governmental funds when made. However, they are reported as deferred outflows of resources in the statement of net position because the reported net pension/OPEB liability is measured a year before the County's report date. Pension/OPEB expense, which is the change in the net pension/OPEB liability adjusted for changes in deferred outflows and inflows of resources related to pensions/OPEB, is reported in the Statement of Activities.

Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of the debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are amortized in the Statement of Activities.

Face amount of long-term debt issued  
Premium on bonds  
Lease proceeds  
Debt service - principal payments  
Amortization of bond discount/premium

Under the modified accrual basis of accounting used in governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available resources. In the Statement of Activities, however, which is presented on the accrual basis of accounting, expenses are reported regardless of when the financial resources are available.

Change in compensated absences  
Change in estimated liabilities for claims and judgments  
Change in accrued interest

(676)

Some cash outlays, such as purchases of inventories, are reported as expenditures in the governmental funds when purchased. In the Statement of Activities, however, they are reported as expenses when consumed.

Decrease in inventories

Internal service funds are used by management to charge the costs of certain activities, including insurance and automotive maintenance and operation, to individual funds. The net expense, excluding pension related expenses, of certain internal service funds is reported with governmental activities in the Statement of Activities.

**Note 1 - Summary of Significant Accounting Policies**

Pinal County's accounting policies conform to generally accepted accounting principles applicable to governmental units adopted by the Governmental Accounting Standards Board (GASB).

**A. Reporting Entity**

The County is a general purpose local government that a separately elected board of supervisors governs. The accompanying financial statements present the activities of the County (the primary government) and its component units.

Component units are legally separate entities for which the County is considered to be financially accountable. Blended component units, although legally separate entities, are so intertwined with the County that they are in substance part of the County's operations. Therefore, data from these units is combined with data of the primary government. Discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements to emphasize they are legally separate from the County. Each blended component unit discussed below has a June 30 year-end. The County has no discretely presented component units.

The following table describes the County's component units:

| Component Unit                      | Description; Criteria for Inclusion                                                                                                                                                                  | Reporting Method | For Separate Financial Statements |

The Pinal County Municipal Property Corporation and the Central Arizona Public Facility Corporation were formed to finance various construction projects including the new Superior Court facility and Sheriff's Administration facility. Because the County's Board of Supervisors serves as the Board of Directors of each of these corporations, they are reported as blended component units of the County. These corporations issue certificates of participation that evidence undivided proportionate interests in rent payments to be made under a lease agreement, with an option to purchase, between Pinal County and the corporations. Since this debt is in substance the County's obligations, these liabilities and resulting assets are reported in the government-wide statement of net position.

The Public Health Services District was formed under A.R.S. §48-5802(C) as a taxing authority to provide health services to the growing population of Pinal County. The Public Health Services District is reported as a special revenue fund in the financial statements.

**Related Organization**

The Industrial Development Authority of Pinal County (Authority) is a legally separate entity that was created to promote economic development and the development of affordable housing. The Authority fulfills its function through the issuance of tax-exempt or taxable revenue bonds. The County Board of

Supervisors appoints the Authority's Board of Directors. The Authority's operations are completely separate from the County and the County is not financially accountable for the Authority. Therefore, the financial activities of the Authority have not been included in the accompanying financial statements.

**B. Basis of Presentation**

The basic financial statements include both government-wide statements and fund financial statements. The government-wide statements focus on the County as a whole, while the fund financial statements focus on major funds. Each presentation provides valuable information that can be analyzed and compared between years and between governments to enhance the information's usefulness.

**Government-wide statements**—Provide information about the primary government (the County) and its component units. The statements include a statement of net position and a statement of activities. These statements report the overall government's financial activities, except for fiduciary activities. They also distinguish between the County's governmental and business-type activities and between the County and its discretely presented component units. Governmental activities generally are financed through taxes and intergovernmental revenues. Business-type activities are financed in whole or in part by fees charged to external parties.

A statement of activities presents a comparison between direct expenses and program revenues for each function of the County's governmental activities and segment of its business-type activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. The County does not allocate indirect expenses to programs or functions on a government-wide basis. Program revenues include:

- charges to customers or applicants for goods, services, or privileges provided;
- operating grants and contributions; and
- capital grants and contributions, including special assessments.

Revenues that are not classified as program revenues, including internally dedicated resources and all taxes the County levies or imposes, are reported as general revenues.

Generally, the effect of interfund activity has been eliminated from the government-wide financial statements to minimize the double counting of internal activities. However, charges for interfund services provided and used are not eliminated if the prices approximate their external exchange values.

**Fund financial statements**—Provide information about the County's funds, including fiduciary funds and blended component units. Separate statements are presented for the governmental, proprietary, and fiduciary fund categories. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. Fiduciary funds are aggregated and reported by fund type.

Proprietary fund revenues and expenses are classified as either operating or nonoperating. Operating revenues and expenses generally result from transactions associated with the fund's principal activity. Accordingly, revenues, such as user charges, in which each party receives and gives up essentially equal values, are operating revenues. Other revenues, such as intergovernmental revenues, result from transactions in which the parties do not exchange equal values and are considered nonoperating revenues along with investment earnings and revenues ancillary activities generate. Operating expenses include the cost of services, administrative expenses, and depreciation on capital assets. Other expenses, such as interest expense, are considered nonoperating expenses.

The County reports the following major governmental funds:

**The General Fund**—is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

**The Road Tax Districts Fund**—accounts for monies from the Pinal County Transportation Excise Tax which is used to provide continued funding for the construction, reconstruction, maintenance, repair, and roadside development of county roads, streets and bridges.

**The Public Works Highway Fund**—accounts for monies from Highway User Revenue Fund and Vehicle License Tax that are restricted for road maintenance and operations, pavement preservation, and fleet services.

**The Development Impact Fee Fund**—accounts for monies from development impact fees assessed on all new developments within the unincorporated areas of Pinal County. These funds are used for parks, public safety, and streets within the Impact Fee Area collected, as determined by a Pinal County development fee ordinance.

**The Bond Funded Capital Projects Fund**—accounts for bond monies used for financing capital facilities and capital projects related to highways and roads, and public safety projects.

**The Debt Service Fund**—accounts for the accumulation of resources for, and the payment of, general long-term debt principal and interest. Revenues are primarily from the investment earnings, debt proceeds and transfers in.

The County also reports the following fund types:

**The internal service funds**—account for the County's participation in the Arizona Metropolitan Trust for providing health insurance and other benefits to eligible County employees, elected officials and their respective eligible dependents and to account for automotive maintenance and operation of County vehicles.

**The investment trust funds**—account for pooled and nonpooled assets the County Treasurer holds and invests on behalf of County departments and other governmental entities.

**The agency funds**—account for assets the County holds as an agent for the State, various local governments and individuals, and for property taxes collected and distributed to the State, cities, local school districts, community college districts, and special districts.

**C. Basis of Accounting**

The government-wide, proprietary fund, and fiduciary fund financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. The agency funds are custodial in nature and do not have a measurement focus but utilize the accrual basis of accounting for reporting its assets and liabilities. Revenues are recorded when earned, and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Property taxes are recognized as revenue in the year for which they are levied. Grants and donations are recognized as revenue as soon as all eligibility requirements the provider imposed have been met.

Under the terms of grant agreements, the County funds certain programs by a combination of grants and general revenues. Therefore, when program expenses are incurred, there are both restricted and unrestricted resources available to finance the program. The County applies grant resources to such programs before using general revenues.

Governmental funds in the fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when they become both measurable and available. The County considers all revenues reported in the governmental funds to be available if the revenues are collected within 60 days after fiscal year-end. The County's major revenue sources that are susceptible to accrual are property taxes, sales taxes, licenses and permits, and intergovernmental revenues. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they are due and payable. General capital asset acquisitions are reported as expenditures in governmental funds. Issuances of general long-term debt and acquisitions under capital lease agreements are reported as other financing sources.

D. Cash and Investments

For the statement of cash flows, the County's cash and cash equivalents are considered to be cash on hand, demand deposits, cash and investments held by the County Treasurer, investments in the State Treasurer's Local Government Investment Pool, and only those highly liquid investments with a maturity of 3 months or less when purchased.

Nonparticipating interest-earning investment contracts are stated at cost. Money market investments and participating interest-earning investment contracts with a remaining maturity of 1 year or less at the time of purchase are stated at amortized cost. All other investments are stated at fair value.

E. Inventories

Inventories in the government-wide financial statements are recorded as assets when purchased and expensed when consumed. These inventories are stated at cost using the lower of cost (first-in, first-out method) or market.

The County accounts for its inventories in the governmental funds using the purchase method. Inventories of the governmental funds consist of expendable supplies held for consumption and are recorded as expenditures at the time of purchase. Amounts on hand at year-end are shown on the balance sheet as an asset for informational purposes only and as nonspendable fund balance to indicate that they do not constitute "available spendable resources". These inventories are stated at cost using the lower of cost (first-in, first-out method) or market.

F. Property Tax Calendar

The County levies real and personal property taxes on or before the third Monday in August that become due and payable in two equal installments. The first installment is due on the first day of October and becomes delinquent after the first business day of November. The second installment is due on the first day of March of the next year and becomes delinquent after the first business day of May.

A lien assessed against real and personal property attaches on the first day of January preceding assessment and levy.

G. Capital Assets

Capital assets are reported at actual cost (or estimated historical cost if historical records are not available). Donated assets are reported at acquisition value.

Capitalization thresholds (the dollar values above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets reported in the government-wide statements and proprietary funds are as follows:

|                          | Capitalization Threshold | Depreciation Method | Estimated Useful Life |
|--------------------------|--------------------------|---------------------|-----------------------|
| Land                     | All                      | N/A                 | N/A                   |
| Buildings & improvements | \$ 25                    | Straight line       | 10-40 years           |
| Machinery & equipment    | \$ 5                     | Straight line       | 3-21 years            |
| Intangibles - software   | \$ 50                    | Straight line       | 10 or more years      |
| Infrastructure           | \$ 100                   | Straight line       | 20-50 years           |

The County currently has one network of infrastructure assets comprised of the County's roads and bridges.

**H. Deferred Outflows and Inflows of Resources**

The statement of net position and balance sheet include separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent a consumption of net position that applies to future periods that will be recognized as an expense or expenditure in future periods. Deferred inflows of resources represent an acquisition of net position or fund balance that applies to future periods and will be recognized as a revenue in future periods.

**I. Postemployment Benefits**

For purposes of measuring the net pension and other postemployment benefits (OPEB) assets and liabilities, deferred outflows of resources and deferred inflows of resources related to pensions and OPEB, and pension and OPEB expense, information about the plans' fiduciary net position and additions to/deductions from the plans' fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**J. Fund Balance Classifications**

The governmental funds' fund balances are reported separately within classifications based on a hierarchy of the constraints placed on those resources' use. The classifications are based on the relative strength of the constraints that control how the specific amounts can be spent. The classifications are nonspendable, restricted, and unrestricted, which includes committed, assigned, and unassigned fund balance classifications.

The nonspendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form, such as inventories, or are legally or contractually required to be maintained intact. Restricted fund balances are those that have externally imposed restrictions on their usage by creditors such as through debt covenants, grantors, contributors, or laws and regulations.

The unrestricted fund balance category is composed of committed, assigned, and unassigned resources. Committed fund balances are self-imposed limitations approved in a public meeting by the County's Board of Supervisors, which is the highest level of decision-making authority within the County. The constraints placed on committed fund balances can be removed or changed by only the Board in a public meeting. The formal action to commit fund balance for a particular purpose is by a resolution approved by the Board in a public meeting.

Assigned fund balances are resources constrained by the County's intent to be used for specific purposes, but that are neither restricted nor committed. The Board of Supervisors has authorized the County Manager, Elected Officials, and the Chief Financial Officer to make assignments of resources for a specific purpose by a resolution approved by the Board in a public meeting.

The unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not reported in the other classifications. Also, deficits in fund balances of the other governmental funds are reported as unassigned.

When an expenditure is incurred that can be paid from either restricted or unrestricted fund balances, it is the County's policy to use restricted fund balance first. It is the County's policy to use committed amounts first when disbursing unrestricted fund balances, followed by assigned amounts, and lastly unassigned amounts.

Investment Earnings

Investment earnings are composed of interest, dividends, and net changes in the fair value of applicable investments.

L. Compensated Absences

Compensated absences payable consists of vacation leave and a calculated amount of sick leave employees earned based on services already rendered.

Employees may accumulate up to 360 hours of vacation. Any vacation hours in excess of the maximum amount that are unused at December 31st roll over and are added to an employee's sick leave balance. Upon terminating employment, the County pays all unused and unforfeited vacation benefits to employees. Accordingly, vacation benefits are accrued as a liability in the government-wide and proprietary funds' financial statements. A liability for these amounts is reported in the governmental funds' financial statements only if they have matured, for example, as a result of employee resignations and retirements by fiscal year-end.

Employees may accumulate an unlimited number of sick leave hours. Generally, sick leave benefits provide for ordinary sick pay and are cumulative but employees forfeit them upon terminating employment. Because sick leave benefits do not vest with employees, a liability for sick leave benefits is not accrued in the financial statements. However, a certain percentage of sick leave can be converted to vacation leave upon retirement after an employee has worked 5 or more years for the County, and is accrued as a long-term liability.

**Note 3 - Stabilization Arrangements**

The Board of Supervisors established by resolution that the County General Fund maintain a Financial Stability Reserve at no less than 10% of the adopted General Fund expenditures to serve as financial protection for unforeseeable future economic circumstances. Any changes to the reserve must be approved by the Board of Supervisors in a public meeting. For the year ended June 30, 2019, the balance was \$21,891 which is included in unassigned fund balance.

**Note 4 - Deposits and Investments**

Arizona Revised Statutes (A.R.S.) authorize the County to invest public monies in the State Treasurer's investment pool; obligations issued or guaranteed by the United States or any of the senior debt of its agencies; sponsored agencies, corporations, sponsored corporations; or instrumentalities, specified state and local government bonds, notes, and other evidences of indebtedness; interest-earning investments such as savings accounts, certificates of deposit, and repurchase agreements in eligible depositories; specified commercial paper issued by corporations organized and doing business in the United States; specified bonds, debentures, notes, and other evidences of indebtedness that are denominated in United States dollars; and certain open-end and closed-end mutual funds, including exchange traded funds. In addition, the County Treasurer may invest trust funds in certain fixed income securities of corporations doing business in the United States or District of Columbia.

*Credit risk* - Statutes have the following requirements for credit risk:

1. Commercial paper must be of prime quality and be rated within the top two ratings by a nationally recognized rating agency.
2. Specified bonds, debentures, notes, and other evidences of indebtedness that are denominated in United States dollars must be rated "A" or better at the time of purchase by at least two nationally recognized rating agencies.
3. Fixed income securities must carry one of the two highest ratings by Moody's investors' service and Standard and Poor's rating service. If only one of the above-mentioned services rates the security, it must carry the highest rating of that service.

*Custodial credit risk* - Statutes require pooled collateral program for public deposits and a Statewide Collateral Pool Administrator (Administrator) in the State Treasurer's Office. The purpose of the pooled collateral program is to ensure that governmental entities' public deposits placed in participating depositories are secured with collateral of 102 percent of the public deposits, less any applicable deposit insurance. An eligible depository may not retain or accept any public deposits unless it has deposited the required collateral with a qualified escrow agent or the Administrator. The Administrator manages the pooled collateral program, including reporting on each depository's compliance with the program.

*Concentration of credit risk* - Statutes do not include any requirements for concentration of credit risk.

*Interest rate risk* - Statutes require that public monies invested in securities and deposits have a maximum maturity of 5 years. The maximum maturity for investments in repurchase agreements is 180 days.

*Foreign currency risk* - Statutes do not allow foreign investments unless the investment is denominated in United States dollars.

*Deposits*—At June 30, 2019, the carrying amount of the County's deposits was \$13,395 and the bank balance was \$27,318.

The investments categorized as Level 1 of the fair value hierarchy are valued from market sources and integrate relative credit information, observed market movements, and sector news into the evaluated pricing applications and models. The investments categorized as Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices. Investments in the State Treasurer's investment pools are valued at the pool's share price multiplied by the number of shares the County held. The fair value of a participant's position in the pools approximates the value of that participant's pool shares; the participant's shares are not identified with specific investments. The State Board of Investment provides oversight for the State Treasurer's investment pools.

**Credit Risk**—The County's credit risk policy states that the County will minimize credit risk, the risk of loss due to the failure of the security issuer or backer, by limiting investments to those of the highest credit quality, pre-qualifying the financial institutions, brokers/dealers, intermediaries, and advisors with which the County Treasurer will do business and by diversifying the investment portfolio so that potential losses on individual securities will be minimized. At June 30, 2019, credit risk for the County's investments was as follows:

| Investment Type                               | Rating | Rating agency  | Amount            |

**Custodial credit risk**—For an investment, custodial credit risk is the risk that, in the event of the counterparty's failure, the County will not be able to recover the value of its investments or collateral securities that are in an outside party's possession. The County's policy states that the County Treasurer will conform with Arizona Revised Statutes, which currently does not address custodial credit risk for investments.

**Concentration of credit risk**—The County's investment policy states that the County Treasurer will diversify its investments by security type and institution when practical and feasible to do so. The County Treasurer will limit investments to avoid over-concentration in securities from a specific issuer or business sector (excluding U.S. Treasury Securities) and will invest in securities with varying maturities. The County had investments at June 30, 2019, of 5 percent or more in the Federal Farm Credit Bank, the Federal Home Loan Bank, the Federal Home Loan Mortgage Corporation, and the Federal National Mortgage Association. These investments were 7.9 percent, 21.6 percent, 20.4 percent, and 18.0 percent, respectively, of the County's total investments.

**Interest rate risk**—The County's investment policy states that the County Treasurer will minimize the risk that the market value of securities in the portfolio will fall due to changes in general interest rates by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity and by investing operating funds primarily in shorter term securities. At June 30, 2019, the County had the following investments in debt securities.

| Investment Type                     | Amount            | Investment Maturities |                   |

**Note payable**

The Housing department has a note payable to the Arizona Department of Housing of \$487 at June 30, 2019. The note is secured by the land and buildings under signed Deeds of Trust. The note payable has reached maturity as of September 30, 2019 and therefore has been forgiven in accordance with the loan agreement.

**Capital Leases**

The County has acquired copier equipment under the provisions of various long-term lease agreements classified as capital leases for accounting purposes because they provide for a transfer of ownership by the end of the lease term. The assets acquired did not meet the County's capitalization thresholds.

The following schedule details debt service requirements to maturity for the County's capital lease payable at June 30, 2019.

| Year Ending June 30 | Principal     | Interest     |

**Landfill closure and post closure care costs**

The County has contracted with an outside agency to provide operations for its solid waste facility. The contract requires the outside agency to reserve funds in accordance with the closure plan for closure and post closure care costs. In the event of termination of the contract, the required reserve funds are to be remitted to the Arizona Department of Environmental Quality. Consequently, no liability for landfill closure and post closure care costs has been recorded on the basic financial statements.

Compensated absences and claims and judgments

Compensated absences are paid from various funds in the same proportion that those funds pay payroll costs. Claims and judgments are generally paid from the fund that accounts for the activity that gave rise to the claim.

During fiscal year 2019, the County paid for governmental-type activity compensated absences as follows: 73 percent from the General Fund, 9 percent from the Public Works Highway Fund, and 18 percent from other governmental funds. The County paid for claims and judgments from the General Fund.

Note 9 – Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. For these risks of loss, the County joined and is covered by two public entity risk pools: the Arizona Counties Property and Casualty Pool and the Arizona Counties Workers' Compensation Pool, which are described below. Settled claims have not exceeded coverage provided in any of the past 3 fiscal years.

The Arizona Counties Property and Casualty Pool is a public entity risk pool currently composed of 12 member counties. The pool provides member counties catastrophic loss coverage for risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters; and provides risk management services. Such coverage includes all defense costs as well as the amount of any judgment or settlement. The County is responsible for paying a premium based on its exposure in relation to the exposure of the other participants, and a deductible of \$10 per occurrence for property claims and \$50 per occurrence for liability claims. The County is also responsible for any payments in excess of the maximum coverage of \$300 million per occurrence for property claims and \$15 million per occurrence for liability claims. However, lower limits apply to certain categories of losses. A county must participate in the pool at least 3 years after becoming a member; however, it may withdraw after the initial 3-year period. If the pool were to become insolvent, the County would be assessed an additional contribution.

The Arizona Counties Workers' Compensation Pool is a public entity risk pool currently composed of 12 member counties. The pool provides member counties with workers' compensation coverage, as law requires, and risk management services. The County is responsible for paying a premium, based on an experience-rating formula that allocates pool expenditures and liabilities among the members.

The Arizona Counties Property and Casualty Pool and the Arizona Counties Workers' Compensation Pool receive independent audits annually and an audit by the Arizona Department of Insurance every 5 years. Both pools accrue liabilities for losses that have been incurred but not reported. These liabilities are determined annually based on an independent actuarial valuation.

As provided by A.R.S. §23-750, the State, its political subdivisions, and any instrumentality, agency, or board of the State or political subdivision have two options for satisfying unemployment compensation obligations: 1) direct quarterly payments to the unemployment fund administered by the Arizona Department of Economic Security (ADES) based on a computed contribution rate assigned to the employer by ADES or 2) the government may elect to be liable for any unemployment compensation obligations. Pinal County has elected to be responsible for its unemployment obligations. The County does not accumulate and reserve monies for its workforce.

Also, the County reported \$18,956 of pension contributions and \$316 OPEB contributions as expenditures in the governmental funds related to all pension and OPEB plans to which it contributes.

The ASRS, CORP Detention, CORP Dispatchers, CORP AOC, PSPRS – Pinal County Sheriff, and EORP pension plans are described below. The OPEB plans are not described due to their relative insignificance to the County's financial statements.

**A. Arizona State Retirement System**

**Plan description** – County employees not covered by other pension plans described below participate in the Arizona State Retirement System (ASRS). The ASRS administers a cost-sharing multiple-employer defined benefit pension plan. The Arizona State Retirement System Board governs the ASRS according to the provisions of A.R.S. Title 38, Chapter 5, Article 2. The ASRS issues a publicly available financial report that includes its financial statements and required supplementary information. The report is available on its website at [www.azasrs.gov](http://www.azasrs.gov).

**Benefits provided** – The ASRS provides retirement and survivor benefits. State statute establishes benefit terms. Retirement benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

\*With actuarially reduced benefits

Retirement benefits for members who joined the ASRS prior to September 13, 2013, are subject to automatic cost-of-living adjustments based on excess investment earning. Members with a membership date on or after September 13, 2013, are not eligible for cost-of-living adjustments. Survivor benefits are payable upon a member's death. For retired members, the retirement benefit option chosen determines the survivor benefit. For all other members, the beneficiary is entitled to the member's account balance that includes the member's contributions and employer's contributions, plus interest earned.

**Contributions** – In accordance with state statutes, annual actuarial valuations determine active member and employer contribution requirements. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. For the year ended June 30, 2019, statute required active ASRS members to contribute at the actuarially determined rate of 11.64 percent for retirement of the members' annual covered payroll, and statute required the County to contribute at the actuarially determined rate of 11.18 percent for retirement of the active members' annual covered payroll.

In addition, the County was required by statute to contribute at the actuarially determined rate of 10.41 percent for retirement of annual covered payroll of retired members who worked for the County in positions that an employee who contributes to the ASRS would typically fill. The County's contributions to the pension plan for the year ended June 30, 2019, were \$7,801.

During fiscal year 2019, the County paid for ASRS pension contributions as follows: 67 percent from the General Fund, 13 percent from major funds, and 20 percent from other funds.

**Liability** – At June 30, 2019, the County reported the following liability for its proportionate share of the ASRS' net pension liability.

| ASRS    | Net pension liability |
|---------|-----------------------|
| Pension | \$ 97,904             |

The net pension liability was measured as of June 30, 2018. The total liability used to calculate the net liability was determined using update procedures to roll forward the total liability from an actuarial valuation as of June 30, 2017, to the measurement date of June 30, 2018. The total liabilities as of June 30, 2018, reflect changes in actuarial assumptions based on the results of an actuarial experience study for the 5-year period ended June 30, 2016, including decreasing the discount rate

from 8 percent to 7.5 percent, changing the projected salary increases from 3-6.75 percent to 2.7-7.2 percent, decreasing the inflation rate from 3 percent to 2.3 percent, and changing the mortality rates.

The County's proportion of the net liability was based on the actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2018. The County's proportion measured as of June 30, 2018, and the change from its proportions measured as of June 30, 2017, were:

| ASRS    | Proportion June 30, 2018 | Increase (decrease) from June 30, 2017 |

| Pension | 0.7020                   | 0.0398                                 |

Expense – For the year ended June 30, 2019, the County recognized the following pension expense.

| ASRS    | Pension Expense |
|---------|-----------------|
| Pension | \$ 2,176        |

Deferred outflows/inflows of resources – At June 30, 2019, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| ASRS                                                                                                        | Deferred outflows of resources | Deferred inflows of resources |

The \$7,801 reported as deferred outflows of resources related to ASRS pensions resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as expenses as follows:

Actuarial Assumptions – The significant actuarial assumptions used to measure the total pension liability are as follows:

|                             |                     |
|-----------------------------|---------------------|

| Permanent benefit increase  | Included            |
| Mortality rates             | 2017 SRA Scale U-MP |

Actuarial assumptions used in the June 30, 2017, valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2016.

The long-term expected rate of return on ASRS pension plan investments was determined to be 7.5 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

| <u>ASRS</u>        |                          | <u>Long-term expected</u>            |
|--------------------|--------------------------|--------------------------------------|

| Real estate        | 20%                      | 5.85%                                |
| Total              | 100%                     |                                      |

Discount Rate – At June 30, 2018, the discount rate used to measure the total pension liability was 7.5 percent, which was a decrease of 0.5 from the discount rate used as of June 30, 2017. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the ASRS Board's funding policy, which establishes the contractually required rate under Arizona statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's proportionate share of the ASRS net pension liability to changes in the discount rate – The following table presents the County's proportionate share of the net pension liability calculated using the discount rate of 7.5 percent, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.5 percent) or 1 percentage point higher (8.5 percent) than the current rate:

Plan descriptions – County sheriff employees who are regularly assigned hazardous duty participate in the Public Safety Personnel Retirement System (PSPRS) or employees who became members on or after July 1, 2017, may participate in the Public Safety Personnel Defined Contribution Retirement Plan (PSPDCRP). The PSPRS administers an agent multiple-employer defined benefit pension plan. A nine-member board known as the Board of Trustees and the participating local boards govern the PSPRS according to the provisions of A.R.S. Title 38, Chapter 5, Article 4. Employees who were PSPRS members before July 1, 2017, participate in the agent plans, and those who became PSPRS members on or after July 1, 2017, participate in the cost-sharing plans (PSPRS Tier 3 Risk Pool) which are not further disclosed because of their relative insignificance to the County's financial statements.

County detention officers, county dispatchers, and Administrative Office of the Courts (AOC) probation, surveillance, and juvenile detention officers participate in the Corrections Officer Retirement Plan (CORP) or the Public Safety Personnel Defined Contribution Retirement Plan (PSPDCRP). The CORP administers an agent multiple-employer defined benefit pension plan for county detention officers and county dispatchers (agent plans), which were closed to new members as of July 1, 2018, and a cost-sharing multiple-employer defined benefit pension plan for AOC officers (cost-sharing plan). Employees who were CORP members before July 1, 2018, participate in CORP, and AOC Probation and surveillance officers who became members on or after July 1, 2018, participate in CORP or PSPDCRP. Detention officers, County dispatchers, and juvenile detention officers who became members on or after July 1, 2018, participate in PSPDCRP. The PSPRS Board of Trustees and the participating local boards govern CORP according to the provisions of A.R.S. Title 38, Chapter 5, Article 6.

The PSPRS issues a publicly available financial report that includes financial statements and required supplementary information for the PSPRS and CORP plans. The report is available on the PSPRS website at [www.psprs.com](http://www.psprs.com).

Benefits provided – The PSPRS and CORP provide retirement, disability, and survivor benefits. State statute establishes benefit terms. Retirement, disability, and survivor benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

Contributions – State statutes establish the pension contribution requirements for active PSPRS and CORP employees. In accordance with state statutes, annual actuarial valuations determine employer contribution requirements for PSPRS and CORP pension benefits. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. Contributions rates for the year ended June 30, 2019, are indicated below. Rates are a percentage of active members' annual covered payroll.

|                  | Active member-<br>pension | County-pension |
|------------------|---------------------------|----------------|
| PSPRS Sheriff    | 7.65% - 11.65%            | 42.20%         |

Actuarial assumptions used in the June 30, 2018, valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2016.

The long-term expected rate of return on PSPRS and CORP plan investments was determined to be 7.40 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of plan investment expenses and inflation) are developed for each major asset class. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Discount rates - At June 30, 2018, the discount rate used to measure the PSPRS and CORP total pension liabilities was 7.40 percent, which was the same as the discount rate used as of June 30, 2017. The projection of cash flows used to determine the discount rates assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between the actuarial determined contribution rate and the member rate. Based on those assumptions, the plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Contributions – State statutes establish active member and employer contribution requirements. Statute also appropriates \$5 million annually through fiscal year 2043 for the EORP from the State of Arizona to supplement the normal cost plus an amount to amortize the unfunded accrued liability, and designates a portion of certain court fees for the EORP. For the year ended June 30, 2019, statute required active EORP members to contribute 7 or 13 percent of the members' annual covered payroll and the County to contribute at the actuarially determined rate of 61.5 percent of all active EORP members' annual covered payroll. Also, statute required the County to contribute 49.86 percent to EORP of the annual covered payroll of elected officials and judges who were ASRS members and 55.5 percent to EORP of the annual covered payroll of elected officials and judges who were EODCRS members, in addition to the County's required contributions to ASRS and EODCRS for these elected officials and judges. The County's contributions to the pension plan for the year ended June 30, 2019, were \$1,645.

(Amounts expressed in thousands)

During fiscal year 2019, the county paid for EORP pension contributions as follows: 94% from the General Fund and 6% from other funds.

Liability – At June 30, 2019, the County reported a liability for its proportionate share of EORP's net pension liability that reflected a reduction for the County's proportionate share of the State's appropriation for EORP. The amount the County recognized as its proportionate share of the net pension liability, the related state support, and the total portion of the net pension liability that was associated with the County were as follows:

|                                                                                          |                  |
|------------------------------------------------------------------------------------------|------------------|
| County's proportionate share of the EORP net pension liability                           | \$ 22,005        |

|---------|--------------------------|----------------------------------------|
|         | %                        |                                        |

Actuarial assumptions used in the June 30, 2018, valuation were based on the results of an actuarial experience study for the 5-year period ended June 30, 2016.

The long-term expected rate of return on EORP plan investments was determined to be 7.40 percent using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Discount rate – At June 30, 2018, the discount rate used to measure the EORP total pension liability was 7.4 percent which was an increase of 3.49 from the discount rate used as of June 30, 2017. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate, employer contributions will be made at the actuarially determined rates, and State contributions will be made as currently required by statute. Based on those assumptions, the plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's proportionate share of the EORP net pension liability to changes in the discount rate – The following table presents the County's proportionate share of the net pension liability calculated using the discount rate of 7.4 percent, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.4 percent) or 1 percentage point higher (8.4 percent) than the current rate:

Plan fiduciary net position – Detailed information about the plan's fiduciary net position is available in the separately issued EORP financial report.

EODCRS plan - Elected officials and judges who are not members of EORP or ASRS participate in the EODCRS and the Elected Officials Defined Contribution Retirement System Disability Program (EODCDP). The EODCRS is a defined contribution pension plan. The EODCDP is a cost-sharing multiple-employer defined benefit disability (OPEB) plan for EODCRS members. The PSPRS Board of Trustees governs the EODCRS and EODCDP according to the provisions of A.R.S. Title 38, Chapter 5, Articles 3.1 and 3.2. Benefit terms, including contribution requirements, are established by state statute. The EODCDP is not further disclosed because of its relative insignificance to the County's financial statements.

For the year ended June 30, 2019, active EODCRS members were required by statute to contribute 8 percent of the members' annual covered payroll, and the County was required by statute to contribute 6 percent active members' annual covered payroll to an individual employee account. Employees are immediately vested in their own contributions and the County's contributions to the individual account and the earnings on those contributions. For the year ended June 30, 2019, the County recognized pension expense of \$59.

Note 12 - County Treasurer's Investment Pool

Arizona Revised Statutes require community colleges, school districts, and other local governments to deposit certain public monies with the County Treasurer. The Treasurer has a fiduciary responsibility to administer those and the County monies under her stewardship. The Treasurer invests, on a pool basis, all idle monies not specifically invested for a fund or program. In addition, the Treasurer determines the fair value of those pooled investments annually at June 30.

The County Treasurer's investment pool is not registered with the Securities and Exchange Commission as an investment company and there is no regulatory oversight of its operations. The pool's structure does not provide for shares and the County has not provided or obtained any legally binding guarantees to support the value of the participants' investments.

The Treasurer allocates interest earnings to each of the pool's participants. However, for the County's monies in the pool the Board of Supervisors authorized \$615 of interest earned in certain other funds to be transferred to the General Fund.

Substantially, all deposits and investments of the County's primary government are included in the County Treasurer's investment pool, except for \$113 in cash on hand, \$12,837 cash and investments held by trustee, \$411 of investments in the State Treasurer's Investment Pool, \$51 in Certificates of Deposit, and \$1,459 of other deposits. Therefore, the deposit and investment risks of the Treasurer's investment pool are substantially the same as the County's deposit and investment risks exclusive of the investments just described above. See Note 4 for disclosure of the County's deposit and investment risks.

**Note 13 - Stewardship, Compliance and Accountability**

At June 30, 2019 the following funds reported deficits in fund balance or net position.

| Fund                           | Deficit |
|--------------------------------|---------|
| <b>Governmental Funds</b>      |         |
| Miscellaneous Grants           | \$ 57   |
| <b>Internal Service Funds</b>  |         |
| Public Works Fleet Management  | \$ 155  |
| Pinai County Employee Benefits | 71      |

The deficit in fund balance for Miscellaneous Grants fund is attributed to the deferring of certain grant revenues. The County accrues grant revenue received within 60 days after year-end, as it is available and measurable. Revenues received after 60 days are considered not available and therefore not accrued.

The deficit in net position for the Public Works Fleet Management fund is attributed both to the reporting of noncurrent net pension liabilities as a result of GASB Statement No. 68, Accounting and Financial Reporting for Pensions and results from operations during the year and is expected to be corrected in future periods.

The deficit in net position for the Pinai County Employee Benefits fund is attributed to results from operations during the year, specifically higher premiums for medical services, and is expected to be corrected during normal operations in fiscal year 2020.

**Note 14 - Subsequent Events**

On September 10, 2019, the County issued Pledged Revenue Obligations, Series 2019, for \$56,330 with interest rates ranging from 3.00% to 5.00% and maturing from August 1, 2026 to August 1, 2044. The proceeds will be used for the construction of two County complex's in San Tan Valley and the City of Maricopa, and two new County buildings in the Town of Florence which will support multiple County departments.

The County recognizes that the note payable to the Arizona Department of Housing of \$487, referenced in Note 9, has reached maturity on September 30, 2019, and therefore was forgiven in accordance with the loan agreement.

Subsequent to year-end, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. Specific to the County, COVID-19 may impact various parts of 2020 operations and financial results including, but not limited to, costs for emergency preparedness and shortages of personnel. Management believes the County is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated as these events occurred subsequent to year-end and are still developing.

**Note 1 – Budgeting and Budgetary Control**

A.R.S. requires the County to prepare and adopt a balanced budget annually for each governmental fund. The Board of Supervisors must approve such operating budgets on or before the third Monday in July to allow sufficient time for the legal announcements and hearings required for the adoption of the property tax levy on the third Monday in August. A.R.S. prohibits expenditures or liabilities in excess of the amounts budgeted.

Expenditures may not legally exceed appropriations at the department level. In certain instances, transfers of appropriations between departments or from the contingency account to a department may be made upon the Board of Supervisors' approval. For the fiscal year ended June 30, 2018 the Board of Supervisors elected to not appropriate transfers from the contingency account at the department level.

**Note 2 - Budgetary Basis of Accounting**

The County's budget is prepared on a basis consistent with U.S. generally accepted accounting principles except for the following unbudgeted items:

- The County did not legally adopt an annual budget for the Accommodation School.
- Present value of net minimum capital lease payments.

**Note 2 – Factors that affect trends**

Arizona courts have ruled that provisions of a 2011 law that changed the mechanism for funding permanent pension benefit increases and increased employee pension contribution rates were unconstitutional or a breach of contract because those provisions apply to individuals who were members as of the law's effective date. As a result, PSPRS, CORP, CORP-AOC and EORP changed benefit terms to reflect the prior mechanism for funding permanent benefit increases for those members and revised actuarial assumptions to explicitly value future permanent benefit increases. PSPRS and EORP also reduced those members' employee contribution rates. These changes are reflected in the plans' pension liabilities for fiscal year 2015 (measurement date 2014) for members who were retired as of the law's effective date and fiscal year 2018 (measurement date 2017) for members who retired or will retire after the law's effective date. These changes increased the PSPRS, CORP, and CORP-AOC required pension contributions beginning in fiscal year 2016 for members who were retired as of the law's effective date. These changes increased the PSPRS, CORP, and CORP-AOC required contributions beginning in fiscal year 2019 for members who retired or will retire after the law's effective date. EORP required contributions are not based on actuarial valuations, and therefore, these changes did not affect them. PSPRS and CORP allowed the County to phase in the increased contributions for members who were retired as of the law's effective date over 3 years. As a result, the County's pension contributions were less than the actuarially determined contributions for 2016 and 2017. Also, the County refunded excess employee contributions to PSPRS and EORP members. PSPRS and EORP allowed the County to reduce its actual employer contributions for the refund amounts. As a result, the County's pension contributions were less than the actuarially or statutorily determined contributions for 2018 and 2019.

The fiscal year 2019 (measurement date 2018) pension liabilities for EORP and CORP reflect the replacement of the permanent benefit increase (PBI) for retirees based on investment returns with a cost of living adjustment based on inflation. Also, the EORP liability and required pension contributions for fiscal year 2019 reflect a statutory change that requires the employer contribution rate to be actuarially determined. This change increased the discount rate used to calculate the liability thereby reducing the total pension liability.
